

Before Starting the Exhibit 1 Continuum of Care (CoC) Application

HUD strongly encourages ALL applicants to review the following information BEFORE beginning the 2010 Exhibit 1 Continuum of Care (CoC) Application.

Training resources are available online at: www.hudhre.info/esnaps - Training modules are available to help complete or update the Exhibit 1 application, including attaching required forms. - The HUD HRE Virtual Help Desk is available for submitting technical and policy questions.

Things to Remember

- Review the 2010 Notice of Funding Availability for the Continuum of Care (CoC) Homeless Assistance Program in its entirety for specific application and program requirements.
- CoCs that applied in the 2009 competition and selected the bring forward option during CoC Registration must be careful to review each question in the Exhibit 1. Questions may have changed or been removed so the information brought forward may or may not be relevant. Not all questions will have information brought forward. For those questions, you must enter response manually. Be sure to review the application carefully. Verify and update as needed to ensure accuracy.
- New CoCs or CoCs that did not apply in 2009 will not have pre-populated information and must complete all Exhibit 1 forms.
- There are character limits for the narrative sections of the application and the amounts are listed accordingly. It is recommended that CoCs first write narrative responses in Microsoft Word and then cut and paste into e-snaps.

1A. Continuum of Care (CoC) Identification

Instructions:

The fields on this screen are read only and reference the information entered during the CoC Registration process. Updates cannot be made at this time. If the information on this screen is not correct, contact the HUD Virtual Help Desk at www.hudhre.info.

CoC Name and Number (From CoC Registration): NC-504 - Greensboro/High Point CoC

CoC Lead Agency Name: Homeless Prevention Coalition of Guilford County

1B. Continuum of Care (CoC) Primary Decision-Making Group

Instructions:

The following questions are related to the CoC primary decision-making group. The primary responsibility of this group is to manage the overall planning effort for the entire CoC, including, but not limited to:

- Setting agendas for full Continuum of Care meetings
- Project monitoring
- Determining project priorities
- Providing final approval for the CoC application submission.

This body is also responsible for the implementation of the CoC's HMIS, either through direct oversight or through the designation of an HMIS implementing agency. This group may be the CoC Lead Agency or may authorize another entity to be the CoC Lead Agency under its direction.

Name of primary decision-making group: Homeless Prevention Coalition of Guilford County (dba Partners Ending Homelessness)

Indicate the frequency of group meetings: Monthly or more

If less than bi-monthly, please explain (limit 500 characters):

Indicate the legal status of the group: 501(c)(3)

Specify "other" legal status:

Indicate the percentage of group members that represent the private sector: (e.g., non-profit providers, homeless or formerly homeless persons, advocates and consumer interests) 75%

*** Indicate the selection process of group members: (select all that apply)**

Elected:	<input type="checkbox"/>
Assigned:	<input checked="" type="checkbox"/>
Volunteer:	<input checked="" type="checkbox"/>
Appointed:	<input type="checkbox"/>
Other:	<input checked="" type="checkbox"/>

Specify "other" process(es):

Membership on the Homeless Prevention Coalition of Guilford County (dba Partners Ending Homelessness) Provider Coalition is open to all interested organizations and community members and is advertised on the Partners Ending Homelessness Web site (www.partnersendinghomelessness.org).

Briefly describe the selection process of group members. Description should include why this process was established and how it works (limit 750 characters):

Most governmental agencies and private service providers appoint a representative to the Partners Ending Homelessness (PEH) Provider Coalition. Again, membership is open to all interested organizations and community members. Each organization or individual is entitled to one vote on decision-making matters. Funding recommendations are made by a committee whose members are not allowed to be applying for the funding being considered. The primary decision-making body votes on recommendations.

*** Indicate the selection process of group leaders: (select all that apply):**

Elected:	<input checked="" type="checkbox"/>
Assigned:	<input type="checkbox"/>
Volunteer:	<input type="checkbox"/>
Appointed:	<input type="checkbox"/>
Other:	<input checked="" type="checkbox"/>

Specify "other" process(es):

The Homeless Prevention Coalition of Guilford County (dba Partners Ending Homelessness (PEH)) Board of Directors is assembled by the Board Development Committee, which includes members of the PEH Provider Coalition. The PEH Board Development Committee identifies skills needed by the Board to be successful and identifies and recruits nominees for Board positions, a process established by the open membership of the PEH Provider Coalition when the CoC lead and Ten Year Plan lead merged. The Board is a diverse group of individuals reflecting the community demographics and includes members who represent: homeless or formerly homeless; the public and private sectors; all geographic codes in the CoC; and all homeless client subpopulations. Most governmental agencies and private service providers appoint a representative to the PEH Board. The PEH Board of Directors is the primary decision-making body for the CoC and votes on committee recommendations.

If administrative funds were made available to the CoC, would the primary-decision making body, or its designee, have the capacity to be responsible for activities such as applying for HUD funding and serving as a grantee, providing project oversight, and monitoring. Explain (limit 750 characters):

The primary decision-making body, Partners Ending Homelessness (PEH), has the capacity to apply for HUD funding, serve as a grantee and provide project oversight and monitoring. The creation of the consolidated PEH organization enables the CoC to achieve a coordinated effort with one voice, increase advocacy and education, consolidate efforts to increase resources for ending homelessness and improve the efficiency and accountability of services while providing administrative oversight. PEH has four dedicated staff to manage the CoC and Ten Year Plan Implementation within Guilford County. In addition, the organization partners with the United Ways, local foundations, and government to monitor and review grant applications and activities.

1C. Continuum of Care (CoC) Committees, Subcommittees and Work Groups

Instructions:

Provide information on up to five of the CoCs most active CoC-wide planning committees, subcommittees, and workgroups. CoCs should only include information on those groups that are directly involved in CoC-wide planning activities such as project review and selection, discharge planning, disaster planning, completion of the Exhibit 1 application, conducting the point-in-time count, and 10-year plan coordination. For each group, briefly describe the role and how frequently the group meets. If one of more of the groups meet less than quarterly, please explain.

For additional instructions, refer to the *Exhibit 1 Detailed Instructions* which can be accessed on the left-hand menu bar.

Committees and Frequency

Name of Group	Role of Group (limit 750 characters)	Meeting Frequency
Homeless Prevention Coalition of Guilford County (dba Partners Ending Homelessness)	In July 2010, the NC-504 CoC consolidated its Homeless Prevention Coalition of Guilford County (CoC lead) and Partners Ending Homelessness (Ten Year Plan lead). Now, the unified CoC and TYP lead entity does business as Partners Ending Homelessness (PEH). PEH is a diverse, community-based organization working to end homelessness in Guilford County, NC, and its Board of Directors reflects this diversity. The Board is strengthened by the efforts of the Board Development, Resource Development and Finance Committees. As the lead organization and primary decision-making group of the CoC, PEH oversees all committee work, and has an Executive Committee, which develops action teams to assist in meeting CoC/TYP goals and oversees PEH personnel.	Monthly or more
PEH Provider Coalition	The PEH Provider Coalition assists in developing and implementing strategies to end homelessness, inclusive of Guilford County's Ten Year Plan and the five CoC Strategic Planning Objectives outlined by HUD. The PEH Provider Coalition also provides input on funding priorities and new initiatives, and identifies service gaps, improves coordination of services. The PEH Provider Coalition discusses HMIS implementation issues, training, and action items related to CHIN (Carolina Homeless Information Network) and AHAR. The Coalition reviews CoC and agency-level data quality in CHIN's monthly reports, and uses data to monitor performance of CoC projects.	Monthly or more
PEH Assessment and Evaluation Committee	This committee evaluates program outcomes; recommends strategies for improvement; and analyzes the needs in the CoC. This committee oversees the work of the Data Collection & Reporting Committee (DCRC) and the Granting Committee (GC). The DCRC ensures quality data collection and findings; oversees implementation of HMIS and the users group; and conducts the annual Point in Time count. The GC establishes priorities and policies; oversees a competitive process for local funds; and conducts the review and rating of CoC projects. GC members may not be funded by HUD or the City of Greensboro. After CoC projects are reviewed, scored and ranked, the GC sends it to the applicants and the PEH Board of Directors for approval and vote.	quarterly (once each quarter)

<p>PEH Prevention and Supportive Services Action Teams</p>	<p>The Action Teams are: Education & Job Training; Interfaith; Continuum of Care (CoC); Discharge Planning; Direct Service Provider Network; and the Coordinated Portal of Entry System, which includes the Interactive Resource Center Advisory Council, High Point Community Resource Network & High Point Day Center Task Force. The CoC Action Team increases awareness, access, and coordination between mainstream supportive services and housing providers to enhance the delivery of services and housing to homeless clients. This action team conducts service provider trainings and focuses on TYP strategies/initiatives - Housing First; Rapid Re-housing; Street to Home; Housing Opportunities & Education; SOAR; Eviction Prevention; and ACCESS to Care.</p>	<p>Monthly or more</p>
<p>PEH Advocacy & Marketing Action Team</p>	<p>The PEH Advocacy & Marketing Action Team develops strategies for educating the general public, elected officials, the Faith community, business and civic groups about implementation of the ten year plan and housing first. This Action Team encourages public understanding of the causes and conditions of homelessness and leads a strong and stable system of care for individuals and families to reduce homelessness in Guilford County. Lastly, it educates the community about the PEH vision to improve the quality of life for all residents of Guilford County by ending chronic homelessness and reducing all types of homelessness by 2016. (See www.partnersendinghomelessness.org.)</p>	<p>Monthly or more</p>

If any group meets less than quarterly, please explain (limit 750 characters):

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name; Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership; Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented; No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: West End Ministries

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Faith-based organizations
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Committee/Sub-committee/Work Group, Attend
(select all that apply) 10-year planning meetings during past 12 months

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? Yes

Services provided to homeless persons and families: Education, Case Management, Life Skills, Employment
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name; Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership; Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented; No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Westminster Presbyterian Church

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Faith-based organizations
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend 10-year planning meetings during past 12 months, Attend Consolidated Plan focus groups/public forums during past 12 months
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name; Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.

- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented; No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Senn Dunn

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Businesses
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend 10-year planning meetings during past 12 months
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name; Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership; Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented; No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: The Todd Organization

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Businesses
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend 10-year planning meetings during past 12 months
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name; Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership; Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented; No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Guilford County Sheriff's Office

Type of Membership: Public Sector
(public, private, or individual)

Type of Organization: Law enforcement/corrections
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend 10-year planning meetings during past 12 months
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? Yes

Services provided to homeless persons and families: Law Enforcement
(select all that apply)

1E. Continuum of Care (CoC) Project Review and Selection Process

Instructions:

The CoC solicitation of projects and the project selection process should be conducted in a fair and impartial manner. For each of the following items, indicate all of the methods and processes the CoC used in the past year to assess the performance, effectiveness, and quality of all requested new and renewal project(s).

