## Section: Balance of State Supportive Services Only - Coordinated Entry Overview (BoS SSO-CE)

The Balance of State Supportive Services Only - Coordinated Entry (SSO-CE) grants have three basic goals:

1. Improve the regional Coordinated Entry system.
2. Provide access to Coordinated Entry to households who otherwise may not get access.
3. Maintain a By-Name List in HMIS to ensure the most vulnerable households are prioritized for housing.

### Coordinated Entry Overview

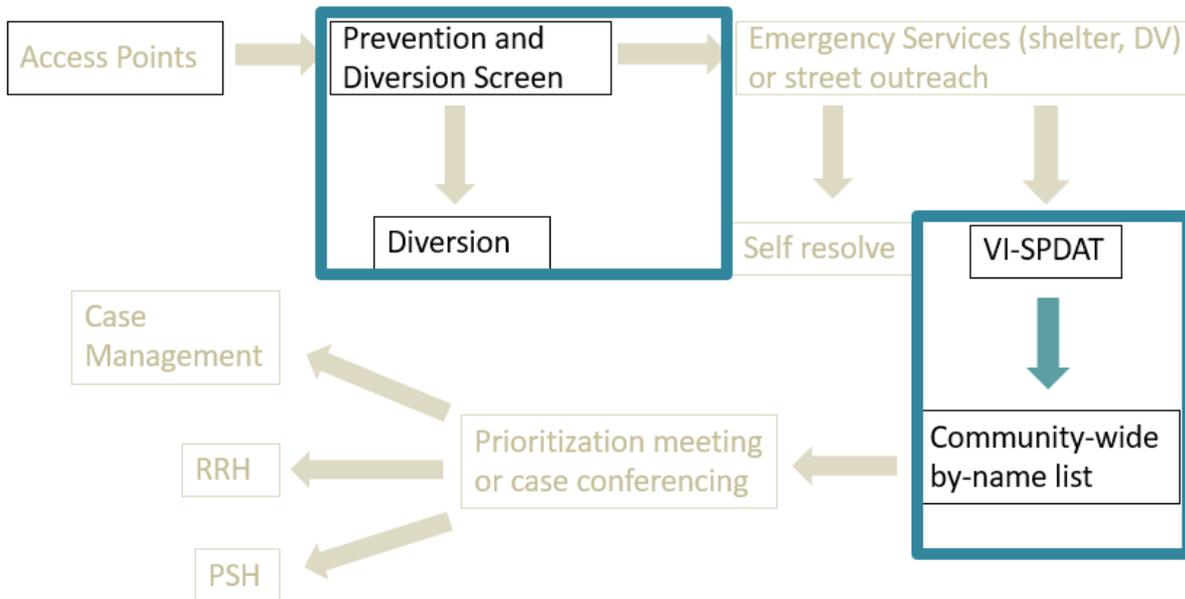

While a variety of agencies interact with the Coordinated Entry system, there is one basic workflow:

1. Each person/household who is literally or imminently homeless present at an identified Coordinated Entry access point (emergency shelter, DSS, street outreach etc).
2. Access point staff should engage each person/household in a Prevention and Diversion discussion in an effort to divert them from homelessness if possible.
3. Once a client does become literally homeless, they will be engaged with an emergency shelter, street outreach or some other type of homeless provider.
4. Each person/household who is unable to self-resolve their homelessness within 14 days will be assessed for vulnerability with the VI-SPDAT assessment.
5. Every literally homeless person/household will be added to the regional by-name list to be prioritized for housing opportunities.
6. The by-name list will be reviewed at regular case conferencing meetings to prioritize the most vulnerable households for the open housing resources.

7. Each literally homeless person/housed matched with housing projects will be referred to them via HMIS or other means for housing and appropriate supports.
8. The housing program will then work with the client to get them housed and provide appropriate supports along the way to stabilize them in housing.

Two main parts of the Coordinated Entry process will be captured by SSO grantees in the two SSO projects in HMIS.

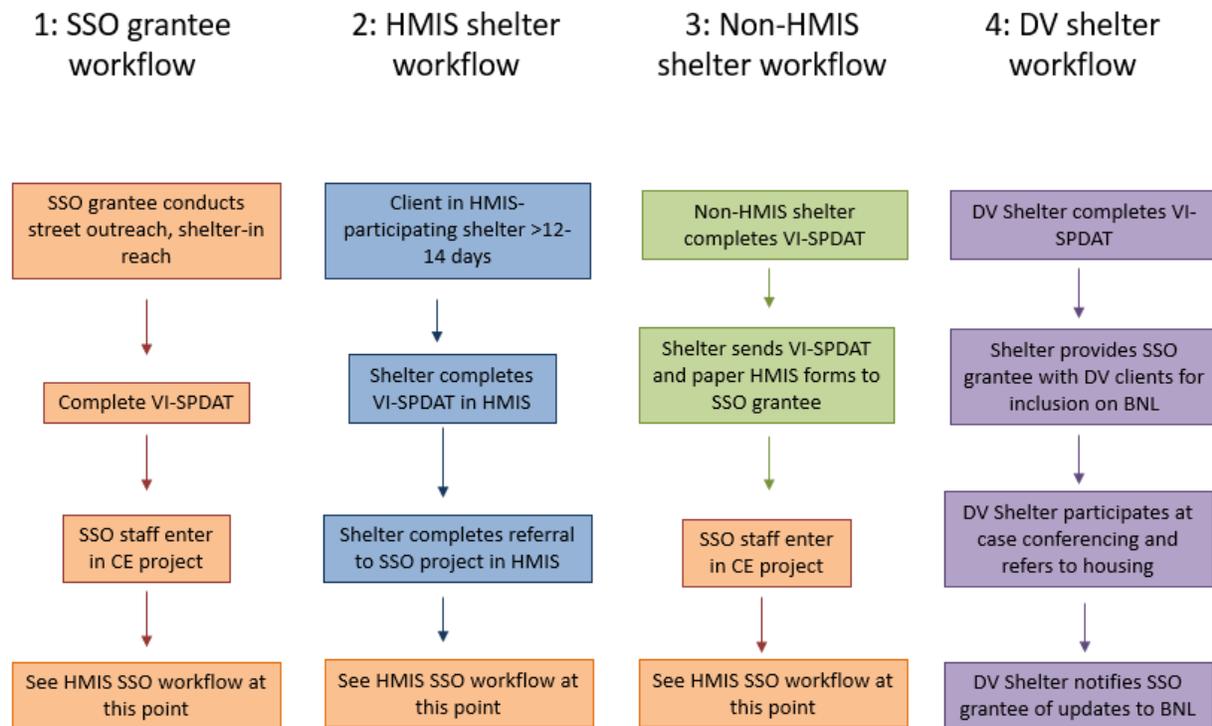

1. The Prevention and Diversion project will capture all prevention and diversion activities that the SSO CE grantee engages in with clients.
2. The Coordinated Entry project will capture all homeless clients (regardless of which provider they are working with) in the region and track their progress through Coordinated Entry until they are successfully housed for 90 days. Every client that is literally homeless and has a VI-SPDAT assessment or has a length of time homeless long enough to be assessed (14 days or more) will need an entry into the SSO Coordinated Entry project. Clients should only be exited after they are housed for 90 days or more, have been unable to be found in the community for 90 days or more or have passed away.

[Back to Table of Contents](#)

## Paths to Coordinated Entry Project

While there is one basic workflow, agencies interact differently with the Coordinated Entry system:

**1: SSO-CE grantee workflow** – SSO grantee finds people via street and/or shelter outreach, completes VI-SPDAT assessment, and enter the Coordinated Entry project via HMIS → move to HMIS SSO workflow

**2: HMIS shelter or street outreach workflow** – HMIS-participating shelter or street outreach conducts and enters a VI-SPDAT assessment after 14 days of literal homelessness, then refers to the Coordinated Entry project via HMIS → move to HMIS SSO workflow

**3: Non- HMIS shelter or program workflow** – Non-HMIS participating shelter or homeless program sends completed VI-SPDAT, ROI and other information to SSO grantee via paper form for grantee to enter the Coordinated Entry project via HMIS → move to HMIS SSO workflow

**4: DV shelter workflow** – DV shelter completes VI-SPDAT after 14 days of literal homelessness and works with SSO grantee for addition onto by-name list for case conferencing and housing prioritization. SSO grantee will add the DV shelter referrals onto the by name list prior to case conferencing meetings. Once a DV shelter client is matched with a housing resource the DV shelter does the referral to the housing provider. DV clients will not get an entry into the CE project in HMIS for safety reasons.

[Back to Table of Contents](#)

## SSO Coordinated Entry Workflow in HMIS

SSO grantees should follow this process for all literally homeless clients in the region.

## Section: Eligibility

---

To receive services covered by the BoS SSO-CE grant, persons must be Category 1, Category 2 or Category 4 Homeless as defined below. Ineligible persons should receive referrals to other resources in the community.

**Category 1 Homelessness (Literal Homelessness):** A state in which a person lacks a fixed, regular, and adequate nighttime residence, as defined by one of the following conditions:

- a. An individual or household has a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned building, bus or train station, airport, camping ground; or
- b. An individual or household is living in a supervised publicly or privately-operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by federal, state, or local government program for low-income individuals); or
- c. An individual or household is exiting an institution where he or she resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution.

**Category 2 Homelessness:** When a person or household will imminently lose their housing (within 14 days), no subsequent residence has been identified, and the person or household lacks the resources or support networks needed to obtain other permanent housing.

