DEFINITIONS OF TERMS

Program Type

Permanent Supportive Housing is permanent housing and supportive services for homeless persons with disabilities.

Programs include publicly and privately funded permanent supportive housing programs, CoC-funded permanent supportive housing (CoC Program, Shelter+Care, and SHP Permanent Housing), HUD-VASH (Veterans Affairs Supportive Housing), Housing Opportunities for Persons with AIDS (HOPWA) Permanent Supportive Housing, VA Grant and Per Diem Transition in Place, and HUD Public and Indian Housing (PIH) Permanent Supportive Housing.

Beds and Units

Beds for Families are designated for households of adults and children.

Units for Families are separate rooms, units, or buildings designated to each house one family.

Beds for Adults are designated for households in which everyone is an adult age 18 or over (single adults, adult couples without children, adults with adult sons/daughters).

Beds Dedicated to Chronically Homeless Persons are beds that are reserved for individuals and/or families that are chronically homeless at program entry. These beds must be filled by chronically homeless participants unless there are no chronically homeless people within the program's service area.

Beds dedicated to Veterans are beds that are reserved for homeless veterans (and their families, if applicable). These beds must be filled by veterans unless there are no homeless veterans within the program's service area.

Beds dedicated to Youth are beds that are reserved for homeless youth up to age 24. These beds must be filled by youth unless there are no homeless youth within the program's service area.

Households

1. **Households with Adults and Children:** at least one adult and one child are present on the night of the count.
2. **Households without Children:** single adults, adult couples without children, adults with adult sons/daughters, and adults whose children are not present with them on the night of the count.
3. **Households of Only Children:** every person is aged 17 or younger. This includes unaccompanied children under 18, adolescent parents and their children, adolescent siblings, or other household configurations composed only of children.

Chronically Homeless

A homeless individual (adult or youth) or a homeless family with a Head of Household (adult or youth) who:

1. Has a disabling condition (serious mental illness, substance use disorder, developmental disability, PTSD, cognitive impairments from brain injury, chronic physical illness or physical disability)
- AND**
2. Has been homeless and living in a place not meant for human habitation or an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years where the combined length of time homeless on those occasions totals at least 12 months

A chronically homeless household includes at least one adult member or minor Heads of Household who is chronically Homeless. When one household member qualifies as chronically homeless, all members of that household are automatically considered chronically homeless. (For example, if one adult in a two-adult household is identified as chronically homeless, both adults should be counted as chronically homeless.)

Survivors of Domestic Violence

Adults who are currently experiencing homelessness because they are fleeing domestic violence, dating violence, sexual assault, or stalking.