In addition, indicate if any written complaints have been received by the CoC regarding any CoC matter in the last 12 months, and how those matters were addressed and/or resolved.

Open Solicitation Methods: (select all that apply) f. Announcements at Other Meetings, e. Announcements at CoC Meetings, c. Responsive to Public Inquiries, b. Letters/Emails to CoC Membership, d. Outreach to Faith-Based Groups

Rating and Performance Assessment Measure(s): (select all that apply) b. Review CoC Monitoring Findings, k. Assess Cost Effectiveness, q. Review All Leveraging Letters (to ensure that they meet HUD requirements), c. Review HUD Monitoring Findings, r. Review HMIS participation status, d. Review Independent Audit, p. Review Match, i. Evaluate Project Readiness, e. Review HUD APR for Performance Results, n. Evaluate Project Presentation, o. Review CoC Membership Involvement, f. Review Unexecuted Grants, a. CoC Rating & Review Committee Exists, m. Assess Provider Organization Capacity, l. Assess Provider Organization Experience

Voting/Decision-Making Method(s): (select all that apply) a. Unbiased Panel/Review Committee, d. One Vote per Organization, b. Consumer Representative Has a Vote, f. Voting Members Abstain if Conflict of Interest

Were there any written complaints received by the CoC regarding any matter in the last 12 months? No

If yes, briefly describe complaint and how it was resolved (limit 750 characters):

1F. Continuum of Care (CoC) Housing Inventory Count--Change in Beds Available

For each housing type, indicate if there was a change (increase or reduction) in the total number of beds counted in the 2010 Housing Inventory Count (HIC) as compared to the 2009 HIC. If there was a change, please describe the reasons in the space provided for each housing type. If the housing type does not exist in your CoC, please select "Not Applicable" and indicate that in the text box for that housing type.

Emergency Shelter: Yes

Briefly describe the reason(s) for the change in Emergency Shelter beds, if applicable (limit 750 characters):

Based on HUD's housing inventory resources, Greensboro Urban Ministry reduced its ES bed count for households with children by 22 to better reflect its average family size of 3 persons. Many of the Pathways beds in family units were unavailable for occupancy. The Salvation Army of High Point and Greensboro shifted ES beds between households with children and households without children to address changing client populations, but neither facility had a total ES bed count change. Lastly, the CoC lowered its seasonal bed count from 120 beds in 2009 to 109 beds in 2010.

Safe Haven: Not Applicable

Briefly describe the reason(s) for the change in Safe Haven beds, if applicable (limit 750 characters):

Transitional Housing: Yes

Briefly describe the reason(s) for the change in Transitional Housing beds, if applicable (limit 750 characters):

Family Service of the Piedmont (Clara House) decreased its TH bed count by 3 due to shifts between households with children and households without children. I Am Now added 3 TH beds for households without children to their inventory. Recovery Innovations opened 9 new TH beds. Malachi House downsized from 80 to 51 TH beds in 2009, and it only set aside 20 of the 51 TH beds for homeless persons without children. Youth Focus (My Sister Susan's House) had 8 TH beds under development at the PIT (6 for households with children and 2 for households without children).

Permanent Housing: Yes

Briefly describe the reason(s) for the change in Permanent Housing beds, if applicable (limit 750 characters):

Greensboro Housing Authority (GHA) had several changes in its PH bed inventory. In the past, GHA over-vouchered and served more clients in several of its programs. It has since returned its programs to bed inventories which are aligned with funding. GHA also operates "floating" beds, so bed inventories change based on client population. Overall, GHA reduced PH beds for households with children by 16 and reduced PH beds for households without children by 7. The City of High Point increased its PH beds for households without children by 3. The HDX eHIC highlights beds that are under development in the CoC.

CoC certifies that all beds for homeless persons were included in the Housing Inventory Count (HIC) as reported on the Homelessness Data Exchange (HDX), regardless of HMIS participation and HUD funding: Yes

1G. Continuum of Care (CoC) Housing Inventory Count - Data Sources and Methods

Instructions:

Complete the following items based on data collection methods and reporting for the Housing Inventory Count (HIC), including Unmet need determination. The information should be based on a survey conducted in a 24-hour period during the last ten days of January 2010. CoCs were expected to report HIC data on the Homelessness Data Exchange (HDX).

Indicate the type of data sources or methods used to complete the housing inventory count: (select all that apply) HMIS plus housing inventory survey

Indicate the steps taken to ensure the accuracy of the data collected and included in the housing inventory count: (select all that apply) Follow-up, Instructions, Updated prior housing inventory information, Confirmation, Training, HMIS

Must specify other:

Indicate the type of data or method(s) used to determine unmet need: (select all that apply): Unsheltered count, HUD unmet need formula, Other, Housing inventory, Provider opinion through discussion or survey forms

Specify "other" data types:

Sheltered count

If more than one method was selected, describe how these methods were used together (limit 750 characters):

The HUD unmet need formula was the only method used for the emergency shelter, transitional housing, and permanent housing calculations. However, the CoC used all of the other selected methods to obtain the necessary data that is plugged into the HUD unmet need formula. The CoC used provider opinion through discussion to determine seasonal unmet need.

2A. Homeless Management Information System (HMIS) Implementation

Intructions:

All CoCs are expected to have a functioning Homeless Management Information System (HMIS). An HMIS is a computerized data collection application that facilitates the collection of information on homeless individuals and families using residential or other homeless services and stores that data in an electronic format. CoCs should complete this section in conjunction with the lead agency responsible for the HMIS. All information should reflect the status of HMIS implementation as of the date of application submission.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

- Select the HMIS implementation coverage area:** Regional (multiple CoCs)

- Select the CoC(s) covered by the HMIS: (select all that apply)** NC-507 - Raleigh/Wake County CoC, NC-509 - Gastonia/Cleveland, Gaston, Lincoln Counties CoC, NC-513 - Chapel Hill/Orange County CoC, NC-504 - Greensboro/High Point CoC, NC-501 - Asheville/Buncombe County CoC, NC-502 - Durham City & County CoC, NC-506 - Wilmington/Brunswick, New Hanover, Pender Counties CoC, NC-511 - Fayetteville/Cumberland County CoC, NC-516 - Northwest North Carolina CoC, NC-503 - North Carolina Balance of State CoC, NC-500 - Winston Salem/Forsyth County CoC

- Is the HMIS Lead Agency the same as the CoC Lead Agency?** No

- Does the CoC Lead Agency have a written agreement with the HMIS Lead Agency?** Yes

- Has the CoC selected an HMIS software product?** Yes

- If "No" select reason:**

- If "Yes" list the name of the product:** ServicePoint

- What is the name of the HMIS software company?** Bowman Systems, Inc.

- Does the CoC plan to change HMIS software within the next 18 months?** No

- Indicate the date on which HMIS data entry started (or will start): (format mm/dd/yyyy)** 05/01/2006

- Indicate the challenges and barriers impacting the HMIS implementation: (select all the apply):** Inadequate staffing, No or low participation by non-HUD funded providers, Inadequate resources

If CoC indicated that there are no challenges or barriers impacting HMIS implementation, briefly describe either why CoC has no challenges or how all barriers have been overcome (limit 1000 characters).

If CoC identified one or more challenges or barriers impacting HMIS implementation, briefly describe how the CoC plans to overcome them (limit 1000 characters).

The CoC's primary challenge impacting HMIS implementation is ensuring that non-HUD funded providers maintain a high level of data quality. The CoC's agencies are working diligently to ensure they have the appropriate resources and adequate staffing for HMIS implementation, and they have made significant progress over the past year or more. Overvoucher in permanent housing programs and/or shifts in family/individual populations continue to create bed inventory issues for the CoC, and the CoC is working closely with CHIN to ensure that beds are properly entered into the system.

2B. Homeless Management Information System (HMIS) Lead Agency

Enter the name and contact information for the HMIS Lead Agency. This is the organization responsible for implementing the HMIS within a CoC. There may only be one HMIS Lead Agency per CoC.

Organization Name North Carolina Housing Coalition

Street Address 1 118 St. Mary's Street

Street Address 2

City Raleigh

State North Carolina

Zip Code 27605

Format: xxxxx or xxxxx-xxxx

Organization Type Non-Profit

If "Other" please specify

Is this organization the HMIS Lead Agency in more than one CoC? Yes

2C. Homeless Management Information System (HMIS) Contact Person

Enter the name and contact information for the primary contact person at the HMIS Lead Agency.

Prefix: Ms.

First Name Laura

Middle Name/Initial

Last Name McDuffee

Suffix

Telephone Number: 336-455-7316
(Format: 123-456-7890)

Extension

Fax Number: 919-881-0350
(Format: 123-456-7890)

E-mail Address: lmcduffee@nchousing.org

Confirm E-mail Address: lmcduffee@nchousing.org

2D. Homeless Management Information System (HMIS) Bed Coverage

Instructions:

HMIS bed coverage measures the level of provider participation in a CoC's HMIS. Participation in HMIS is defined as the collection and reporting of client level data either through direct data entry into the HMIS or into an analytical database that includes HMIS data on an at least annual basis.

HMIS bed coverage is calculated by dividing the total number of year-round beds located in HMIS-participating programs by the total number of year-round beds in the Continuum of Care (CoC), after excluding beds in domestic violence (DV) programs. HMIS bed coverage rates must be calculated separately for emergency shelters, transitional housing, and permanent supportive housing.

The 2005 Violence Against Women Act (VAWA) Reauthorization bill restricts domestic violence provider participation in HMIS unless and until HUD completes a public notice and comment process. Until the notice and comment process is completed, HUD does not require nor expect domestic violence providers to participate in HMIS. HMIS bed coverage rates are calculated excluding domestic violence provider beds from the universe of potential beds.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

Indicate the HMIS bed coverage rate (%) for each housing type within the CoC. If a particular housing type does not exist anywhere within the CoC, select "Housing type does not exist in CoC" from the drop-down menu.

