METHODOLOGIES
What methods were used to conduct your sheltered count?
☐ Survey/interview with homeless persons ☐ HMIS ☐ Other (specify:)

#### **DEFINITIONS OF TERMS**

## **Program Types**

Emergency Shelter provides temporary overnight shelter for homeless persons for up to 90 days.

Programs include publicly and privately funded emergency shelter programs, domestic violence shelters, hotel/motel vouchers, VA-funded Contract Residential Services (CRS), HHS Runaway and Homeless Youth Basic Center Programs, HOPWA Hotel/Motel Vouchers and Short-Term Supportive Facility Programs

**Seasonal Shelter** provides temporary overnight shelter for homeless persons on a planned basis, with set start and end dates, during high-demand times of the year (usually cold-weather months).

Transitional Housing provides temporary housing and supportive services for homeless persons for 12 to 24 months.

Programs include publicly and privately funded transitional housing, HUD CoC-funded transitional housing, HHS Runaway and Homeless Youth Transitional Living Programs/Maternity Group Homes/Support System for Rural Homeless Youth, VA GPD – Bridge Housing, VA GPD – Clinical Treatment, VA GPD – Hospital to Housing, VA GPD – Service Intensive Transitional Housing, VA Compensated Work Therapy-Transitional Residence, HOPWA Transitional Housing

## **Beds and Units**

**Beds for Families** are designated for households of adults and children.

Units for Families are separate rooms, units, or buildings designated to each house one family.

**Beds for Adults** are designated for households in which everyone is an adult age 18 or over (single adults, adult couples without children, adults with adult sons/daughters).

**Beds for Households of Only Children** are designated for households in which everyone is under 18 (unaccompanied children, adolescent parents and their children, adolescent siblings, etc.)

If beds are not designated exclusively for a particular type of household, record the beds according to how they were used on the night of the PIT. If the program is not at full capacity on the night of the PIT, pro rate the empty beds based on the distribution of the beds that were occupied.

**Overflow Beds** are available on an ad hoc or temporary basis in response to demand that exceeds planned bed capacity. They can include cots, roll-aways, etc. that are only used when the "regular" beds are full. Record the total number of overflow beds available on the night of the PIT Count. If there is no fixed number, record the number of overflow beds that were occupied.

Hotel/Motel Beds are beds located in a hotel or motel that are paid for by a program (shelter, DSS, church, etc.) either because the program has no beds of its own or its beds are full. All hotel/motel beds are considered emergency shelter beds regardless of what program provides them. Only record the number of hotel/motel beds that were occupied on the night of the count.

**Seasonal Beds** are available on a planned basis during high-demand times of the year (usually cold-weather months). Seasonal programs should record the dates their beds are available in the Bed Inventory chart (ex. open Dec. 15 to April 15).

**Beds dedicated to veterans** are beds that are reserved for homeless veterans (and their families, if applicable). These beds must be filled by veterans unless there are no homeless veterans within the program's service area.

**Beds dedicated to youth** are beds that are reserved for homeless youth up to age 24. These beds must be filled by youth unless there are no homeless youth within the program's service area.

## **Households**

- 1. Households with Adults and Children: at least one adult and one child are present on the night of the count.
- **2.** Households without Children: single adults, adult couples without children, adults with adult sons/daughters, and adults whose children are not present with them on the night of the count.
- **3. Households of Only Children:** every person is aged 17 or younger. This includes unaccompanied children under 18, adolescent parents and their children, adolescent siblings, or other household configurations composed only of children.

#### **Chronically Homeless**

A homeless individual (adult or youth) or a homeless family with a Head of Household (adult or youth) who:

1. Has a disabling condition (serious mental illness, substance use disorder, developmental disability, PTSD, cognitive impairments from brain injury, chronic physical illness or physical disability)

#### **AND**

2. Has been homeless and living in a place not meant for human habitation or an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years where the combined length of time homeless on those occasions totals at least 12 months

A chronically homeless household includes at least one adult member or minor heads of household who is chronically homeless. When one household member qualifies as chronically homeless, <u>all members</u> of that household are automatically considered chronically homeless. (For example, if one adult in a two-adult household is identified as chronically homeless, both adults should be counted as chronically homeless.)

### **Veteran**

An adult who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

#### Youth

Youth are people age 24 or younger, including children under age 18 and young adults age 18-24.

A Youth Household is a household made up entirely of youth age 24 or younger.

A **Parenting Youth** is a person age 24 or younger who identifies as the parent/legal guardian of one or more children who are present with them on the night of the count, where there is no person over age 24 in that household.

An *Unaccompanied Youth* is a person age 24 or younger who is <u>not</u> accompanied by a parent/legal guardian and is <u>not</u> a parent presenting with his/her children. Unaccompanied youth can be single youth, youth couples, or groups of youth presenting together as a household.

### **Survivors of Domestic Violence**

Adults who are currently experiencing homelessness because they are fleeing domestic violence, dating violence, sexual assault, or stalking.