**Category 4 Homelessness:** When an individual or household is fleeing, or attempting to flee domestic violence, has no other residence; and lacks the resources or support networks to obtain other permanent housing.

See the SSO-CE Policies and Procedures, posted at [www.ncceh.org/bos/ssoce](http://www.ncceh.org/bos/ssoce) for details about documenting homelessness.

[Back to Table of Contents](#)

## Section: Referrals to Coordinated Entry Project from Access Points

---

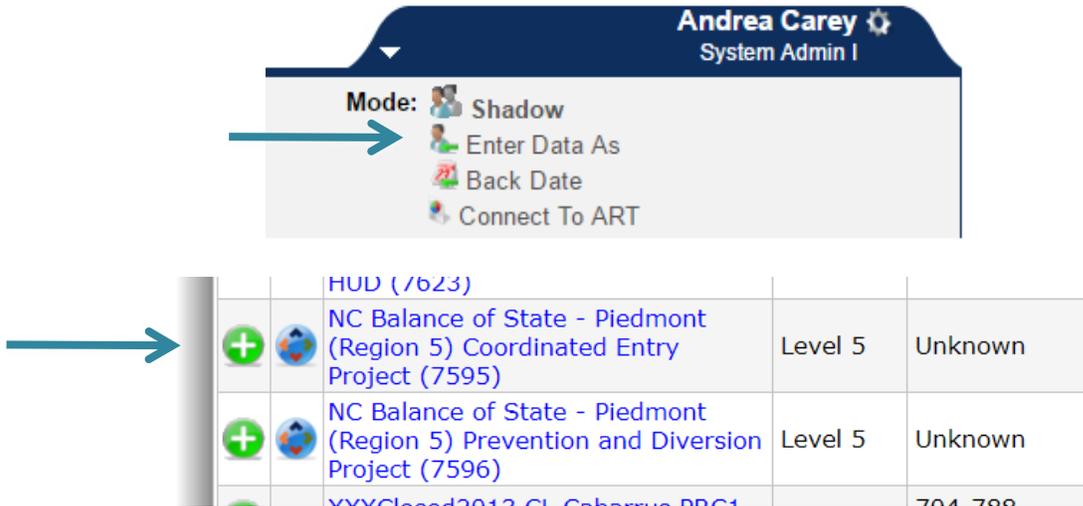

Access points (shelter, outreach, etc) should refer to the Coordinated Entry project after completing the VI-SPDAT assessment on clients. However, a referral is NOT required. It just alerts the SSO grantee that an eligible person needs access to Coordinated Entry. If a client has a long length of stay in shelter, then they should get a CE project entry and the SSO grantee can work with the access point to assess them or assist in assessing with their outreach/in-reach activities.

When access points refer to the Coordinated Entry Project, you can find these referrals below in HMIS using the steps below:

## Step 1. Find Open Referrals

Use the dashlet counts reports on your HMIS home page to quickly locate outstanding open referrals.

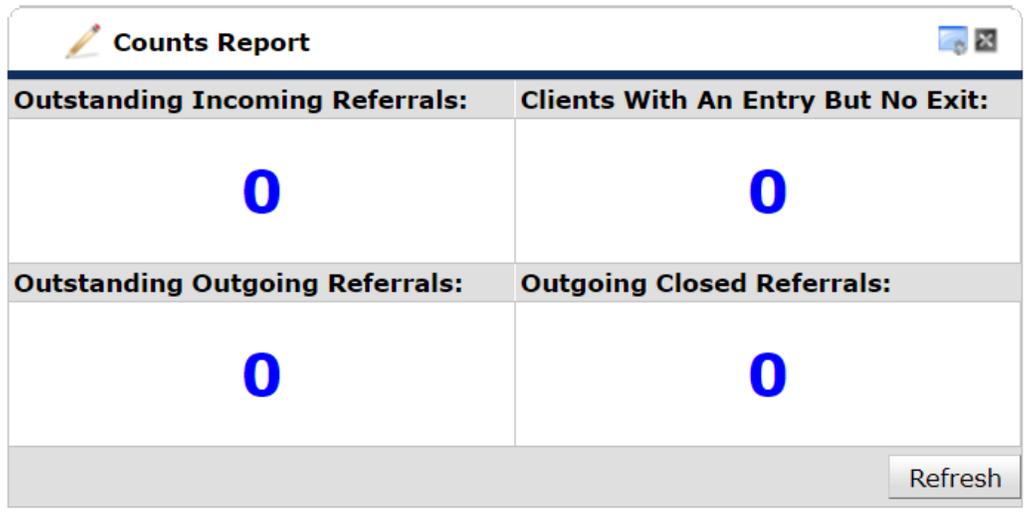

1. Once logged into HMIS, use Enter Data As function to find the region's Coordinated Entry project. Next, click the green plus sign next to the Coordinated Entry Project for your region. **Please note that each SSO grantee will only see their region's project.**

The screenshot shows the HMIS user interface. At the top, the user is identified as Andrea Carey, System Admin I. Below this, there is a 'Mode:' dropdown menu with options: Shadow, Enter Data As (highlighted with a blue arrow), Back Date, and Connect To ART. Below the mode menu is a table with the following data:

		HUD (/623)		
			NC Balance of State - Piedmont (Region 5) Coordinated Entry Project (7595)	Level 5 Unknown
			NC Balance of State - Piedmont (Region 5) Prevention and Diversion Project (7596)	Level 5 Unknown
			XXClosed2012 Cl. Coahoma POC	704 788

2. Click the Refresh button in the Counts Report box on home page to get the most updated and accurate referral counts.

The screenshot shows the 'Counts Report' dashlet. It has a title bar with a pencil icon and the text 'Counts Report'. Below the title bar is a table with four quadrants, each showing a large blue '0' in the center:

Outstanding Incoming Referrals:	Clients With An Entry But No Exit:
0	0
Outstanding Outgoing Referrals:	Outgoing Closed Referrals:
0	0

At the bottom right of the dashlet is a 'Refresh' button, which is highlighted with a blue arrow.

3. Click on the blue number to see Outstanding Incoming or Outgoing Referrals.

Counts Report	
<b>Outstanding Incoming Referrals:</b>	<b>Clients With An Entry But No Exit:</b>
→ <b>1</b>	<b>0</b>
<b>Outstanding Outgoing Referrals:</b>	<b>Outgoing Closed Referrals:</b>
<b>0</b>	<b>0</b>
Refresh	

- Click on the blue HMIS Client ID to access that client record.

Count Details						
Outstanding Incoming Referrals						
Client ID	Call Record ID	Group ID	Household ID	Referral Date	Referral Ranking	Need Type
<a href="#">134</a>				09/11/2019		Housing Related Coordina
Showing 1-1 of 1						

[Back to Table of Contents](#)

## Step 2. View and Accept Referrals

All incoming referrals must be resolved. Typically this occurs when the CE project “accepts” the referral. If a referral is declined or cancelled, then a reason must be added.

- Navigate to the Service Transaction tab.

Client - (134) Allen, Sarah

(134) Allen, Sarah  
Release of Information: None

Client Information      Service Transactions

[Back to Table of Contents](#)

## Section: Entry into Coordinated Entry Project

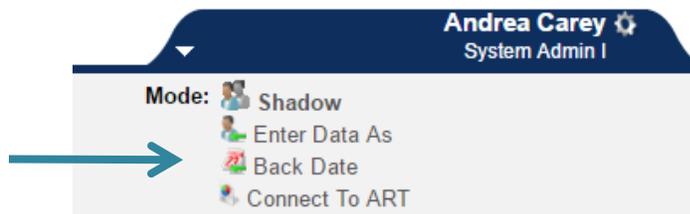

---

All literally homeless people in the SSO region will need an entry into the Coordinated Entry Project. This entry will be prompted by either a referral from an access point or the SSO grantee may see that the a person or household has been homeless for 14 days or more and enroll that person or Head of Household directly into the CE project regardless of whether or not the person also had a shelter entry. Or the SSO grantee will directly enter someone into the CE project if they are not connected to another provider.

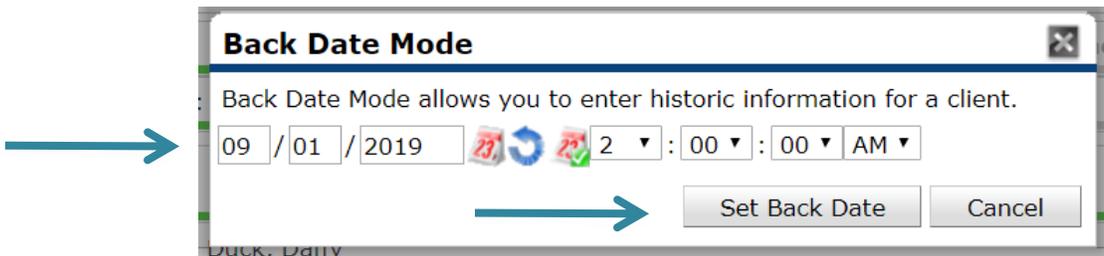

1. ALWAYS use Enter Data As mode when entering data or doing any activities for the Coordinated Entry Project. Click *Enter Data As* and click the green plus sign next to the *Coordinated Entry Project* for your region.

2. Use Back Date if entering data or doing activities for a day other than today.

a. Enter the date that you want to enter data for and click Set Back Date.

