NCCEH Back@Home North Carolina CLIENT RELEASE OF INFORMATION & SHARING PLAN

SECTION 1 - Identifying Information

Last Name:	First Name:	Middle Initial:
Provider Completing Assessment:	Date of Birth:	Date of Assessment:

Introduction: Many North Carolina shelters and helping programs use a Homeless Management Information System (HMIS) to keep information about people they help. This form defines which client data is entered into HMIS and how those data are shared between HMIS and the Back@Home NC group. The Back@Home NC group is a group that was created in response to recent disaster and works to identify households who need assistance in finding a housing solution and develop strategies for housing them.

The included agencies will collect personal information directly from you to provide the best service possible. They only collect personal information that is considered appropriate for getting you housed. The collection and use of all personal information is guided by strict standards of confidentiality.

Why do we collect information about you?

- To determine eligibility for benefits and services;
- To connect you with other helping agencies;
- To reduce the number of times you have to tell your story; and
- To prevent your information from being confused with someone else's.

The information shared within the Back@Home NC group will be used for the following purposes (see Section 2 for a full explanation of how information will be shared):

- To assess persons for eligibility.
- To identify people impacted by the disaster and get them housed as quickly as possible.
- To help case managers and staff at participating agencies to work together to meet your needs including, but not limited to, housing, case management, and financial assistance.

Basic identifying information (name, year of birth, **partial** Social Security Number, gender and your veteran status) can be seen by all North Carolina agencies that use HMIS. This information allows us to select the correct record and to better coordinate services for you. All persons using HMIS are trained and certified in privacy.

SECTION 2 – Coordination of Care and Back@Home NC Sharing Plan

Who will be sharing information about the individual?

The following person(s) or entities may use or disclose the information: All agencies involved in the Back@Home NC disaster rehousing program. The list of providers can be found at www.backathome.org/partners.