* Emergency Shelter (ES) Beds	86%+
* Safe Haven (SH) Beds	No beds in CoC
* Transitional Housing (TH) Beds	86%+
* Permanent Housing (PH) Beds	76-85%

How often does the CoC review or assess its HMIS bed coverage? At least Quarterly

If bed coverage is 0-64%, describe the CoC's plan to increase this percentage during the next 12 months:

2E. Homeless Management Information System (HMIS) Data Quality

Instructions:

HMIS data quality refers to the extent that data recorded in an HMIS accurately reflects the extent of homelessness and homeless services in a local area. In order for the HMIS to present accurate and consistent information on homelessness, it is critical that an HMIS have the best possible representation of reality as it relates to homeless people and the programs that serve them. Specifically, it should be a CoCs goal to record the most accurate, consistent and timely information in order to draw reasonable conclusions about the extent of homelessness and the impact of homeless services in its local area. Answer the questions below related to the steps the CoC takes to ensure the quality of its data. In addition, CoCs will indicate their participation in the Annual Homelessness Assessment Report (AHAR) for 2009 and 2010 as well as whether or not they plan to contribute data to the Homelessness Pulse project in 2010.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Indicate the percentage of unduplicated client records with null or missing values on a day during the last ten days of January 2010.

Universal Data Element	Records with no values (%)	Records where value is refused or unknown (%)
* Social Security Number	0%	4%
* Date of Birth	0%	0%
* Ethnicity	0%	0%
* Race	0%	0%
* Gender	0%	0%
* Veteran Status	1%	2%
* Disabling Condition	6%	3%
* Residence Prior to Program Entry	1%	2%
* Zip Code of Last Permanent Address	1%	11%
* Name	0%	0%

How frequently does the CoC review the quality of client level data? At least Monthly

How frequently does the CoC review the quality of program level data? At least Monthly

Describe the process, extent of assistance, and tools used to improve data quality for agencies participating in the HMIS (limit 750 characters):

CHIN uses comparative reporting to assist agencies as they improve their client and program data. The primary report is the monthly Data Quality Report that provides agencies and our CoC with an overview of data completeness, utilization rates, and inventory. Additionally, agencies may request a report at any time during the month. Standardized ServicePoint reports are available continuously including: APR data; clients served; and clients not served. For agencies that need improvement, on-site and on-line data entry technical assistance and training are available at no charge to agencies. In extreme cases, contract data entry assistance is available for agencies to help them catch up on data entry. Our CoC reviews data quality monthly.

Describe the existing policies and procedures used to ensure that valid program entry and exit dates are recorded in the HMIS (limit 750 characters):

A commitment to accurate data entry, including program entry and exit dates, begins when agencies sign their Agency Participation Agreement. In this contract, agencies agree to adhere to CHIN's Standard Operating Policies which explicitly cover all HUD required data elements. Agencies and end users are reminded of the policies again during certification training. Program entry and exit dates are covered specifically in all training materials. Program enrollment figures are included as elements on CHIN's monthly Data Quality Reports. CHIN staff can generate a report for participating agencies that lists all clients with their program entry and exit dates and indications of fields that remain incomplete.

Indicate which reports the CoC or subset of the CoC submitted usable data: (Select all that apply) 2009 AHAR, 2009 AHAR Supplemental Report on Homeless Veterans

Indicate which reports the CoC or subset of the CoC plans to submit usable data: (Select all that apply) 2010 AHAR Supplemental Report on Homeless Veterans, 2010 AHAR

Does your CoC plan to contribute data to the Homelessness Pulse project in 2010? No

2F. Homeless Management Information System (HMIS) Data Usage

Instructions:

CoCs can use HMIS data for a variety of applications. These include, but are not limited to, using HMIS data to understand the characteristics and service needs of homeless people, to analyze how homeless people use services, and to evaluate program effectiveness and outcomes.

In this section, CoCs will indicate the frequency in which it engages in the following.

- Integrating or warehousing data to generate unduplicated counts
- Point-in-time count of sheltered persons
- Point-in-time count of unsheltered persons
- Measuring the performance of participating housing and service providers
- Using data for program management
- Integration of HMIS data with data from mainstream resources

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Indicate the frequency in which the CoC uses HMIS data for each of the following:

Integrating or warehousing data to generate unduplicated counts:	At least	Semi-annually
Point-in-time count of sheltered persons:	At least	Semi-annually
Point-in-time count of unsheltered persons:	At least	Semi-annually
Measuring the performance of participating housing and service providers:	At least	Semi-annually
Using data for program management:	At least	Annually
Integration of HMIS data with data from mainstream resources:	Never	

2G. Homeless Management Information System (HMIS) Data and Technical Standards

Instructions:

In order to enable communities across the country to collect homeless services data consistent with a baseline set of privacy and security protections, HUD has published HMIS Data and Technical Standards. The standards ensure that every HMIS captures the information necessary to fulfill HUD reporting requirements while protecting the privacy and informational security of all homeless individuals.

Each CoC is responsible for ensuring compliance with the HMIS Data and Technical Standards. CoCs may do this by completing compliance assessments on a regular basis and through the development of an HMIS Policy and Procedures manual. In the questions below, CoCs are asked to indicate the frequency in which they complete compliance assessment.

For additional instructions, refer to the *Exhibit 1 Detailed Instructions* which can be accessed on the left-hand menu bar.

For each of the following HMIS privacy and security standards, indicate the frequency in which the CoC and/or HMIS Lead Agency complete a compliance assessment:

* Unique user name and password	At least Annually
* Secure location for equipment	At least Annually
* Locking screen savers	At least Annually
* Virus protection with auto update	At least Annually
* Individual or network firewalls	At least Annually
* Restrictions on access to HMIS via public forums	At least Annually
* Compliance with HMIS Policy and Procedures manual	At least Annually
* Validation of off-site storage of HMIS data	At least Annually

How often does the CoC Lead Agency assess compliance with the HMIS Data and Technical Standards? At least Annually

How often does the CoC Lead Agency aggregate data to a central location (HMIS database or analytical database)? Never

Does the CoC have an HMIS Policy and Procedures manual? Yes

If 'Yes' indicate date of last review or update by CoC: 10/11/2010

If 'No' indicate when development of manual will be completed (mm/dd/yyyy):

2H. Homeless Management Information System (HMIS) Training

Instructions:

Providing regular training opportunities for homeless assistance providers that are participating in a local HMIS is a way that CoCs can ensure compliance with the HMIS Data and Technical Standards. In the section below, CoCs will indicate how frequently they provide certain types of training to HMIS participating providers.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Indicate the frequency in which the CoC or HMIS Lead Agency offers each of the following training activities:

* Privacy/Ethics training	At least Monthly
* Data Security training	At least Monthly
* Data Quality training	At least Monthly
* Using Data Locally	At least Quarterly
* Using HMIS data for assessing program performance	At least Semi-annually
* Basic computer skills training	At least Monthly
* HMIS software training	At least Monthly

2I. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulation: Point-In-Time (PIT) Count

Instructions:

Although CoCs are only required to conduct a one-day point-in-time count every two years, HUD strongly encourages CoCs to conduct a point-in-time count annually, if resources allow. The purpose of the point-in-time count is to further understand the number and characteristics of people sleeping in shelters, on the streets, or in other locations not meant for human habitation.

Below, CoCs will indicate how frequently they will conduct a point-in-time count and what percentage of their homeless service providers participate. CoCs are also asked to describe whether or not there were differences between the most recent point-in-time count and the one prior. CoCs should indicate in the narrative which years they are comparing.

How frequently does the CoC conduct a point-in-time count? annually (every year)

Enter the date in which the CoC plans to conduct its next point-in-time count: 01/26/2011
(mm/dd/yyyy)

Indicate the percentage of homeless service providers supplying population and subpopulation data for the point-in-time count that was collected via survey, interview, and/or HMIS.

Emergency Shelter: 100%
Transitional Housing: 100%

Comparing the most recent point-in-time count to the previous point-in-time count, describe any factors that may have resulted in an increase, decrease, or no change in both the sheltered and unsheltered population counts (limit 1500 characters).

The overall or total number of sheltered persons and unsheltered persons remained fairly stable from the 2009 to 2010 point-in-time count. The CoC reported 342 persons in households with children (at least one adult and children only households combined) in both 2009 and 2010. The primary changes for this population was there were more households with fewer children and a few more persons in transitional housing versus emergency. However, the changes were slight. The number of unsheltered persons in households with children went down by 7 persons (12 reported in 2009 and 5 reported in 2010.).

The numbers for households without children were also fairly stable from 2009 to 2010. In 2010, the CoC reported 728 sheltered and unsheltered persons in 721 households without children, which was down from the 2009 report of 736 sheltered and unsheltered persons in 730 households without children. The primary changes in the households without children category were 13 more unsheltered persons were counted in 2010, and more sheltered persons were residing in transitional housing versus emergency shelter during the 2010 count as compared with the 2009 count.

In summary, there were no significant differences in the results of the 2009 and 2010 point-in-time counts.

2J. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulations:Methods

Instructions:

Accuracy of the data reported in point-in-time counts is vital. Data produced from these counts must be based on reliable methods and not on *guessimates*. CoCs may use one or more methods to count sheltered homeless persons. This form asks CoCs to identify and describe which method(s) they use to conduct their point-in-time counts. The description should demonstrate how the method(s) was used to produce an accurate count.

For additional instructions, refer to the *Exhibit 1 Detailed Instructions* which can be accessed on the left-hand menu bar.

**Indicate the method(s) used to count sheltered homeless persons during the last point-in-time count:
(Select all that apply):**

Survey Providers:	<input checked="" type="checkbox"/>
HMIS:	<input checked="" type="checkbox"/>
Extrapolation:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

Describe the methods used by the CoC, as indicated above, to collect data on the sheltered homeless population during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to produce accurate data (limit 1500 characters).

The Homeless Prevention Coalition of Guilford County's Point in Time Committee (renamed Partners Ending Homelessness Data Collection & Reporting Committee as of 7/2010) prepared and distributed the point-in-time survey instrument to all homeless providers in the county. All homeless providers were asked to compare results to their HMIS client lists for accuracy. After collecting the data, it was entered into a spreadsheet to produce a CoC-wide sheltered population count, and point-in-time committee members cross-checked it with HMIS reports. The final report of sheltered population data was submitted to the NCCEH and reconciled with the housing inventory bed counts.

2K. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Data Collection

Instructions:

CoCs are required to produce data on seven subpopulations. These subpopulations are the chronically homeless, severely mentally ill, chronic substance abuse, veterans, persons with HIV/AIDS, victims of domestic violence, and unaccompanied youth (under 18). Subpopulation is required for sheltered homeless persons and optional for unsheltered homeless persons, with the exception of chronically homeless persons. Sheltered chronically homeless people are those living in emergency shelters only.

