

As of September 30, 2020 NC SOAR Outcomes

Total usable outcomes reports received*	3,630	
Total Approved	2,722	
Total Denied	893	
Total Death Before Decision	16	
Average time between completion of application and determination for initial applications	103 days	
Median number of days between completion of application and determination on initial applications	88 days	
Percentage of caseworkers becoming the 1696	98%	
Average length of time homeless	2 years, 11 months	
Percentage of applications approved (not including deaths before decisions)	75%	
Percentage that required CE	36%	
Amount of income brought into state since June 2, 2010 (includes first year of annual income and back pay awarded to applicants)	\$36,935,617.63	

^{*}Outcome reports are cumulative and are based on data received since 2008. Some outcomes forms are received and do not have enough completed fields to be considered 'usable' for the purposes of data collection. Appropriate follow-up is done with submitting caseworkers, but when no further information is available we consider these submitted forms to be unusable. Outcomes include cases at three stages: Initial Applications, Reconsiderations, and Appeals.