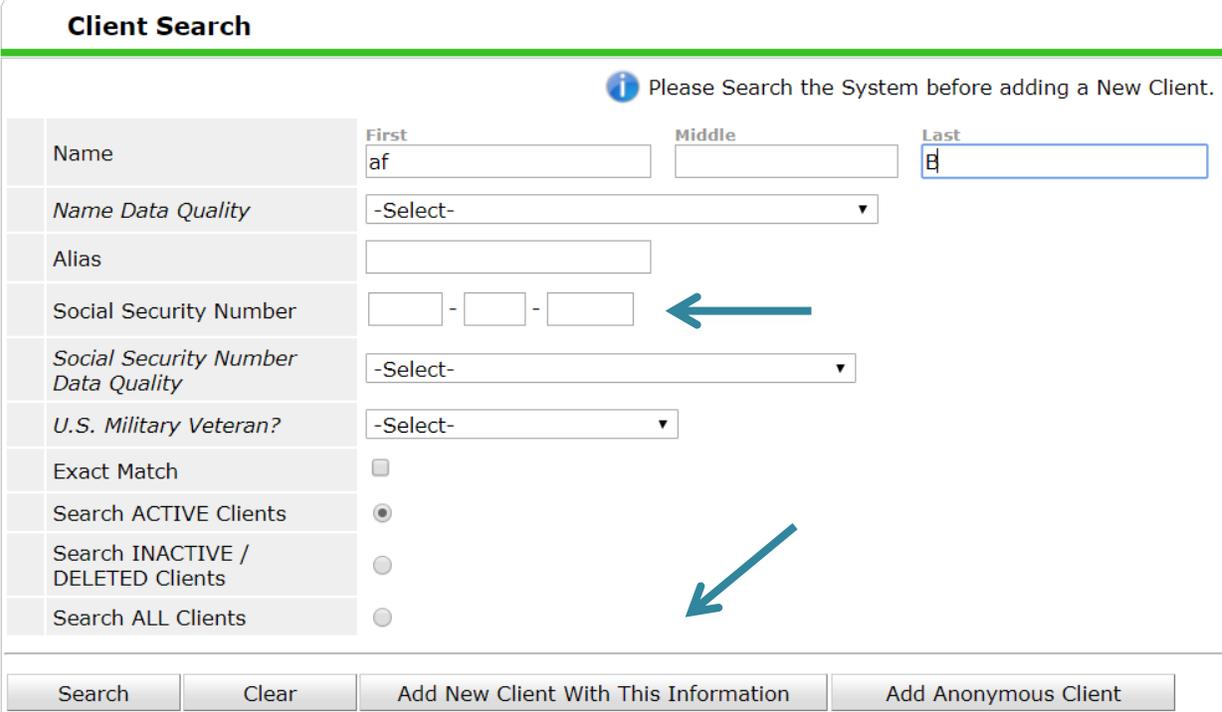

b. The top of your screen will be bright yellow when you are in Back Date Mode.

## Step 1. Find or Create Client Profile

1. Search for person in ClientPoint in the Client Search screen in 3 different ways: by partial first and last name, last 4 of SSN, and alias then click Search. If client does not already have a client profile, then create one by adding ALL information on the Client Search screen and click Add New Client with This Information.

**Client Search**

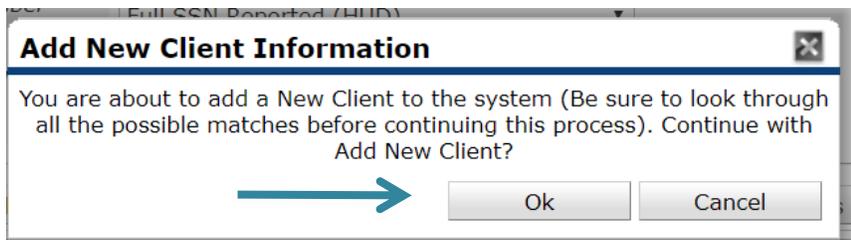

Please Search the System before adding a New Client.

Name	First af	Middle	Last E
Name Data Quality	-Select-		
Alias			
Social Security Number	- - - ←		
Social Security Number Data Quality	-Select-		
U.S. Military Veteran?	-Select-		
Exact Match	<input type="checkbox"/>		
Search ACTIVE Clients	<input checked="" type="radio"/>		
Search INACTIVE / DELETED Clients	<input type="radio"/>		
Search ALL Clients	<input type="radio"/>		

Search Clear Add New Client With This Information Add Anonymous Client

*Annotations: A blue arrow points to the 'Name' field. Another blue arrow points to the 'Social Security Number' field. A third blue arrow points to the 'Search ALL Clients' radio button.*

2. Click Ok when Add New Client Information box pops up

3. Navigate to the Client Demographics section under the Client Profile tab. Click the pencil next to Client Demographics to add information.

**Client Demographics**

Date of Birth
Date of Birth Type
Gender
Primary Race
Secondary Race
Ethnicity

4. Add or correct information, review again for accuracy, and click Save.

**Client Demographics** Date: 09/01/2019 02:00:00 AM

Editing the Client Demographic Information could affect the Unique ID and the Client Search.

Date of Birth	01 / 01 / 1995
Date of Birth Type	Full DOB Reported (HUD)
Gender	Male
Primary Race	Asian (HUD)
Secondary Race	-Select-
Ethnicity	Non-Hispanic/Non-Latino (HUD)

[Back to Table of Contents](#)

## Step 2. Create or Update Household

Households are only created if multiple people present together for services and identify as 1 household (no matter the household composition). A single person should not have a household created for them in HMIS.

1. Navigate to the Head of Household's profile and go to the Households tab.
2. Determine if the Household tab is complete and accurate. A new household can be created, or a new client can be added to an already existing household. **Do not delete household members.** Any members not currently part of the household should not be added to entries or referrals.

- To create a new household, click on Start New Household. Search for someone using the same steps outlined in [Step 1. Find or Create Client Profile](#). Click the Green plus sign to add them to the Selected Clients section.

**Client - (355) Duck, Daffy**

(355) Duck, Daffy  
Release of Information: **None**

**Client Information**

Summary   Client Profile   **Households**   ROI

i This Client is not currently :

▶ **Previous Households**

←

- If a client profile is not found, complete all the fields in the Client Search section. Then, click on the Add New Client with this Information button.

**Client Search**

i Please Search the System before adding a New Client. Hide Advanced Search

Name	First Baby	Middle	Last Duck	Suffix
Name Data Quality	Full Name Reported			
Alias				
Social Security Number	333	- 55	- 8746	
Social Security Number Data Quality	Full SSN Reported (HUD)			
U.S. Military Veteran?	No (HUD)			
Exact Match	<input type="checkbox"/>			

↙

→

---

**Client Number**

Enter or Scan a Client ID to add that Client to this Household.

Client ID #

5. Click Continue after all household members have a profile in the Selected Clients section.

Selected Clients							
ID	Name	Social Security Number	Date of Birth	Alias	Gender	Household Count	
358	Duck, Baby	***-**-8746				0	
355	Duck, Daffy	***-**-7351	1995		Male	0	

Showing 1-2 of 2

6. Complete the three household questions for each client.

Household Members							
Name	Age	Head of Household	Relationship to Head of Household	Joined Household *	Previous Associations	Household Count	
(358) Duck, Baby		No	son	09 / 01 / 2019	0	1	
(355) Duck, Daffy	24	Yes	Self	09 / 01 / 2019	0	1	

- Head of Household Yes or No.
- Relationship to Head of Household (heads of household list Self).
- Joined Household is the date when these clients presented for services together in HMIS which should be today or earlier and not the date of first dates, marriages, or initial family events.

7. Click Save & Exit (at the top or bottom of page). A pop up may appear to remind you to confirm all parts are complete click No if you have everything completed.

### Household Information - (104) Male Single Parent

**Household Type \*** Male Single Parent

8. To add another client to the already created household, click the Manage Household button.

(104) Male Single Parent							
Name	Age	Head of Household	Relationship to Head of Household	Joined Household	Previous Associations	Household Count	
(355) Duck, Daffy	24	Yes	Self	09/01/2019	0	1	
(358) Duck, Baby		No	son	09/01/2019	0	1	

a. Click on Add/Delete Household Members.

Household Members								
Name	Age	Head of Household	Relationship to Head of Household	Joined Household *	Previous Associations	Household Count		
(355) Duck, Daffy	24	Yes	Self	09 / 01 / 2019	0	1

[Back to Table of Contents](#)

### Step 3. Add Release of Information

Every person needs an electronic Release of Information in HMIS that reflects their written and signed paper Release. If a client says no to the ROI call the NCCEH Data Center so their profile can be locked to prevent unwanted sharing.

1. Click on the ROI tab.

**Client - (355) Duck, Daffy**

(355) Duck, Daffy  
Release of Information: **None**

**Client Information**

Summary Client Profile Households **ROI**

Client Record

2. Click Add Release of Information.

**Client Information**

Summary Client Profile Households **ROI**

**Release of Information**

Provider

Add Release of Information

3. Select all household members that should be connected in this entry by checking the box(es).

**Household Members**

**To include Household meml**

**(104) Male Single Parent**

(355) Duck, Daffy

(358) Duck, Baby

(192) Flower, Daisy

4. Confirm provider is the Coordinated Entry Project. If not, then change EDA to the CE project and return to this section. Change Release Granted to Yes.