In the 2010 CoC NOFA, the definition of Chronically Homeless Person has been expanded to include families with at least one adult member who has a disabling condition. The family must meet all the other standards for chronic homelessness in Section 4.d. of the 2010 NOFA, Definitions and Concepts. Because the definition of chronically homeless at the time of either the 2009 or 2010 point-in-time count was still limited to individuals, CoCs are only reporting on that data on this section of the Exhibit 1.

CoCs may use a variety of methods to collect subpopulation information on sheltered homeless persons and may employ more than one in order to produce the most accurate data. This form asks CoCs to identify and describe which method(s) they use to gather subpopulation information for sheltered populations during the most recent point-in-time count. The description should demonstrate how the method(s) was used to produce an accurate count.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Indicate the method(s) used to gather and calculate subpopulation data on sheltered homeless persons (select all that apply):

	HMIS	<input checked="" type="checkbox"/>
	HMIS plus extrapolation:	<input type="checkbox"/>
Sample of PIT interviews plus extrapolation:		<input type="checkbox"/>
	Sample strategy:	
	Provider expertise:	<input checked="" type="checkbox"/>
	Interviews:	<input type="checkbox"/>
	Non-HMIS client level information:	<input checked="" type="checkbox"/>
	None:	<input type="checkbox"/>
	Other:	<input checked="" type="checkbox"/>

If Other, specify:

The CoC used the HPCGC (dba Partners Ending Homelessness as of 7/2010) Point-in-Time Survey Instrument, which is modeled after the NC Point-in-Time Count Reporting Form posted on the North Carolina Coalition to End Homelessness (NCCEH) website.

Describe the methods used by the CoC, as indicated above, to collect data on the sheltered homeless subpopulations during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to produce accurate data on all of the sheltered subpopulations (Limit 1500 characters).

The Homeless Prevention Coalition of Guilford County (dba Partners Ending Homelessness as of 7/2010) distributes its point-in-time survey instrument annually to all homeless providers in the CoC. In order to complete the survey instrument accurately and count subpopulations, homeless providers use their case management and/or HMIS records of individual clients and their expertise. Survey results are compiled by the Homeless Prevention Coalition of Guilford County (HPCGC) Point in Time Committee (renamed Partners Ending Homelessness Data Collection & Reporting Committee as of 7/2010) and submitted to the North Carolina Coalition to End Homelessness.

2L. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Data Quality

Instructions:

The data collected during point-in-time counts is vital for both CoCs and HUD. Communities need accurate data to determine the size and scope of homelessness at the local level, plan services and programs to appropriately address local needs, and measure progress in addressing homelessness. HUD needs accurate data to understand the extent and nature of homelessness throughout the country, provide Congress and OMB with information on services provided, gaps in service, and performance, and to inform funding decisions. Therefore, it is vital that the quality of data reported is high. CoCs may undertake one or more actions to improve the quality of the sheltered population data. This form asks CoCs to identify the steps they take to ensure data quality.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Indicate the steps taken by the CoC to ensure the quality of the data collected for the sheltered population count: (select all that apply)

Instructions:	<input checked="" type="checkbox"/>
Training:	<input checked="" type="checkbox"/>
Remind/Follow-up	<input checked="" type="checkbox"/>
HMIS:	<input checked="" type="checkbox"/>
Non-HMIS de-duplication techniques:	<input checked="" type="checkbox"/>
None:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

If selected, describe the non-HMIS de-duplication techniques used by the CoC to ensure the data quality of the sheltered persons count (limit 1000 characters).

Each homeless provider in the CoC is given specific instructions and training on avoiding duplicate counts. They conduct the count based on the clients they are serving on the PIT and are responsible for providing accurate data. Providers have several strategies in place for their de-duplication techniques, such as having their clients initial survey forms and cross-checking client records with the HMIS.

2M. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Methods

Instructions:

Accuracy of the data reported in point-in-time counts is vital. Data produced from these counts must be based on reliable methods and not on *guesstimates*. CoCs may use one or more methods to count unsheltered homeless persons. This form asks CoCs to identify which method(s) they use to conduct their point-in-time counts.

For additional instructions, refer to the *Exhibit 1 Detailed Instructions* which can be accessed on the left-hand menu bar.

**Indicate the method(s) used to count unsheltered homeless persons:
(select all that apply)**

Public places count:	<input checked="" type="checkbox"/>
Public places count with interviews:	<input checked="" type="checkbox"/>
Service-based count:	<input checked="" type="checkbox"/>
HMIS:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

2N. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation - Level of Coverage

Instructions:

CoCs may employ numerous approaches when counting unsheltered homeless people. CoCs first need to determine where they will look to count this population. They may canvass an entire area or only those locations where homeless persons are known to sleep for example. This form asks CoCs to indicate the level of coverage they incorporate when conducting their unsheltered count.

For additional instructions, refer to the *Exhibit 1 Detailed Instructions* which can be accessed on the left-hand menu bar.

Indicate where the CoC located the unsheltered homeless persons (level of coverage) that were counted in the last point-in-time count: A Combination of Locations

If Other, specify:

20. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation - Data Quality

Instructions:

The data collected during point-in-time counts is vital for both CoCs and HUD. Communities need accurate data to determine the size and scope of homelessness at the local level, plan services and programs to appropriately address local needs, and measure progress in addressing homelessness. HUD needs accurate data to understand the extent and nature of homelessness throughout the country, provide Congress and OMB with information on services provided, gaps in service, and performance, and to inform funding decisions. Therefore, it is vital that the quality of data reported is high. CoCs may undertake one or more actions to improve the quality of the unsheltered population data. This form asks CoCs to identify the steps they take to ensure data quality.

All CoCs should be engaging in activities to reduce the occurrence of counting unsheltered persons more than once during a point-in-time count. These strategies are known as de-duplication techniques. De-duplication techniques should always be implemented when the point-in-time count extends beyond one night or takes place during the day at service locations used by homeless people that may or may not use shelters. On this form, CoCs are asked to describe their de-duplication techniques. Finally, CoCs are asked to describe their outreach efforts to identify and engage homeless individuals and families.

For additional instructions, refer to the *Exhibit 1 Detailed Instructions*, which can be accessed on the left-hand menu bar.

Indicate the steps taken by the CoC to ensure the quality of the data collected for the unsheltered population count: (select all that apply)

Training:	X
HMIS:	
De-duplication techniques:	X
Other:	

If Other, specify:

Describe the techniques used by the CoC to reduce the occurrence of counting unsheltered homeless persons more than once during the most recent point-in-time count (limit 1500 characters):

The Homeless Prevention Coalition of Guilford County (HPCGC) Point in Time Committee (renamed Partners Ending Homelessness Data Collection & Reporting Committee as of 7/2010) trains all persons involved in the unsheltered point-in-time count. As part of this training, persons learn the specifics of the interview, which include de-duplication techniques. An interviewer is responsible for asking the unsheltered person if they have been interviewed before that evening, and the interviewee initials the interview form to ensure that there is no duplication. Also, interview teams are assigned to different geographic areas to prevent overlap/duplicate counting.

Describe the CoCs efforts to reduce the number of unsheltered homeless households with dependent children. Discussion should include the CoCs outreach plan (limit 1500 characters):

The Greensboro/High Point CoC has several outreach efforts in place to reduce the number of unsheltered homeless, including households with dependent children. As part of the overall outreach plan, the CoC routinely conducts outreach through the following programs/organizations: Night Watch; Beloved Community Center; Food Not Bombs; law enforcement agencies; and the Mental Health Association. Unsheltered homeless persons, especially families, are often identified through the CoC's area feeding programs, which include Greensboro Urban Ministry, the Hive, Grace Church and other local churches. These outreach efforts enable the CoC to connect unsheltered homeless persons, like the two families counted in the 2010 PIT, to shelter and housing. Lastly, through Housing First efforts, the CoC works to end homelessness quickly, thereby reducing the number of unsheltered homeless households with dependent children.

Describe the CoCs efforts to identify and engage persons that routinely sleep on the streets or other places not meant for human habitation (limit 1500 characters):

As previously indicated, the CoC has several outreach efforts in place to engage persons routinely sleeping on the streets and other places not meant for human habitation. These outreach programs/organizations include: Night Watch; Beloved Community Center; Food Not Bombs; law enforcement agencies; and the Mental Health Association. The CoC also uses the point-in-time count as an outreach effort.

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 1: Create new permanent housing beds for chronically homeless persons.

Instructions:

Ending chronic homelessness continues to be a HUD priority. CoCs can do this by creating new permanent housing beds that are specifically designated for this population. In the 2010 NOFA, a chronically homeless person is defined as an unaccompanied homeless individual with a disabling condition or a family with at least one adult member who has a disabling condition who has either been continuously homeless for at least a year OR has had at least four episodes of homelessness in the past three (3) years.

On this section, CoCs are to describe their short-term and long-term plans for creating new permanent housing beds for chronically homeless persons that meet the definition in the 2010 CoC NOFA. In addition, CoCs will indicate the current number of permanent housing beds designated for chronically homeless persons. This number should match the number of beds reported in the 2010 Housing Inventory Count (HIC) and entered onto the Homeless Data Exchange (HDX). CoCs will then enter number of permanent housing beds they expect to have in place in 12-months, 5-years, and 10-years. These future estimates should be based on the definition of chronically homeless in the 2010 CoC NOFA.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to create new permanent housing beds for persons that meet HUD's definition of chronically homeless (limit 1000 characters).

The Homeless Prevention Coalition of Guilford County (dba Partners Ending Homelessness), the CoC and Ten Year Plan lead, will increase its emphasis on the creation of new permanent housing (PH) projects through the annual solicitation of new initiatives. Partners Ending Homelessness (PEH) supports the following community efforts to develop new PH beds for chronically homeless (CH) as part of annual goals in the community's 10-Year Plan. Open Door Ministries will open two beds for CH women in partnership with Mary's House during the next 12 months. Through this application, the Servant Center will create nine new 1-bedroom apartments for homeless disabled individuals, who may be veterans and/or CH individuals. Lastly, the PEH will work to place CH veterans in VASH beds, will educate the community about the need for PH for CH individuals, and will participate in the 5-year Housing and Community Development Consolidated Plan for Greensboro and High Point.

Describe the CoCs long-term (10-year) plan to create new permanent housing beds for persons that meet HUD's definition of chronically homeless (limit 1000 characters).

