2014 Scorecard for CoC Funds: Renewal Projects

This scorecard will be used by the Balance of State Project Review Committee to score applications for renewal projects.

This scorecard has five goals:

- Fund organizations that have the capacity to run effective programs (can manage and administer the program, can operate on reimbursement basis, have experience serving this population or a similar one)
- Fund projects that reflect the Balance of State Continuum of Care & HUD's priorities: permanent supportive housing and serving the chronically homeless and veterans
- Incentivize agencies to be good partners (participating in community efforts to end homelessness, on HMIS, helping create infrastructure for their community's homeless service system to operate effectively throughout the year)
- Incentivize regional committees to strengthen their performance and capacity
- Ensure that funded projects are being good stewards of BoS CoC funding and performing to BoS CoC standards
