Dear Shana,

I am writing to reaffirm our deadline of March 9, 2018, for the Raleigh/Wake Continuum of Care (CoC) HMIS data to be included in the launch of HMIS at NCCEH. As we communicated on February 7th, 2018, in order to meet our timeline for launch, NCCEH must instruct Mediware which data to move to our new system. Unfortunately, we cannot negotiate this timeline as it would put our ability to meet key deliverables in jeopardy.

However, if the Raleigh/Wake CoC does not decide to join HMIS at NCCEH by March 9th for our June launch, there will be opportunities to join in the future. Though we have not established any timeframes, we plan to welcome any additional CoCs that wish to join at a later time. We anticipate this would be handled by NCCEH issuing a notice that we are accepting applications to join our network. NCCEH and our HMIS Advisory Board would approve the addition of any CoCs. After the transition takes place in June, we will have a better understanding of the process and under what timeframe CoCs may join in the future.

We look forward to hearing your decision. Please let us know if we can provide any additional information.

Thank you,

Denise Neunaber

Denise,

Thank you for sending a written notice regarding the March 9th deadline. After completing a thorough community process, we are not able to meet the March 9th deadline. The Board plans to review and discuss this decision at our next board meeting on Friday, March 16th. The board will meet in closed session for this agenda item and aims to reach agreement so that a vote can be conducted on this matter. If there is no motion for a vote, we will review it at the April 20th board meeting.

Please let me know if you have any additional questions about this.

Regards,

Abbie