**Release of Information Data**

<b>Provider *</b>	NC Balance of State - Piedmont (Region 5) Coordinated Entry Project (7595)
<b>Release Granted *</b>	Yes

5. Enter Start and End dates. End Date is usually one year from Start Date unless otherwise specified by client.

<b>Start Date *</b>	09 / 01 / 2019
<b>End Date *</b>	09 / 01 / 2020

6. Select Documentation and add staff initials for Witness.

<b>Documentation</b>	Signed Statement from Client
<b>Witness</b>	NP

7. Click Save Release of Information.

Save Release of Information    Cancel

8. Confirm ROI for correct dates shows up on ROI tab.

The screenshot shows the 'Client Information' section with a navigation bar containing 'Summary', 'Client Profile', 'Households', 'ROI', 'Entry / Exit', 'Case Managers', 'Case Plans', and 'Assessments'. The 'ROI' tab is highlighted, and a blue arrow points to it. Below the navigation bar, the 'Release of Information' section is visible, containing a table with the following data:

Provider	Permission	Start Date	End Date
NC Balance of State - Piedmont (Region 5) Coordinated Entry Project	Yes	09/01/2019	09/01/2020

Below the table, there is an 'Add Release of Information' button and the text 'Showing 1-1 of 1'.

[Back to Table of Contents](#)

#### Step 4. Create CE Project Entry

Every literally homeless person and/or Head of Household in the region should have an entry into the CE project. The Project Start Date should coincide with the date of a homeless verification marker (e.g., shelter stay or VI-SPDAT date).

If you are the first provider in the region to assess the person/household, you will need to enter all the data for that person/household. If another access point in the region has already assessed and created an entry for that client, then some or most of the data should share to and prepopulate data in the CE project entry. Contact the NCCEH Data Center for visibility/sharing issues.

1. Click Add Entry/Exit on the Entry/Exit tab.

The screenshot shows the 'Client Information' section with a navigation bar containing 'Summary', 'Client Profile', 'Households', 'ROI', and 'Entry / Exit'. The 'Entry / Exit' tab is highlighted, and a blue arrow points to it. Below the navigation bar, there is an information icon and the text 'Reminder: Household members must be established on Households tab'. Below this, the 'Entry / Exit' section is visible, containing a table with the following data:

Program	Type	Project Start Date	Exit Date
No match			

Below the table, there is an 'Add Entry / Exit' button.

- The Provider and Project Start Date should pre-populate with the correct information. If they do not, then fix your EDA and Backdate before going any further. The Type is HUD and everyone in this current household should have their box checked. Click Save & Continue when done.

**Household Members**

**i** To include Household members for this Entry / Exit, click the box beside each name. Only members from the SAME Household may be selected.

- (104) Male Single Parent**
  - (355) Duck, Daffy (Joined Household: 09/01/2019)
  - (358) Duck, Baby (Joined Household: 09/01/2019)
  - (192) Flower, Daisy (Joined Household: 09/01/2019)

---

**Project Start Data - (355) Duck, Daffy**

<b>Provider *</b>	NC Balance of State - Piedmont (Region 5) Coordinated Entry Project (7595)
<b>Type *</b>	HUD
<b>Project Start Date *</b>	09 / 01 / 2019 2 : 00 : 00 AM

- Review all data that pre-populated from another access point. If no data pre-populated, then fill in the missing information.

**Entry Assessment**

<p><b>Household Members</b></p> <ul style="list-style-type: none"> <li><input checked="" type="checkbox"/> (355) Duck, Daffy Age: 24 Veteran: No (HUD)</li> <li><input checked="" type="checkbox"/> (358) Duck, Baby Age: 9 Veteran: No (HUD)</li> <li><input checked="" type="checkbox"/> (192) Flower, Daisy Age: 19 Veteran: No (HUD)</li> </ul>	<p><b>Project Start: SO</b> <span style="float: right;">Entry Date: 09/01/2019 02:00:00</span></p> <p><b>Answer the questions in this section for every client</b></p> <table style="width: 100%;"> <tr> <td>Date of Birth</td> <td>01 / 01 / 1995</td> </tr> <tr> <td>Date of Birth Type</td> <td>Full DOB Reported (HUD)</td> </tr> <tr> <td>Gender</td> <td>Male</td> </tr> <tr> <td>Primary Race</td> <td>Asian (HUD)</td> </tr> <tr> <td>Secondary Race</td> <td>-Select-</td> </tr> <tr> <td>Ethnicity</td> <td>Non-Hispanic/Non-Latino (HUD)</td> </tr> <tr> <td>Relationship to Head of Household</td> <td>Self (head of household)</td> </tr> </table>	Date of Birth	01 / 01 / 1995	Date of Birth Type	Full DOB Reported (HUD)	Gender	Male	Primary Race	Asian (HUD)	Secondary Race	-Select-	Ethnicity	Non-Hispanic/Non-Latino (HUD)	Relationship to Head of Household	Self (head of household)

## Section: Coordinated Entry Form

The NCEH Coordinated Entry Form needs to be completed for the Head of Household only. This form tracks progress through the CE system and is only available to SSO grantees.

The form should be updated under these conditions:

1. At CE project start to get the form started, just add whatever information you have.
2. After the client/household is case conferenced.
3. After the client/household is referred to a housing provider.
4. After the client/household is housed.
5. After the client/household should be removed from the active by name list.
6. Any other time it is helpful for the SSO grantee to update a field.

## Navigating to the Coordinated Entry Form

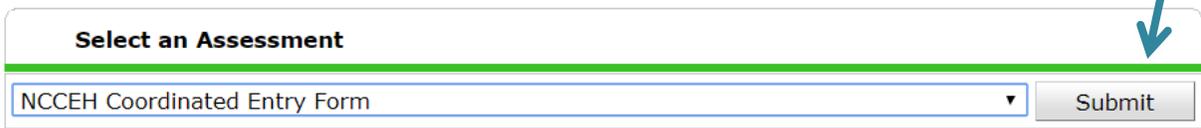

As with other data entry you should ALWAYS be in EDA mode for the Coordinated Entry project when entering data on the Coordinated Entry Form. You can use back date mode as needed as well.

1. Navigate to the Assessments tab under the Head of Household's record.

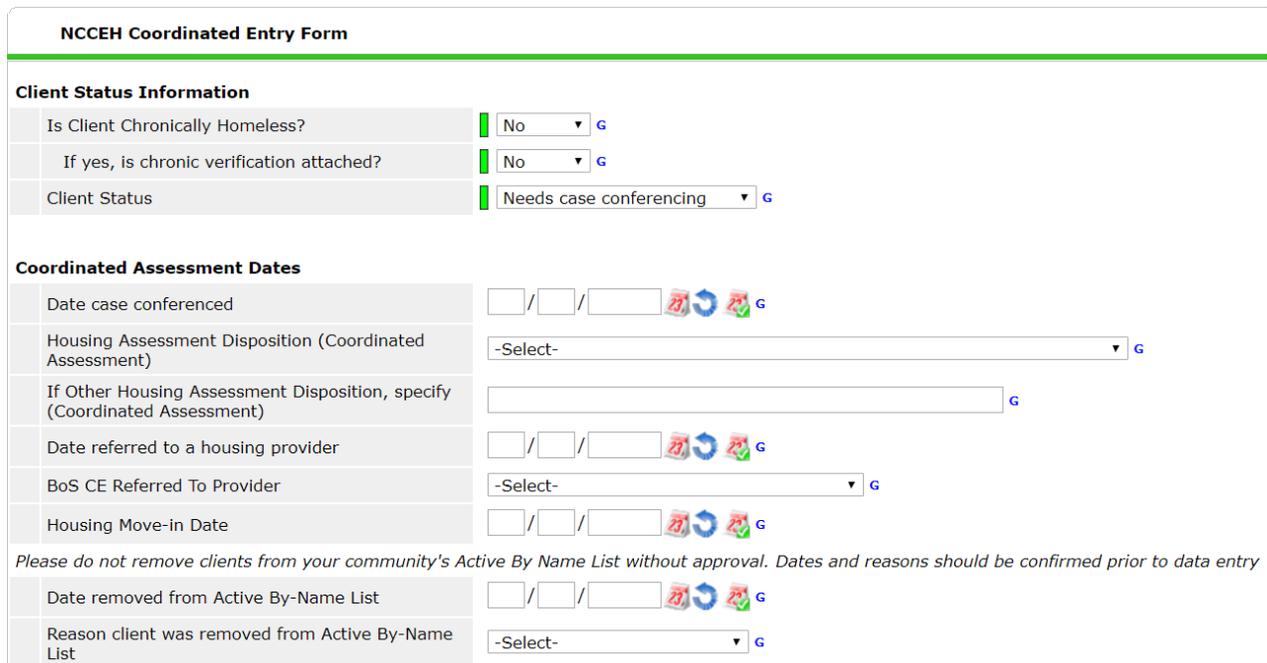

The screenshot shows a navigation menu for a client record. The 'Assessments' tab is highlighted in green. A blue arrow points to this tab. Other tabs include Client Profile, Households, ROI, Entry / Exit, Case Managers, Case Plans, and Assessments. Below the tabs, there is a 'Client Record' section with an 'Issue ID Card' button and a profile picture placeholder.

2. Choose the NCECH Coordinated Entry Form under Select an Assessment and click Submit.

The screenshot shows a 'Select an Assessment' dropdown menu. The option 'NCECH Coordinated Entry Form' is selected. A blue arrow points to the 'Submit' button next to the dropdown.