The CoC will utilize state funds for the Housing Support Team to continue developing new housing for chronically homeless persons. Additionally, the CoC will support and assist in meeting the goals and implementing the strategies set forth in Guilford County's Ten Year Plan. In order to create new permanent housing beds in the community, the CoC will advocate for increases in available funds from HUD, whether it is PPRN or new project bonus money. Lastly, the CoC will explore innovative strategies to create and support new permanent housing beds by maximizing community resources and increasing collaboration. With community leaders already increasing their involvement in local efforts to end homelessness, the CoC will strengthen these partnerships over the long-term in order to generate new means for creating permanent housing beds.

How many permanent housing beds do you currently have in place for chronically homeless persons? 55

In 12-months, how many permanent housing beds designated for the chronically homeless do you plan to have in place and available for occupancy? 61

In 5-years, how many permanent housing beds designated for the chronically homeless do you plan to have in place and available for occupancy? 128

In 10-years, how many permanent housing beds designated for the chronically homeless do you plan to have in place and available for occupancy? 228

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 2: Increase the percentage of participants remaining in CoC funded permanent housing projects for at least six months to 77 percent or more.

Instructions:

Increasing the self-sufficiency and stability of permanent housing program participants is an important outcome measurement of HUD's homeless assistance programs. Each SHP-PH and S+C project is expected to report the percentage of participants remaining in permanent housing for more than six months on its Annual Progress Report (APR). CoCs then use this data from all of its permanent housing projects to report on the overall CoC performance on form 4C. Continuum of Care (CoC) Housing Performance.

On this section, CoCs are to describe short-term and long-term plans for increasing the percentage of participants remaining in all of its CoC funded permanent housing projects (SHP-PH or S+C) to at least 77 percent. In addition, CoCs will indicate the current percentage of participants remaining in these projects, as indicated on form 4C, as well as the expected percentage in 12-months, 5-years, and 10-years. CoCs that do not have any CoC funded permanent housing projects (SHP-PH or S+C) for which an APR was required, should indicate this in both of the narratives below and enter 0 in the first numeric field below.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to increase the percentage of participants remaining in CoC funded permanent housing projects for at least six months to 77 percent or higher (limit 1000 characters).

The CoC will provide continued support to homeless persons, with specific focus on chronically homeless with mental illness, to attain and maintain permanent housing through Housing Support Teams, led by the HOPE Team Coordinator for the TYP Partners Ending Homelessness (PEH), and through agency-level case managers dedicated to serving clients in permanent housing projects. In addition to those supports, the CoC will implement other strategies to help clients remain in permanent housing (e.g. Alcohol and Drug Services' monthly intervention and Mary's Homes 24/7 licensed therapists). The CoC also utilizes AmeriCorps workers to supplement case management activities to move more homeless persons into permanent housing and remain in permanent housing. PEH (CoC and TYP lead) will review providers' APR/HMIS data quarterly and will provide technical support as needed to address challenges.

Describe the CoCs long-term (10-year) plan to increase the percentage of participants remaining in CoC funded permanent housing for at least six months to 77 percent or higher (limit 1000 characters).

The CoC will continue to assess and re-assess its permanent housing programs to identify strengths and weaknesses in their abilities to help homeless persons remain in permanent housing. As more permanent beds are created and permanent housing client populations change, the permanent housing outcomes may change too. The permanent housing providers will have to monitor programs carefully, identify and share best practices, and collaborate as this CoC component expands in the community.

What is the current percentage of participants remaining in CoC funded permanent housing projects for at least six months? 81

In 12-months, what percentage of participants will have remained in CoC funded permanent housing projects for at least six months? 82

In 5-years, what percentage of participants will have remained in CoC funded permanent housing projects for at least six months? 85

In 10-years, what percentage of participants will have remained in CoC funded permanent housing projects for at least six months? 87

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 3: Increase the percentage of participants in CoC funded transitional housing that move into permanent housing to 65 percent or more.

Instructions:

The ultimate objective of transitional housing is to help homeless families and individuals obtain permanent housing and self-sufficiency. Each SHP-TH project is expected to report the percentage of participants moving to permanent housing on its Annual Progress Report (APR). CoCs then use this data from all of its CoC funded transitional housing projects to report on the overall CoC performance on form 4C. Continuum of Care (CoC) Housing Performance.

On this section, CoCs are to describe short-term and long-term plans for increasing the percentage of transitional housing participants moving from its SHP-TH projects into permanent housing to at least 65 percent. In addition, CoCs will indicate the current percentage of SHP-TH project participants moving into permanent housing as indicated on form 4C, as well as the expected percentage in 12-months, 5-years, and 10-years. CoCs that do not have any CoC funded transitional housing projects (SHP-TH) for which an APR was required, should indicate this in both of the narratives below and enter 0 in the first numeric field below.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to increase the percentage of participants in CoC funded transitional housing projects that move to permanent housing to 65 percent or more (limit 1000 characters).

The CoC will continue to expand intensive case management and supportive services to persons in transitional housing. The CoC also will improve coordination of services between homeless and mainstream providers through the local CoC Supportive Services and Housing Providers Action Team. Over the next 12 months, this Action Team will update comprehensive resources (brochures, website, etc.) about community services, implement training opportunities for frontline staff, and create community-wide opportunities for homeless clients to access housing and services. The Housing Specialist will inform the CoC about available permanent housing, and will provide education and assistance programs to improve performance. PEH (CoC and TYP lead) will review data quarterly to identify and eliminate barriers that exist for moving clients into permanent housing.

Describe the CoCs long-term (10-year) plan to increase the percentage of participants in CoC funded transitional housing projects that move to permanent housing to 65 percent or more (limit 1000 characters).

As the CoC works toward creating new permanent housing beds/vouchers for both chronically homeless persons and homeless households with children, there will be an increase in the percentage of homeless persons moving from transitional to permanent housing (e.g., VASH vouchers). However, the CoC recognizes that bed availability is not the only issue. Clients must have the necessary skills for self-sufficiency in order to move into permanent housing. Over the long-term, PEH (CoC and TYP lead) will lead efforts to expand the day center activities in Greensboro and open a day center in High Point, as part of the Interactive Resource Center's mission. The day center will offer courses in Life Skills, budgeting, Money Management, Banking and Check Writing Skills, Credit Training, Tenant Rights and Responsibilities, etc. The skills gained through these courses will prepare more clients to move from transitional housing to permanent housing.

- What is the current percentage of participants in CoC funded transitional housing projects will have moved to permanent housing?** 61
- In 12-months, what percentage of participants in CoC funded transitional housing projects will have moved to permanent housing?** 65
- In 5-years, what percentage of participants in CoC funded transitional housing projects will have moved to permanent housing?** 67
- In 10-years, what percentage of participants in CoC funded transitional housing projects will have moved to permanent housing?** 70

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 4: Increase percentage of participants in all CoC funded projects that are employed at program exit to 20 percent or more.

Instructions:

Employment is a critical step for homeless persons to achieve greater self-sufficiency, which represents an important outcome that is reflected both in participants' lives and the health of the community. Each CoC funded project (excluding HMIS dedicated projects only) is expected to report the percentage of participants employed at exit on its Annual Progress Report (APR). CoCs then use this data from all of its non-HMIS projects to report on the overall CoC performance on form 4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information.

On this section, CoCs are to describe short-term and long-term plans for increasing the percentage of all CoC funded program participants that are employed at exit to at least 20 percent. In addition, CoCs will indicate the current percentage of project participants that are employed at exit, as reported on 4D, as well as the expected percentage in 12-months, 5-years, and 10-years. CoCs that do not have any CoC funded non-HMIS projects (SHP-PH, SHP-TH, SHP-SH, SHP-SSO, or S+C TRA/SRA/PRA/SRO) which an APR was required, should indicate this in both of the narratives below and enter 0 in the first numeric field below.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to increase the percentage of participants in all CoC funded projects that are employed at program exit to 20 percent or more (limit 1000 characters).

The CoC is currently at 21% of persons employed at program exit. In order to maintain or exceed this level, the CoC will increase coordination of services between mainstream job training, employment and education programs, supportive employment agencies, homeless service agencies, and homeless individuals through the work of the TYP PEH Education and Job Training Action Team. Specifically, this Action Team seeks to develop and implement strategies that will address educational and training needs for individuals who lack necessary "soft skills" that would enable them to retain employment, to increase awareness and collaboration amongst employment service providers, and to educate potential employers about the target population and incentives for hiring. The CoC also will capitalize on the Interactive Resource Center's services and efforts.

Describe the CoCs long-term (10-year) plan to increase the percentage of participants in all CoC funded projects that are employed at program exit to 20 percent or more (limit 1000 characters).

In addition to continuing work on the aforementioned 12-month action steps, the CoC will include job retention and job placement for clients hard to employ as part of its long-term plans to increase the percentage of persons employed at program exit. With regards to job retention, the CoC needs to create a way to follow the progress of a client in a job situation by integrating this into existing services or creating a new program. The CoC will focus on developing a job placement resource for employing clients who have a diagnosed disability or who come from correctional facilities.

- What is the current percentage of participants in all CoC funded projects that are employed at program exit?** 21
- In 12-months, what percentage of participants in all CoC funded projects will be employed at program exit?** 22
- In 5-years, what percentage of participants in all CoC funded projects will be employed at program exit?** 24
- In 10-years, what percentage of participants in all CoC funded projects will be employed at program exit?** 26

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 5: Decrease the number of homeless households with children.

Instructions:

Ending homelessness among households with children, particularly for those households living on the streets or other places not meant for human habitation, is an important HUD priority. CoCs can accomplish this goal by creating new beds and/or providing additional supportive services for this population.

On this section, CoCs are to describe short-term and long-term plans for decreasing the number of homeless households with children, particularly those households that are living on the streets or other places not meant for human habitation. In addition, CoCs will indicate the current total number of households with children that was reported on their most recent point-in-time count. CoCs will also enter the total number of homeless households with children that they expect to be able to report in 12-months, 5-years, and 10-years.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to decrease the number of homeless households with children. (limit 1000 characters)

The CoC is using the rapid re-housing model to decrease the number of homeless households with children in Guilford County. In the next 12 months, the CoC will provide rapid re-housing for approximately 100 families through HPRP funding and other local sources. The Guilford Interfaith Hospitality Network will continue to serve and house an estimated forty homeless families each year. The area VA Medical Center will provide 60 VASH housing vouchers for homeless veterans in Guilford County, and some of those will benefit veterans in households with children. The Guilford County Schools will expand efforts to identify homeless children within the school system and connect them and their families with services and housing. In addition, the Guilford County Schools will work with PEH (CoC and TYP lead) to ensure that all agencies meet HEARTH Act requirements.