3. The form should pre-populate with previously entered data.

The screenshot shows the 'NCECH Coordinated Entry Form' with pre-populated data. The form is titled 'NCECH Coordinated Entry Form' and has a green header. The 'Client Status Information' section includes: 'Is Client Chronically Homeless?' (No), 'If yes, is chronic verification attached?' (No), and 'Client Status' (Needs case conferencing). The 'Coordinated Assessment Dates' section includes: 'Date case conferenced' (MM/DD/YYYY), 'Housing Assessment Disposition (Coordinated Assessment)' (-Select-), 'If Other Housing Assessment Disposition, specify (Coordinated Assessment)' (text input), 'Date referred to a housing provider' (MM/DD/YYYY), 'BoS CE Referred To Provider' (-Select-), and 'Housing Move-in Date' (MM/DD/YYYY). Below this, there is a warning: 'Please do not remove clients from your community's Active By Name List without approval. Dates and reasons should be confirmed prior to data entry'. The 'Date removed from Active By-Name List' (MM/DD/YYYY) and 'Reason client was removed from Active By-Name List' (-Select-) fields are also present.

4. Add or update fields and click Save.

The screenshot shows the bottom of the 'NCECH Coordinated Entry Form'. It includes the 'Date removed from Active By-Name List' (MM/DD/YYYY) and 'Reason client was removed from Active By-Name List' (-Select-) fields. Below these fields is a 'Print Assessment' button and a 'Save' button. A blue arrow points to the 'Save' button. A 'Cancel' button is also visible.

## Coordinated Entry Form Fields

Complete for each client/household as they move through the CE process and get housed. All these fields will appear on the By-Name List report for community discussion and awareness.

1. **Is Client Chronically Homeless?:** Is the Head of Household Chronically Homeless? This will be the field that pulls on the by name list report. If you do not complete this field for clients, then that column will not populate with information for them. ART and the homeless history are imperfect ways of tracking chronic status currently so we have provided this option instead so communities have more control and can make sure those clients that are chronic get marked as chronic on their by name list reports.

### Client Status Information

Is Client Chronically Homeless?

2. **If yes, is chronic verification attached?:** If yes, then attach the verification to the assessment via the binder in the upper right hand corner if wanted. Please note that verification is NOT required if yes is entered to a client being chronic, it's just an opportunity to attach it so it doesn't get lost.

If yes, is chronic verification attached?

3. **Client Status:** What is the Head of Household's current phase/status in the coordinated entry process?

Client Status

4. **Date case conferenced:** On what date was the Head of Household’s needs and housing matches discussed in-depth. We are aware that case conferencing means different things in different regions. You can use this field for the date that makes the most sense for your community. However, just getting an update on a client probably should not count as a case conferencing date for this purpose.

**Coordinated Assessment Dates**

Date case conferenced  /  /     

5. **Housing Assessment Disposition (Coordinated Assessment):** What is the Head of Household’s referral status? If other/specify is chosen, please use the text box below to elaborate, but only use this option if the other ones are not applicable.

Housing Assessment Disposition (Coordinated Assessment)

- Select-
- Select-
- Referred to emergency shelter/safe haven
- Referred to transitional housing
- Referred to rapid re-housing
- Referred to permanent supportive housing
- Referred to homelessness prevention
- Referred to street outreach
- Referred to other continuum project type
- Referred to a homelessness diversion program
- Unable to refer/accept within continuum; ineligible for continuum projects
- Unable to refer/accept within continuum; continuum services unavailable
- Referred to other community project (non-continuum)
- Applicant declined referral/acceptance
- Applicant terminated assessment prior to completion
- Other/specify

6. **Date referred to a housing provider:** When was the client referred to an open housing slot and matched with an appropriate provider?

Date referred to a housing provider  /  /     

7. **BoS CE Referred to Provider:** Which agency/program was the Head of Household referred to? This allows SSO grantees to track which agencies to follow-up with about referrals and housing.

BoS CE Referred To Provider

- Select-
- General Referrals-----
- VAMC HUD-VASH
- Public Housing List
- REGION 2-----
- ABCCM SSVF
- The Haven of Transylvania RRH
- Thrive PSH
- Thrive RRH
- REGION 5-----
- Community Link RRH
- Community Link PSH
- Crisis Ministries of Davidson County RRH
- United Way of Forsyth SSVF
- Union County Community Shelter RRH
- REGION 10-----
- Eastpointe PSH
- Hope Station RRH
- Salvation Army of Goldsboro RRH
- Volunteers of America SSVF
- Select-

8. **Housing Move-in Date:** When was the Head of Household permanently housed? This field will NOT pre-populate with data so the SSO grantee must add this in.

Housing Move-in Date  /  /     G

9. **Date removed from Active By-Name List:** When was the client removed from the active list?

Date removed from Active By-Name List  /  /     G

10. **Reason client was removed from Active By-Name List:** Why is the Head of Household no longer on the By-Name List? Remove people from the by name list after they have been housed for 90 days, they cannot be located for a period of time, they are entering an institution for long-term or they have died.

Reason client was removed from Active By-Name List

- Select-
- Select-
- Cannot be located
- Deceased
- Housed for 90 days or more
- Institutionalized long-term

[Back to Table of Contents](#)

## Section: Service Transactions

Service transactions allow agencies to track services they directly provide to clients. EVERY time a grantee provides an eligible service to a specific person/household a service transaction must be entered into HMIS. NCCEH has identified the applicable service codes. These are the only service codes that should be used. If you are providing a service not listed below, contact NCCEH for guidance:

Service Code	Service Code Name	SSO Grantee Activity
BH-0500.3200	Housing related coordinated entry	VI-SPDAT assessment
BH-0500.3100	Homeless diversion programs	P&D screen
BH-0500.3140	Homelessness Prevention programs	Prevention Activities
PH-8000	Street Outreach Programs	Street outreach Activities
PH-1000.8500	transitional case/care management	Developing housing plan/other case management
TJ-3000.8000	specialized information and referral	Information/referrals
FP-0500.8000	system advocacy	system advocacy
DD-1500.4650	Housing Complaints	Handling grievances

### Add a Service Transaction

As with other data entry you should ALWAYS be in EDA mode for the correct SSO project when entering service transactions for the SSO grant activities. You can use back date mode as needed as well.

1. Navigate to the client profile for the Head of Household.
2. Click on the *Service Transactions* tab.

Client - (355) Duck, Daffy

(355) Duck, Daffy  
Release of Information: Ends 09/01/2020

-Switch to Another Household Member- Submit

Client Information | Service Transactions

Summary | Client Profile | Households | ROI | Entry / Exit | Case Managers | Case Plans | Assessments

3. Click Add Service.

Client Information | Service Transactions

Service Transaction Dashboard

Add Need | Add Service | Add Multiple Services | Add Referrals | View Previous Service Transactions

View Shelter Stays | View Entire Service History

- Check additional household members that are receiving that service. Not all members will always be provided the same service or a service.

▼ **Household Members**

**i** To include Household members for this Service, click the box beside each name.

**(104) Male Single Parent**

## Section: Referrals to Permanent Housing Provider

Every person/household that is matched with a HMIS-participating provider should have a referral to that provider in HMIS entered during or after case conferencing. If they are non-HMIS participating, then the provider will have to receive the referral some other way.

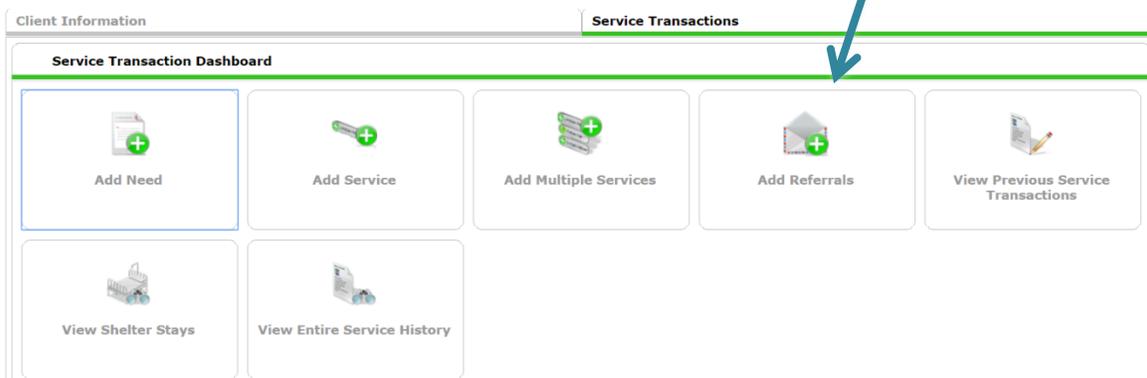

### Create an HMIS referral to Housing Provider

As with other data entry you should ALWAYS be in EDA mode for the Coordinated Entry project when entering referrals from the CE Project to housing providers. Use back date mode if needed.

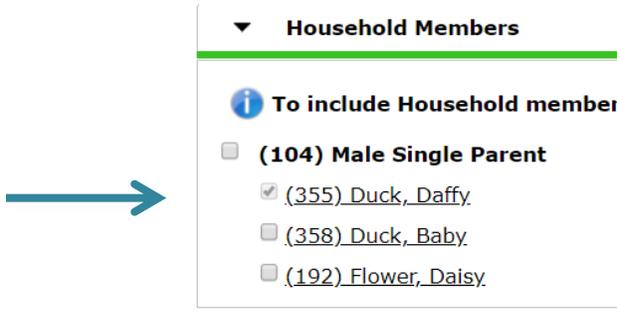

1. Navigate to the client profile for the Head of Household.
2. Click on the Service Transactions tab.

3. Click on Add Referrals

4. Referrals should only be created for Head of Households.

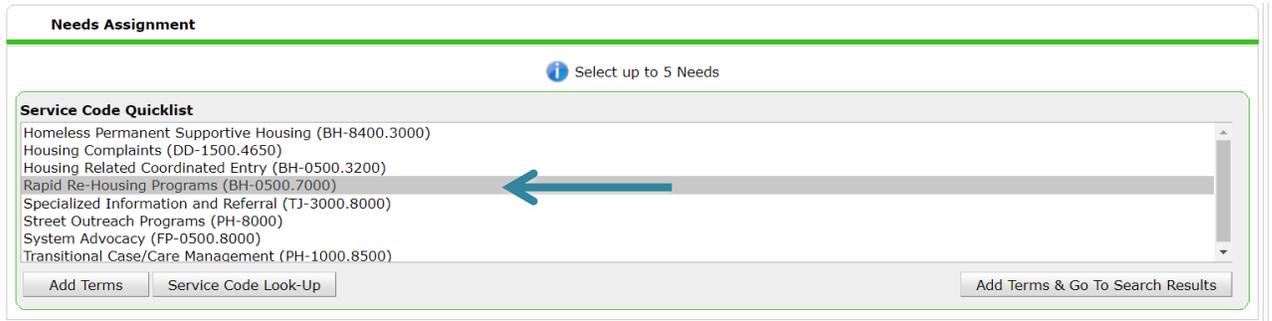

**Household Members**

**To include Household member**

- (104) Male Single Parent**
  - (355) Duck, Daffy
  - (358) Duck, Baby
  - (192) Flower, Daisy

5. Select housing service from the Needs Assignment Service Code Quicklist and click Add Terms.

**Needs Assignment**

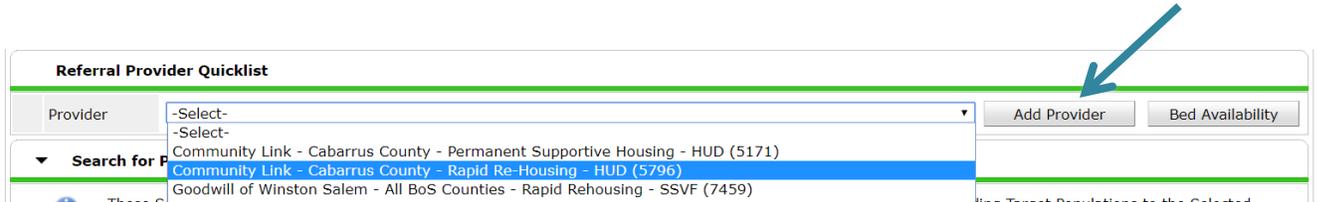

Select up to 5 Needs

**Service Code Quicklist**

## Section: Interim Assessments

Interim assessments are completed if there is a change in information such as income, disability, non-cash benefits, or insurance. An Annual Assessment should be completed on the anniversary of the Head of Household's Project Start Date. It should be completed within 30 days before or after the anniversary.

### Add Interim Assessment

As with other data entry you should ALWAYS be in EDA mode for the Coordinated Entry project when entering interim assessments. You can use back date mode as needed as well. The interim date should be the date that the change occurred or within 30 days of entry anniversary for annual updates.

1. Navigate to the client profile for the Head of Household.
2. Click on the Entry/Exit tab.

3. Click on the document icon under Interims.

Client Information Service Transactions

Summary | Client Profile | Households | ROI | **Entry / Exit** | Case Managers | Case Plans | Assessments

## Section: Coordinated Entry Exit

Every person entered into the CE Project also needs an exit out of the CE Project at some point. Exited people will no longer pull on the By-Name List report. A person/household should be exited when:

- They have been housed for 90 days or more either through self-resolution or a housing provider.
- They have not been able to be located or contacted for a community-specified amount of time (90 days or more).
- They are going to an institution for long term (assisted living, nursing home, jail, prison etc).
- They have passed away.

## Add Coordinated Entry Project Exit

As with other data entry you should ALWAYS be in EDA mode for the Coordinated Entry project when entering exits. You can use back date mode as needed as well. The exit date should be the date that the client/household was housed for 90 days, could not be located cut off date, entered the institution or passed away.

1. Navigate to the client profile for the Head of Household.
2. Click on the Entry/Exit tab.

**Client - (355) Duck, Daffy**

## Section: Prevention and Diversion Workflow and Eligibility

Every person/household should have a Prevention/Diversion assessment in attempt to divert them from the homelessness system and attempt to find another solution to their housing crisis besides entering the homelessness system. The SSO grant does allow grantees to provide a prevention and diversion screen as well as some diversion services to clients.

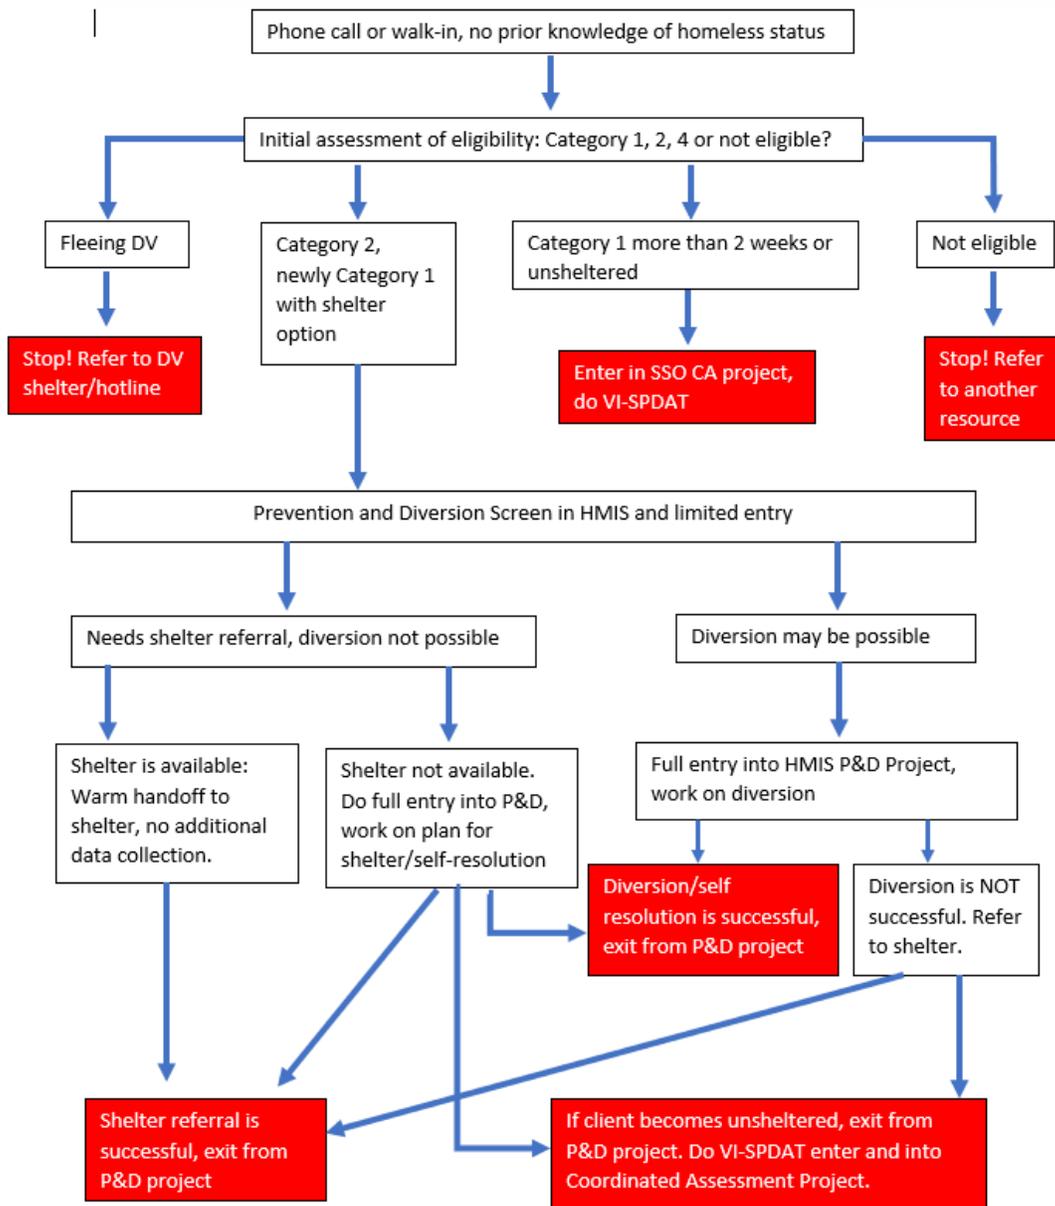

### Prevention and Diversion Eligibility

Not everyone is eligible or appropriate for prevention and diversion assessment and/or services by the SSO grantee:

1. People/households that are newly literally homeless (Category 1) and sheltered are eligible. Those that are unsheltered or homeless for 2+ weeks should skip the diversion assessments/services and immediately be assessed for Coordinated Entry.
2. People/households imminently at-risk of becoming homeless within the next 14 days (Category 2) are eligible and will be the majority of clients for this workflow.
3. People/households fleeing domestic violence (Category 4) are eligible. However, they will likely need a referral to a Domestic Violence shelter or hotline.
4. People/households not literally homeless or at risk of being homeless in the next 14 days are not eligible and should be referred to another resource.