Describe the CoCs long-term (10-year) plan to decrease the number of homeless households with children. (limit 1000 characters)

In following with objective 1 which focuses on creating permanent housing beds, the CoC will work to develop new permanent housing projects for homeless families with children. The CoC also will develop a community-based rental subsidy fund to complement government vouchers. Using HOME vouchers and coordinating with consolidated plans, the CoC will provide clients education and training programs that lead to sustainable employment.

What is the current total number of homeless households with children, as reported on the most recent point-in-time count? 109

- In 12-months, what will be the total number of homeless households with children?** 100
- In 5-years, what will be the total number of homeless households with children?** 90
- In 10-years, what will be the total number of homeless households with children?** 80

3B. Continuum of Care (CoC) Discharge Planning

Instructions:

The McKinney-Vento Act requires that State and local governments have policies and protocols in place to ensure that persons being discharged from a publicly- funded institution or system of care are not discharged immediately into homelessness. To the maximum extent practicable, Continuums of Care should demonstrate how they are coordinating with and/or assisting in State or local discharge planning efforts to ensure that discharged persons are not released directly onto the streets, homeless shelters, or into other McKinney-Vento homeless assistance programs (SHP, S+C, or SRO). For each system of care, CoCs are to address the following:

What: Describe the efforts that the CoC has taken to ensure that persons are not routinely discharged into homelessness. For foster care, CoCs should be specifically addressing the discharge of youth aging out of foster care. If there is a State mandate that requires publicly funded institutions to ensure appropriate housing placement, which does not include homelessness, please indicate this in the applicable narrative.

Where: Indicate where persons routinely go upon discharge. Response should identify alternative housing options that are available for discharged persons other than the streets, shelters, and/or McKinney-Vento homeless assistance programs.

Who: Identify stakeholders and/or collaborating agencies that are responsible for ensuring that persons being discharged from a system of care are not routinely discharged into homelessness.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

For each system of care identified below, describe the CoC's efforts in coordinating with and/or assisting in the development of local discharge planning policies that ensure persons are not routinely discharged into homelessness, including the streets, shelters, or other McKinney-Vento homeless assistance housing programs. Please review all instructions to ensure that each narrative is fully responsive. (limit 1500 characters)

Foster Care (Youth Aging Out):

The Homeless Prevention Coalition of Guilford County (dba Partners Ending Homelessness (PEH)), the CoC lead, and the Department of Social Services (DSS) understand that per the U.S. Department of Housing and Urban Development (HUD), no person discharged from the Foster Care system is to be placed in any HUD McKinney-Vento funded program for the homeless or discharged to the streets. A list of the HUD McKinney-Vento funded programs is on file with DSS. Foster Care social workers provide services and help with housing placement within a reasonable amount of time before a participant is discharged. A goal of discharge preparation, including participation in the LINKS program, is to ensure that participants in the Foster Care system are able to transition from Foster Care into permanent housing. Furthermore, for any youth who may be in need of ongoing behavioral health services, the DSS should contact Guilford County's LME regarding the provision of behavioral health services. PEH members will assist with housing placement in the form of public housing, housing vouchers and affordable housing produced through the low income housing tax credit program -- non-McKinney-Vento funded permanent housing opportunities. As part of 10-year plan efforts, the Discharge Planning Action Team will review and update this protocol as needed, will work to ensure appropriate foster care discharge plans, and will support a community policy of zero tolerance for discharge to homelessness.

Health Care:

The Homeless Prevention Coalition of Guilford County (dba Partners Ending Homelessness (PEH)), the CoC lead, and the Moses Cone Regional Health System (hereinafter hospital) understand that per HUD, no person discharged from the hospital is to be placed in any HUD McKinney-Vento funded program for the homeless. A list of these programs is on file with the hospital. Hospital social workers provide services and help with housing placement before a patient is discharged. A goal of discharge preparation is to ensure that patients in the hospital are able to transition from the hospital into appropriate housing or treatment programs. Furthermore, for any person leaving the Hospital who may be in need of ongoing behavioral health services, the Hospital should contact the LME regarding the provision of behavioral health services, and with assistance in identifying appropriate housing options. PEH members will assist with housing placement in the form of public housing, housing vouchers and affordable housing produced through the low income housing tax credit program -- non-McKinney-Vento funded permanent housing opportunities. As part of ten-year plan efforts, the Discharge Planning Action Team will review and update this protocol as needed, will work to ensure appropriate hospital discharge plans, and will support a community policy of zero tolerance for discharge to homelessness.

Mental Health:

PEH (CoC lead) and the Guilford Center (LME), understand that per HUD, no person discharged from the residential programs of the Guilford Center is to be placed in any HUD McKinney-Vento funded program for the homeless. A list of the HUD McKinney-Vento funded programs is on file with the Guilford Center. Various PEH members assist with housing placement in the form of public housing, housing vouchers and affordable housing produced through the low income housing tax credit program. These non-McKinney-Vento funded permanent housing opportunities are appropriate permanent housing options for participants who are leaving residential services of the Guilford Center. As part of ten-year plan efforts, the Discharge Planning Action Team will review and update this protocol as needed, will work to ensure appropriate mental health care discharge plans, and will support a community policy of zero tolerance for discharge to homelessness. At the state level, it is the policy of NC DHHS, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services that discharge to homeless shelters or conditions is not appropriate and not in the best interests of patients. As a consequence, suitable housing shall be determined and arranged for each long stay patient as a condition of discharge from a State psychiatric hospital. FY2009 data indicates that 82% of people discharged from mental health institutions go to other outpatient and residential non-state facilities.

Corrections:

PEH (CoC lead) and the Guilford County Sheriff's Office understand that per HUD, no person discharged from the jail system is to be placed in any HUD McKinney-Vento funded program for the homeless. A list of the HUD McKinney-Vento funded programs is on file with the Guilford County Sheriff's Office. Furthermore, for any person leaving the jail who may be in need of ongoing behavioral health services, the jail should contact Guilford County's LME regarding the provision of behavioral health services, and with assistance in identifying appropriate housing options. Various PEH members assist with housing placement in the form of public housing, housing vouchers and affordable housing produced through the low income housing tax credit program. These non-McKinney-Vento funded permanent housing opportunities are appropriate options for persons who are leaving the jail. The CoC's Discharge Planning Action Team will review and update this protocol as needed, will work to ensure appropriate corrections discharge plans, and will support a community policy of zero tolerance for discharge to homelessness. The NC DOC uses a multi-staff team approach to aftercare, in which the case manager, mental health social worker (as needed), and probation/parole officer assure that the released inmate has a home plan to ensure housing placement and prevention of homelessness. FY2009 data indicates that approximately 91% of offenders are discharged to family, friends or own home.

3C. Continuum of Care (CoC) Coordination

Instructions:

A CoC should regularly assess its local homeless assistance system and identify shortcomings and unmet needs. One way in which a CoC can improve itself is through long-term strategic planning. CoCs are encouraged to establish specific goals and then implement short-term action steps. Because of the complexity of existing homeless systems and the need to coordinate multiple funding sources and priorities, there are often multiple long-term strategic planning groups. It is imperative for CoCs to coordinate, as appropriate, with each of these existing strategic planning groups to meet local needs.

For additional instructions, refer to the *Exhibit 1 Detailed Instructions* which can be accessed on the left-hand menu bar.

Does the Consolidated Plan for the jurisdiction(s) that make up the CoC include the CoC strategic plan goals for addressing homelessness? Yes

If yes, list the goals in the CoC strategic plan that are included in the Consolidated Plan:

The CoC's Ten-Year Plan goals are reflected in the local Consolidated Plans for the City of Greensboro and the City of High Point. Specifically, the Con Plans support the goal of eliminating chronic homelessness and reducing all other forms of homelessness by 2016. The City of Greensboro outlines 6 strategic actions supporting this goal. In addition, the City of Greensboro describes its plans to "improve efficiencies in service delivery through enhanced collaboration and partnerships" through 4 strategic actions. The City of High Point describes its efforts to address the CoC's Ten-Year Plan goals, with specific focus on the housing and prevention and supportive services objectives. The City of High Point is the fiscal agent for a S+C permanent housing program and provides permanent housing assistance through CDBG. The recently published Con Plans indicate a high level of coordination with the CoC's Ten-Year Plan.

Describe how the CoC is participating in or coordinating with the local Homeless Prevention and Rapid re-housing Program (HPRP) initiative, as indicated in the substantial amendment to the Consolidated Plan 2009 Action Plan (1500 character limit):

The CoC developed the plan for the HPRP. The agency managing the HPRP grant (City of Greensboro) and the agency providing services (Greensboro Housing Coalition) regularly attend the monthly CoC meetings to provide updates, answer questions, or receive input from CoC members. The Greensboro Housing Coalition is the central point of intake for the HPRP program and coordinates the services currently being provided, which include rapid re-housing and homelessness prevention through case management, housing location services, and financial assistance.

In addition to the substantial amendment to the Consolidated Plan 2009 Action Plan, the state awarded two HPRP grants to non-profits in the CoC - Open Door Ministries and Family Service of the Piedmont. Open Door Ministries of High Point received \$900,000 in stimulus funds from the State of North Carolina through the HPRP. These funds will provide financial assistance and case management to assist households in jeopardy of becoming homeless; as well as financial assistance and case management to assist households who are currently homeless. Family Service of the Piedmont has since turned their HPRP grant over to the Greensboro Housing Coalition. These agencies administering HPRP will work the Guilford County CoC to coordinate access to this program and services to clients represented by the CoC agencies.

Describe how the CoC is participating in or coordinating with any of the following: Neighborhood Stabilization Program (NSP) initiative, HUD VASH, or other HUD managed American Reinvestment and Recovery Act programs (2500 character limit)?

\$1,450,000 of Greensboro's Neighborhood Stabilization Program funds have been committed to the acquisition and rehabilitation of 20 foreclosed multi-family units for very low income families, including 9 units of permanent supportive housing for homeless or disabled households. An additional \$400,000 of Neighborhood Stabilization Program funds have been committed for the renovation of a vacant facility for community use as a day center for the homeless. \$50,000 has been awarded through Greensboro's CDBG-R program for acquisition of a 6-unit building for permanent supportive housing. The project sponsor was awarded an additional allocation of HOME CHDO program funds for rehabilitation of the units. \$23,000 in CDBG-R funds has been awarded to Beloved Community Center to improve the energy efficiency of the Homeless Hospitality House historic windows. Homeless program participants were given job training opportunities in the restoration and weatherization of the windows. Two of the participants were hired by the contractor as full time employees. The City of High Point, as well as the City of Greensboro, actively participates on the leadership council to help implement the 10-year plan to end chronic homelessness. The CoC received 60 VASH vouchers, which are being administered by the Greensboro Housing Authority. VASH tenants are being selected by Veterans Affairs social workers and outreach is being conducted through CoC agencies serving veterans and the HPCGC (dba PEH), the CoC lead entity.