[Back to Table of Contents](#)

## Prevention and Diversion Workflow

1. If a person/household calls or walks-in with no homeless status complete an eligibility assessment via paper form to determine if prevention and diversion is appropriate:
  - a. Refer ineligible people/households elsewhere as listed above.
  - b. Eligible people/households should be assessed per the workflow.
2. Eligible people/households should receive a prevention and diversion screen/conversation and a limited HMIS entry created.
3. If diversion is not possible and the people/households still need shelter, then:
  - a. If a shelter bed is available complete a warm handoff to shelter and stop data collection.

- b. If a shelter bed is not available, then complete a full HMIS entry for the Prevention and Diversion project collecting the additional data and then work on a plan for shelter or self-resolution with the person/household.
4. If diversion may be possible, then complete a full HMIS entry for the Prevention and Diversion project collecting the additional data and work on a diversion plan:
  - a. If diversion is successful, follow through with diversion plan/services as needed.
  - b. If diversion is not successful, refer to shelter or work on a plan for shelter/self-resolution.
5. SSO grantee should follow through on shelter referral, diversion plan, self-resolution plan or CE assessment as appropriate. An HMIS exit for the P&D project should usually be completed for that same day after:
  - a. Shelter referral is successful.
  - b. Diversion/self-resolution is successful.
  - c. Client becomes unsheltered.
6. Clients that become unsheltered should be assessed with the VI-SPDAT and entered into the Coordinated Entry Project and that workflow should start.

[Back to Table of Contents](#)

## Section: Prevention and Diversion Screen and Limited Entry

---

Every client who may be able to be diverted from homelessness should get the prevention and diversion screen and conversation. The full screens should be tracked in HMIS by doing a limited entry into the prevention and diversion project. Clients that are only assessed for eligibility do NOT need to be entered into HMIS, only those clients that receive the full screen.

### Step 1. Initial Assessment of Eligibility

---

Every client should get the initial assessment of eligibility. This assessment is the first part of the Prevention and Diversion Screen. If a client is not eligible their data does not need to be entered into HMIS.

## NC Balance of State Prevention and Diversion Screen Form

### Initial Homeless Assessment

1. Are you homeless or do you believe you will become homeless in the next 72 hours?

Yes

No

2. Are you currently residing with, or trying to leave an intimate partner, family member, caregiver, or other person in your home who threatens you or makes you fearful?

Yes

No

*If yes to Question 2, refer to DV resources. If yes to second question, clients are referred to DV resources and DO NOT PROCEED WITH THIS ASSESSMENT or any part of the Coordinated Entry process*

3. Where did you sleep last night?

Place not meant for habitation

Foster care home or foster care group home

Jail, prison or juvenile detention facility

Psychiatric hospital or other psychiatric facility

Hotel or motel paid for without emergency shelter voucher

Owned by client, with ongoing housing subsidy

Rental by client, no ongoing housing subsidy

Rental by client, with GPD TIP subsidy

Residential project or hallway house with no homeless criteria

Staying or living in a friend's room, apartment or house

Client doesn't know

Emergency Shelter, including hotel or motel paid for with emergency shelter voucher

Interim Housing

Hospital or other residential non-psychiatric medical facility

Long-term care facility or nursing home

Substance abuse treatment facility or detox center

Owned by client, no ongoing housing subsidy

Permanent housing (other than RRH) for formerly homeless persons

Rental by client, with VASH subsidy

Rental by client, with other ongoing housing subsidy (including RRH)

Staying or living in a family member's room, apartment or house

Transitional housing for homeless persons (including homeless youth)

Client refused

4. Was it a safe location?  Yes  No

5. If client slept in a homeless location last night based on their response to question 3 ask: How long have you stayed there?

Less than 2 weeks

Longer than 2 weeks

*If client is literally homeless for less than 2 weeks, skip to gathering demographic information. If client has been literally homeless for more than 2 weeks or unsheltered, start VI-SDPAT. If client is fleeing DV, refer to DV resources.*

*If the client is not literally homeless and they answered No to Question 1, ask:*

6. Will you be forced to leave your current housing in the next 14 days?

Yes

No

7. If yes, is it for any of the following reasons:

In a hotel/motel, client does not have the resources to pay for the room for more than 14 days.

In a rental unit, client has received a court order to leave in the next 14 days.

In a rental unit owned or leased by someone else, that person is requiring the client to leave the unit in the next 14 days.

*If the client answers No to Question 6 or they do not meet the criteria in Question 7, they are not eligible. Refer them to a mainstream resource. If client answers Yes to Question 6 and meets Question 7 criteria, continue with screen and start collecting homeless verification documentation.*

1. Start initial homeless assessment at question 1 on the Prevention and Diversion Screen paper form and follow directions on the form depending on the client's answers.
2. If client responses yes to Question 2 refer to an appropriate DV shelter or hotline.
3. If client is not literally homeless or at risk of becoming homeless in the next 14 days refer to another resource, they are not eligible for SSO-CE services.
4. If client is literally homeless for more than 2 weeks or is currently unsheltered start VI-SPDAT assessment and Coordinated Entry workflow.
5. If client is at risk of being homeless in the next 14 days or newly homeless continue with screen to provide prevention and diversion conversation and services.
6. Gather demographic information and complete screen and conversation.

[Back to Table of Contents](#)

## Step 2. Client Profile Set-up

As with other data entry you should ALWAYS be in EDA mode for the Prevention and Diversion project when entering prevention and diversion data. You can use back date mode as needed as well. Only full screens need to be entered into HMIS, if client person/household is ineligible then do NOT enter into HMIS.

1. Navigate to the Client Profile tab and update Client Demographics by clicking the pencil. [Search for or create client profile](#) (if needed).
2. [Update or create household](#) (if appropriate).
3. Click on the ROI tab and [add a release of information](#) for the P&D project.

The screenshot shows a form titled "Release of Information Data" with the following fields and values:

Release of Information Data	
Provider *	NC Balance of State - Piedmont (Region 5) Prevention and Diversion Project (7596)
Release Granted *	Yes
Start Date *	09 / 17 / 2019
End Date *	09 / 17 / 2020
Documentation	Signed Statement from Client
Witness	NP

Four blue arrows on the left point to the Provider, Release Granted, Start Date, and End Date fields. A blue arrow on the right points to the Save Release of Information button.

Buttons: Save Release of Information, Cancel

[Back to Table of Contents](#)

## Step 3. Add Prevention and Diversion Project Entry

As with other data entry you should ALWAYS be in EDA mode for the Prevention and Diversion project when entering prevention and diversion data.

1. Once in client's profile click on the Entry/Exit tab.

**Client - (340) Explorer, Dora**

(340) Explorer, Dora  
Release of Information: Ends 09/17/2020

**Client Information** | Service Transactions

Summary | **Client Profile** | Households | ROI | **Entry / Exit** | Case Managers | Case Plans | Assessments

2. Click on the Add Entry/Exit.

**Client Information** | Service Transactions

Summary | Client Profile | Households | ROI | **Entry / Exit** | Case Managers | Case Plans | Assessments

*Reminder: Household members must be established on Households tab before creating Entry / Exits*

**Entry / Exit**

Program	Type	Project Start Date	Exit Date	Interims	Follow Ups	Client Count
No matches.						

[Add Entry / Exit](#)

3. Confirm provider is the Prevention and Diversion Project and Project Start Date is the back date or today's date before continuing. Select HUD for Type and click Save & Continue.

**Project Start Data - (340) Explorer, Dora**

**Provider \*** NC Balance of State - Piedmont (Region 5) Prevention and Diversion Project (7596)

**Type \*** HUD

**Project Start Date \*** 09 / 17 / 2019 4 : 20 : 19 PM

[Save & Continue](#) [Cancel](#)

4. Complete Prevention and Diversion screen. Answer as many fields as appropriate beginning with the Initial Homeless Assessment.

**BoS Prevention and Diversion screen** | Entry Date: 09/17/2019 04:20:19 PM

**INITIAL HOMELESS ASSESSMENT**

1. Are you homeless or do you believe you will become homeless in the next 72 hours?

2. Are you currently residing with, or trying to leave an intimate partner, family member, caregiver or other person in your home who threatens you or makes you fearful?

*If yes to Question 2, refer to DV resources. If yes to second question, clients are referred to DV resources and DO NOT PROCEED WITH THIS ASSESSMENT or any part of the Coordinated Assessment process*

- Click Save at the bottom of the assessment. If client requires a full P&D entry according to the workflow continue on to the next section. If they only required a limited P&D entry click Save & Exit.

[Back to Table of Contents](#)

## Section: Full Prevention and Diversion Entry

Some people/households will require a full entry into the P&D project for these scenarios:

- Neither diversion nor shelter is possible so SSO grantee will work on a plan for shelter or self-resolution with person/household.
- Diversion may be possible so SSO grantee will work on a diversion/self-resolution plan.

### Add Full Prevention and Diversion Entry

As with other data entry you should ALWAYS be in EDA mode for the Prevention and Diversion project when entering prevention and diversion data. You can use back date mode as needed as well. Full entries need to be created for only some clients, if workflow does not require full entry do NOT complete full entry for P&D project.

- If already in Prevention and Diversion entry stay there! If not, then click on the pencil next to the Prevention and Diversion project start date to access the questions.