Indicate if the CoC has established policies that require homeless assistance providers to ensure all children are enrolled in school and connected to appropriate services within the community? Yes

If yes, please describe the established policies that are in currently in place.

The HPCGC (dba Partners Ending Homelessness), the CoC lead entity, maintains a list of all designated LEA(local education agency) liaison staff members within each homeless assistance provider organization. These LEA liaison staff members are responsible for ensuring that all children are enrolled in school and connected to appropriate services within the community. The CoC is forming a new committee of these LEA liaison staff members, of which the LEA homeless assistance staff will serve as members.

Describe the CoC's efforts to collaborate with local education agencies to assist in the identification of homeless families and inform them of their eligibility for McKinney-Vento education services. (limit 1500 characters)

Guilford County Schools, the local LEA, is an active participant in the HPCGC (dba Partners Ending Homelessness) Board of Directors, through the membership of its Chief Student Services Officer. In addition, the Guilford County Schools Homeless Liaison participates on the Education and Job Training Action Team and the Continuum of Care Action Team of Partners Ending Homelessness. The CoC also will institute bi-monthly meetings between the Guilford County Schools Homeless Liaison and the designated LEA liaison staff of homeless provider agencies to discuss current issues, planning, and school progress. The CoC will conduct trainings for LEA staff on the CoC's homeless delivery system. Lastly, CoC staff members attend School Resource Fairs and provide information on homeless services and referral procedures to over 75 LEA social workers and 114 schools. All of these collaborative efforts contribute to the CoC's work to identify homeless families and inform them of services for which they are eligible.

Describe how the CoC has, and will continue, to consider the educational needs of children when families are placed in emergency or transitional shelter. (limit 1500 characters)

Within the CoC, every provider of emergency shelter and transitional housing has designated liaison staff to consider the educational needs of children, ages 3-21, when their family is placed in homeless housing. These liaison staff members are connected with the Guilford County Schools Homeless Liaison. Over the next 12 months, the CoC will institute a new bi-monthly meeting between the Guilford County Schools Homeless Liaison and the designated LEA liaison staff of homeless provider agencies to better educate all homeless providers about the educational services available to homeless youth.

Describe the CoC's current efforts to combat homelessness among veterans. Narrative should identify organizations that are currently serving this population, how this effort is consistent with CoC strategic plan goals, and how the CoC plans to address this issue in the future.(limit 1500 characters)

There are several CoC initiatives in place in Guilford County that are consistent with CoC strategic plan goals and designed to combat homelessness among veterans. First, the new bonus permanent housing project, submitted by The Servant Center, is designed to serve disabled homeless veterans. The Servant Center is experienced in meeting the needs of veterans through its existing programs. The VA and the Greensboro Housing Authority, both active in the CoC, are working together to implement the HUD/VASH program, and have the support of other CoC homeless providers. Caring Services has a transitional housing program specific to serving veterans. These efforts and future efforts to serve veterans support the CoC's strategic plan for: additional permanent supportive housing; stronger case management support services; stronger prevention at discharge; increased coordination between mainstream support services and providers of housing; increase resources for supportive services; and quality implementation of the Carolina Homeless Information Network.

3D. Hold Harmless Need (HHN) Reallocation

Instructions:

Continuum of Care (CoC) Hold Harmless Need (HHN) Reallocation is a process whereby an eligible CoC may reallocate funds in whole or in part from SHP renewal projects to create one or more new permanent housing projects and/or a new dedicated HMIS project. A CoC is eligible to use the HHN Reallocation process if it's Final Pro Rata Need (FPRN) is based on it's HHN amount or if it is a newly approved merged CoC that used the Hold Harmless Merger process during the 2010 CoC Registration process.

The HHN Reallocation process allows eligible CoCs to fund new permanent housing or dedicated HMIS projects by transferring all or part of funds from existing SHP grants that are eligible for renewal in 2010 into a new project. New reallocated permanent housing projects may be for SHP (one, two, or three years), S+C (five or ten years), and Section 8 Moderate Rehabilitation (ten years). New reallocated HMIS projects may be for one, two or three years.

A CoC whose FPRN is based on its Preliminary Pro Rata Need (PPRN) is not eligible to reallocate existing projects through this process and should therefore always select "No" to the questions below.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Does the CoC want to reallocate funds from one or more expiring SHP grant(s) into one or more new permanent housing or dedicated HMIS project(s)? No

Is the CoCs Final Pro Rata Need (FPRN) based on either its Hold Harmless Need (HHN) amount or the Hold Harmless Merger process? Yes

CoCs who are in PPRN status are not eligible to reallocate projects through the HHN reallocation process.

4A. Continuum of Care (CoC) 2009 Achievements

Instructions:

In 2009, CoCs were asked to propose numeric achievements for each of HUD's five national objectives related to ending chronic homelessness and moving families and individuals to permanent housing. In 2010, CoCs will report on their actual accomplishments versus what was proposed in the previous application.

In the column labeled '2009 Proposed Numeric Achievement', enter the number of beds, percentage, or number of households that was entered in the 2009 application for the applicable objective. In the column labeled 'Actual Numeric Achievement', enter the actual number of beds/percentage/number of households that the CoC has reached to date for each objective.

CoCs will also indicate whether or not they submitted an Exhibit 1 in 2009. If a CoC did not submit an Exhibit 1 in 2009, they should enter 'No' to the question below. Finally, CoCs that did not fully meet the proposed numeric achievement for any of the objectives should indicate the reason in the space provided below.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Objective	2009 Proposed Numeric Achievement:		Actual Numeric Achievement	
Create new permanent housing beds for the chronically homeless.	61	Beds	55	B e d s
Increase the percentage of homeless persons staying in permanent housing over 6 months to at least 77%.	77	%	81	%
Increase the percentage of homeless persons moving from transitional housing to permanent housing to at least 65%.	69	%	61	%
Increase percentage of homeless persons employed at exit to at least 20%	22	%	21	%
Decrease the number of homeless households with children.	95	Households	122	H o u s e h o l d s

Did CoC submit an Exhibit 1 application in 2009? Yes

If the CoC was unable to reach its 2009 proposed numeric achievement for any of the national objectives, provide a detailed explanation.

The CoC proposed to achieve 6 new PH beds for chronically homeless, based on Open Door Ministry's new PH project funded in the 2008 CoC application. However, as of the 2010 PIT housing inventory, those 6 beds were still under development.

The CoC's 2009 baselines for persons moving from TH to PH and for persons employed at exit were above the HUD thresholds. However, due to changing client populations and a struggling economy, the CoC was unable to reach its 2010 achievement levels for objectives 2 & 3. (Note: The CoC lead and HUD Field Office are working with an SHP-TH project to correct its current APR. Due to misunderstandings of operational definitions, the applicant was including too many clients in its APR (i.e., the project serves a smaller subset of clients). This need for correction coincided with the CoC grant, and thus new data was not available in time for the numeric achievement calculations. Without this project's APR, CoC TH housing performance was 68% and employment at exit was 24%. The CoC projects that with the project's corrected data it would likely have achieved obj. 3 and been closer to achieving obj. 2.

It is difficult to achieve a decrease in households with children at a time when the economy is suffering. The CoC experienced an increase of 13 households with children as of the 2010 PIT count. With rapid re-housing and an increased focus on serving families, the CoC expects to have greater success in the future.

4B. Continuum of Care (CoC) Chronic Homeless Progress

Instructions:

HUD must track each CoCs progress toward ending chronic homelessness. In the 2010 NOFA, a chronically homeless person is defined as an unaccompanied homeless individual with a disabling condition or a family with at least one adult member who has a disabling condition who has either been continuously homeless for at least a year OR has had at least four episodes of homelessness in the past three (3) years.

This section asks each CoC to track changes year to year in the number of chronically homeless persons as well the number of beds available for this population. CoCs will complete this section using data reported for the 2008, 2009, and 2010 (if applicable) Point-In-Time counts as well as data collected and reported on for the Housing Inventory Counts (HIC) for those same years. For each year, indicate the total unduplicated point-in-time count of the chronically homeless as reported in that year. For 2008 and 2009, this number should match the number indicated on form 2J of the respective year’s Exhibit 1. For 2010, this number should match the number entered on the Homeless Data Exchange (HDX).

Next, enter the total number permanent housing beds that were designated for the chronically homeless in 2008 and 2009, as well as the number of beds that are currently in place. For 2010, this number of beds should match the number of beds reported in the 2010 HIC and entered onto the Homeless Data Exchange (HDX). CoCs should include beds designated for this population from all funding sources.

For additional instructions, refer to the ‘Exhibit 1 Detailed Instructions’ which can be accessed on the left-hand menu bar.

Indicate the total number of chronically homeless persons and total number of permanent housing beds designated for the chronically homeless persons in the CoC for 2008, 2009, and 2010.

Year	Number of CH Persons	Number of PH beds for the CH
2008	101	37
2009	82	55
2010	131	55

Indicate the number of new permanent housing beds in place and made available for occupancy for the chronically homeless between February 1, 2009 and January 31, 2010.

Identify the amount of funds from each funding source for the development and operations costs of the new permanent housing beds designated for the chronically homeless, that were created between February 1, 2009 and January 31, 2010.

Cost Type	HUD McKinney- Vento	Other Federal	State	Local	Private
Development					
Operations					
Total	\$0	\$0	\$0	\$0	\$0

If the number of chronically homeless persons increased or if the number of permanent beds designated for the chronically homeless decreased, please explain (limit 750 characters):

The number of chronically homeless persons increased from 2009 to 2010 due to improved point-in-time training. In 2010, the CoC conducted three point-in-time training sessions for persons conducting both sheltered and unsheltered counts. The CoC attributes the increase in chronically homeless persons to a better understanding of the definition for this subpopulation among those counting homeless persons.

As of January 31, 2010 point-in-time housing inventory, the CoC had 55 beds designated for chronically homeless persons, so the total count remained the same. Open Door Ministries had 6 beds designated for chronically homeless persons under development as of the January 2010 point-in-time count.

4C. Continuum of Care (CoC) Housing Performance

Instructions:

All CoC funded non-HMIS projects are required to submit an Annual Progress Report (APR) within 90 days of a given operating year. To demonstrate performance on participants remaining in permanent housing for more than six months, CoCs must use data on all permanent housing projects that should have submitted an APR for the most recent operating year. Projects that did not submit an APR on time must also be included in this calculation.

Complete the table below using data entered for Question 12(a) and 12(b) for the most recently submitted APR for all permanent housing projects (SHP-PH or S+C TRA/SRA/SRO/PRA) within the CoC that should have submitted one. Enter totals in field's a-e. The Total PH % will be auto-calculated after selecting Save. Please note, the percentage is calculated as c. +d. divided by a. +b. multiplied by 100. The last field (e.) is excluded from the calculation.

CoCs that do not have any SHP-PH or S+C projects for which an APR was required should select No to the question below. This only applies to CoCs that do not have any CoC funded permanent housing projects currently operating within their CoC that should have submitted an APR.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

Does the CoC have any permanent housing projects (SHP-PH or S+C) for which an APR was required to be submitted? Yes

Participants in Permanent Housing (PH)	
a. Number of participants who exited permanent housing project(s)	46
b. Number of participants who did not leave the project(s)	126
c. Number of participants who exited after staying 6 months or longer	42
d. Number of participants who did not exit after staying 6 months or longer	97
e. Number of participants who did not exit and were enrolled for less than 6 months	29
TOTAL PH (%)	81

Instructions:

HUD will also assess CoC performance in moving participants in SHP transitional housing programs into permanent housing. To demonstrate performance, CoCs must use data on all transitional housing projects that should have submitted an APR for the most recent operating year. Projects that did not submit an APR on time must also be included in this calculation.

Complete the table below using cumulative data entered for Question 14 on the most recently submitted APR for all transitional housing projects (SHP-TH) within the CoC that should have submitted one. Once amounts have been entered into a & b, select 'Save.' The 'Total TH %' will be auto-calculated. Please note, the percentage is calculated as b. divided by a., multiplied by 100. CoCs that do not have any SHP-TH projects for which an APR was required should select 'No' to the question below. This only applies to CoCs that do not have any CoC funded transitional housing projects currently operating within their CoC that should have submitted an APR.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Does CoC have any transitional housing projects (SHP-TH) for which an APR was required to be submitted? Yes

Participants in Transitional Housing (TH)	
a. Number of participants who exited TH project(s), including unknown destination	508
b. Number of SHP transitional housing participants that moved to permanent housing upon exit	310
TOTAL TH (%)	61

4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information

Instructions:

HUD will assess CoC performance in assisting program participants with accessing mainstream services to increase income and improve outcomes such as health, education, safety, and/or economic outcomes of homeless persons. To demonstrate performance, CoCs must use data on all non-HMIS projects (SHP-PH, SHP-TH, SHP-SH, SHP-SSO, S+C TRA/SRA/PRA/SRO) that should have submitted an APR for the most recent operating year. Projects that did not submit an APR on time must also be included in this calculation.

Complete the table below using cumulative data entered for Question 11 on the most recently submitted APR for all non-HMIS projects within the CoC that should have submitted one. Each CoC shall first indicate the total number of exiting adults. Next, enter the total number of adults that exited CoC non-HMIS project with each source of income. Once amounts have been entered, select *Save* and the percentages will be auto-calculated. CoCs that do not have any non-HMIS projects for which an APR was required should select *No* to the question below. This only applies to CoCs that do not have any CoC funded non-HMIS projects currently operating within their CoC that should have submitted an APR.

For additional instructions, refer to the *Exhibit 1 Detailed Instructions* which can be accessed on the left-hand menu bar.

Total Number of Exiting Adults: 563

Mainstream Program	Number of Exiting Adults	Exit Percentage (Auto-calculated)	
SSI	43	8	%
SSDI	47	8	%
Social Security	2	0	%
General Public Assistance	0	0	%
TANF	24	4	%
SCHIP	1	0	%
Veterans Benefits	17	3	%
Employment Income	117	21	%
Unemployment Benefits	16	3	%
Veterans Health Care	1	0	%
Medicaid	96	17	%
Food Stamps	248	44	%
Other (Please specify below)	57	10	%
Child Support, Family/Friends, Medco, Section 8, WIC, VA Disability, Trust Fund, Alimony			
No Financial Resources	191	34	%

The percentage values will be calculated by the system when you click the "save" button.

Does the CoC have any non-HMIS projects for which an APR was required to be submitted? Yes

4E. Continuum of Care (CoC) Participation in Energy Star and Section 3 Employment Policy

Instructions:

HUD promotes energy-efficient housing. All McKinney-Vento funded projects are encouraged to purchase and use Energy Star labeled products. For information on Energy Star initiative go to: <http://www.energystar.gov>

A "Section 3 business concern" is one in which: 51% or more of the owners are section 3 residents of the area of service; or at least 30% of its permanent full-time employees are currently section 3 residents of the area of service, or within three years of their date of hire with the business concern were section 3 residents; or evidence of a commitment to subcontract greater than 25% of the dollar award of all subcontracts to businesses that meet the qualifications in the above categories is provided. The "Section 3 clause" can be found at 24 CFR Part 135.

Has the CoC notified its members of the Energy Star Initiative? Yes

Are any projects within the CoC requesting funds for housing rehabilitation or new construction? Yes

4E. Section 3 Employment Policy Detail

Is the project requesting \$200,000 or more?: No

If Yes to above question, click save to provide activities

4F. Continuum of Care (CoC) Enrollment and Participation in Mainstream Programs

It is fundamental that each CoC systematically help homeless persons to identify, apply for, and follow-up to receive benefits under SSI, SSDI, TANF, Medicaid, Food Stamps, SCHIP, WIA, and Veterans Health Care as well as any other State or Local program that may be applicable.

Does the CoC systematically analyze its projects APRs in order to improve access to mainstream programs? Yes

If 'Yes', describe the process and the frequency that it occurs.

The Partners Ending Homelessness (PEH) Granting Committee (formerly called the HPCGC Application Review Committee) reviews APRs annually as part of the project ranking process. Agencies with HUD-funded projects review APR data annually as they prepare their reports for submission. The PEH CoC Supportive Services and Housing Action Team includes APR review in its activities, as well.

Does the CoC have an active planning committee that meets at least 3 times per year to improve CoC-wide participation in mainstream programs? Yes

If "Yes", indicate all meeting dates in the past 12 months.

As part of 10-Year Plan efforts, the CoC formed a new action team in summer 2008. The Partners Ending Homelessness Continuum of Care Supportive Services and Housing Action Team meets monthly to improve CoC-wide participation in mainstream programs and to provide training to frontline staff. These meetings were held: 11/18/09; 12/16/09; 1/20/10; 5/19/10; and 10/17/10. In addition to meetings, the Action Team conducted Direct Service Provider Network trainings on November 24, 2009. The Direct Service Providers Network was created to increase frontline staff's ability to access resources in a more efficient manner, expand awareness and access of services available in Guilford County, and to create an ongoing resource network of direct service providers.

The PEH CoC Supportive Services and Housing Action Team provides regular reports on its activities to the Homeless Prevention Coalition of Guilford County (dba Partners Ending Homelessness), the CoC's primary decision-making group.

Does the CoC coordinate with the State Interagency Council on Homelessness to reduce or remove barriers to accessing mainstream services? Yes

Does the CoC and/or its providers have specialized staff whose primary responsibility is to identify, enroll, and follow-up with homeless persons on participation in mainstream programs? Yes

If yes, identify these staff members Provider Staff

Does the CoC systematically provide training on how to identify eligibility and program changes for mainstream programs to provider staff. Yes

If "Yes", specify the frequency of the training. semi-annually (twice a year)

Does the CoC use HMIS as a way to screen for mainstream benefit eligibility? No

If "Yes", indicate for which mainstream programs HMIS completes screening.

Has the CoC participated in SOAR training? Yes

If "Yes", indicate training date(s).

The CoC continues to actively participate in SOAR trainings. A member of the CoC participated in SOAR training held by the North Carolina Coalition to End Homelessness (NCCEH). NCCEH conducted its SOAR trainings on December 9-10, 2009, April 26-27, 2010, and July 21-22, 2010.

4G: Homeless Assistance Providers Enrollment and Participation in Mainstream Programs

Indicate the percentage of homeless assistance providers that are implementing the following activities:

Activity	Percentage
<p>1. Case managers systematically assist clients in completing applications for mainstream benefits. 1a. Describe how service is generally provided:</p> <p>Case managers or social workers meet with clients, conduct an assessment at intake, assist client in completing applications/gathering documents, and scheduling appointments with mainstream program staff. Services are generally provided through one-one-one counseling, home visits, and/or telephone contact. Case managers set goals with clients and monitor achievement. Clients attend classes as needed (e.g., life skills).</p>	94%
<p>2. Homeless assistance providers supply transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs.</p>	65%
<p>3. Homeless assistance providers use a single application form for four or more mainstream programs: 3.a Indicate for which mainstream programs the form applies:</p> <p>Providers that use a single application form report that their forms are used for SSI, SSDI, SCHIP, Medicaid, Food Stamps, JobLink, and housing (HOPWA, SPC, and SHP). Some forms also are used for programs at external agencies (e.g., ESC, daycare, medical assistance, substance abuse issues/counseling, education/community colleges, clothing banks).</p>	26%
<p>4. Homeless assistance providers have staff systematically follow-up to ensure mainstream benefits are received. 4a. Describe the follow-up process:</p> <p>Case managers or social workers follow-up with clients by phone or in person (e.g., home visits), and they also follow-up with benefits coordinators to ensure submission and processing of application. Case managers or social workers also advocate for clients as necessary. Case managers also check to see if clients received and/or renewed benefits, and they maintain copies of Medicaid cards and food stamps amounts in files.</p>	82%

Continuum of Care (CoC) Project Listing

Instructions:

IMPORTANT: Prior to starting on the CoC Project Listing, CoCs should carefully review the CoC Project Listing Instructions and the CoC Project Listing training module, both of which are available at www.hudhre.info/esnaps.

To upload all Exhibit 2 applications that have been submitted to this CoC, click on the "Update List" button. This process will take longer based upon the number of projects that need to be located. The CoC can either work on other parts of Exhibit 1 or it can log out of e-snaps and come back later to view the updated list. To review a project, click on the next to each project to view project details.