[Back to Table of Contents](#)

## Section: Prevention and Diversion Service Transactions

Service transactions allow agencies to track services they directly provide to clients. EVERY time a grantee provides an eligible service to a specific person/household a service transaction must be entered into HMIS. NCEH has identified the applicable service codes. These are the only services codes that should be used. If you are providing a service not listed below, contact NCEH for guidance

Service Code	Service Code Name	SSO Grantee Activity
BH-0500.3200	Housing related coordinated entry	VI-SPDAT assessment
BH-0500.3100	Homeless diversion programs	P&D screen
BH-0500.3140	Homelessness Prevention programs	Prevention Activities
PH-8000	Street Outreach Programs	Street outreach Activities
PH-1000.8500	transitional case/care management	Developing housing plan/other case management
TJ-3000.8000	specialized information and referral	Information/referrals
FP-0500.8000	system advocacy	system advocacy
DD-1500.4650	Housing Complaints	Handling grievances

## Add a Service Transaction

As with other data entry you should ALWAYS be in EDA mode for the P&D project when entering service transactions for prevention and diversion activities. You can use back date mode as needed as well.

1. Navigate to the client profile for the Head of Household.
2. Click on the *Service Transactions* tab.

Client - (340) Explorer, Dora

(340) Explorer, Dora  
Release of Information: Ends 09/17/2020

Client Information | Service Transactions

Summary | Client Profile | Households | ROI | **Entry / Exit** | Case Managers | Case Plans | Assessments

3. Click Add Service.

Client Information | Service Transactions

Service Transaction Dashboard

Add Need | **Add Service** | Add Multiple Services | Add Referrals | View Previous Service Transactions

View Shelter Stays | View Entire Service History

4. Check all household members that are receiving that service. Not all members will always be provided the same service or a service.
5. Ensure that Service Provider is the Prevention and Diversion project and that the dates are accurate. The End date will usually be the same date as the Start Date since these are as a prevention and diversion services should be same day services.

Service Provider \* NC Balance of State - Piedmont (Region 5) Prevention and Diversion Project (7596)

Creating User Nicole Purdy

Start Date \* 09 / 17 / 2019 23 5 : 14 : 05 PM

End Date 09 / 17 / 2019 23 5 : 16 : 28 PM

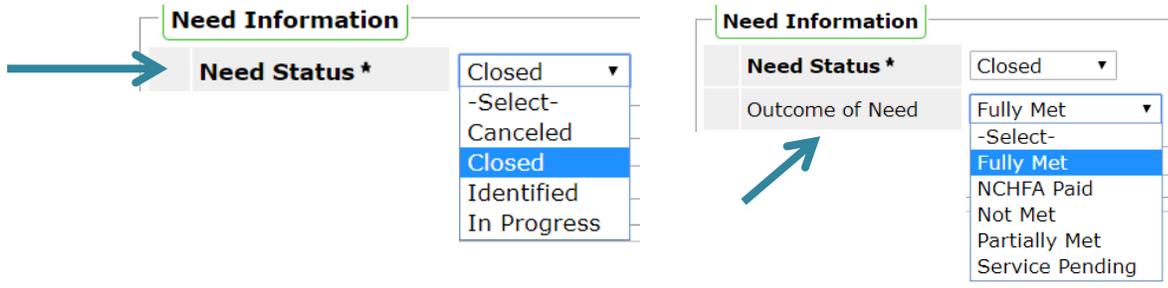

- Select Service Type from the drop-down menu based on the eligible activity and appropriate service code as shown above.

- Click Save & Continue.

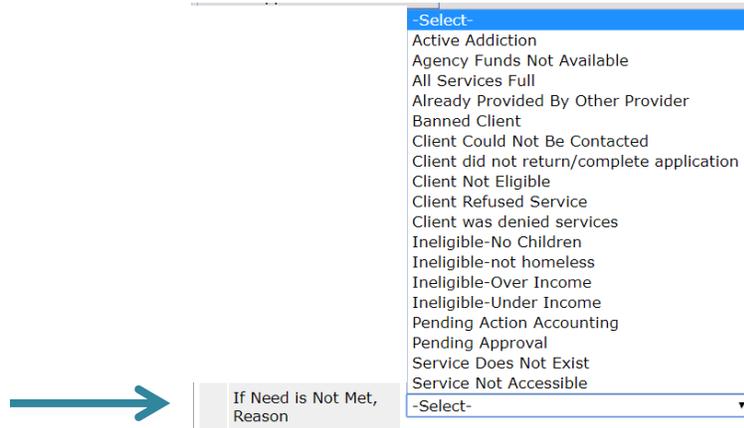

- Skip the next few sections.
- Support Documentation is optional, but click Add Support Documentation, select a file, add a description and click Upload if attaching a document.

Support Documentation			
Date Added	Name	Description	Type
Add Support Documentation		No matches.	

10. Scroll down to Need Information. Update Need Status and Outcome of Need to appropriate selections. Typically, the Need Status will be Closed and the Outcome of Need will be Fully Met. Keep Need Status as Service Pending if the service requires further action. Update the status to Fully Met after the service is completed.

11. If need is not being met select appropriate option for the If Need is Not Met, Reason.

12. Click Save & Exit.

13. Check that the service appears on the services tab.

## Section: Prevention and Diversion Exit

Every client that gets an entry into the P&D Project also needs an exit out of the P&D Project (usually that same day). A client/household should be exited from the P&D Project when:

1. Shelter referral is successful.

2. Diversion or self-resolution is successful.
3. Client becomes unsheltered.

### Add Prevention and Diversion Project Exit

As with other data entry you should ALWAYS be in EDA mode for the Prevention and Diversion project when entering exits. You can use back date mode as needed as well. The exit date should usually be the same date that prevention and diversion assessment and services were provided.

1. Navigate to the client profile for the Head of Household.
2. Click on the Entry/Exit tab.

Client - (340) Explorer, Dora

[Back to Table of Contents](#)

## Section: Case Conferencing

Case conferencing meetings should happen at least every other week. All the community providers that serve people/households experiencing homelessness should be present including Domestic Violence and population-specific (Veteran, Chronically Homeless) providers. Topics/agenda items to include in case conferencing meetings:

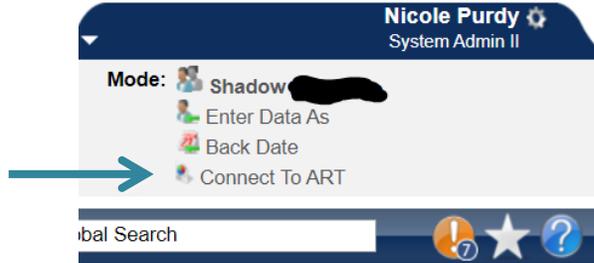

- Match appropriate clients to open permanent supportive housing and rapid rehousing slots.
- Match appropriate clients to other permanent housing (like public housing authorities)
- Community updates like new resources or program changes
- Updates on previous referrals to housing
- Successes (who has been housed recently?)
- Clients that are long stayers and have not yet been assessed.

7. Discuss clients that need additional support or have additional referral needs.

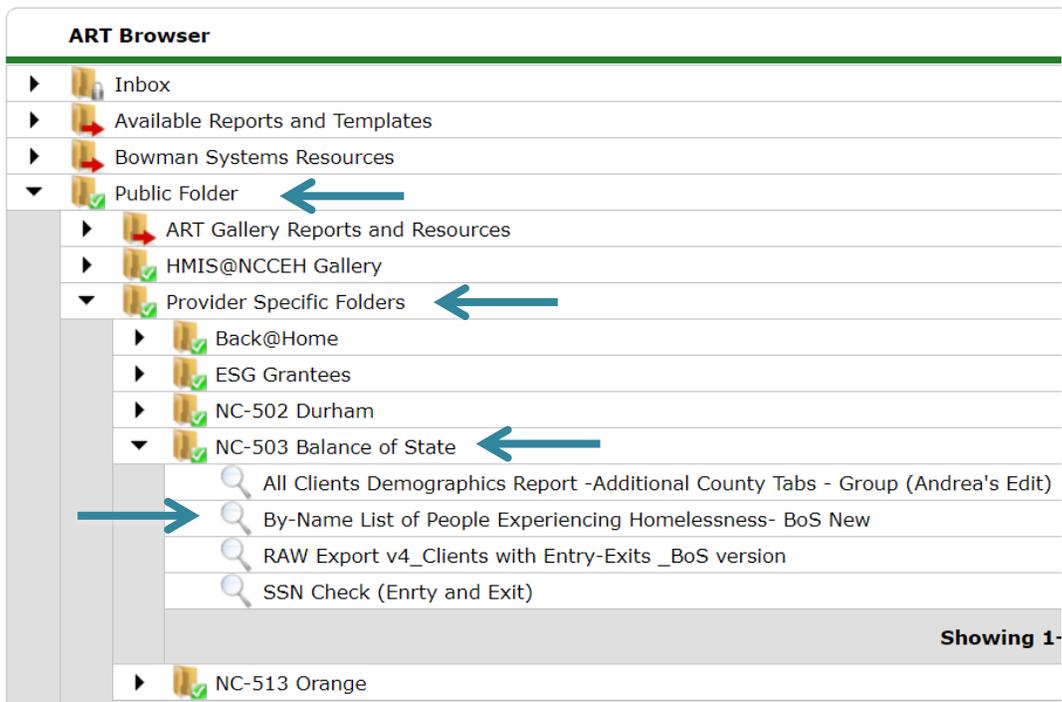

### Running the By Name List Report:

The By-Name List report is an ART report that will be used for case conferencing, status review, flow through the Coordinated Entry system, and for visibility and/or data issues.

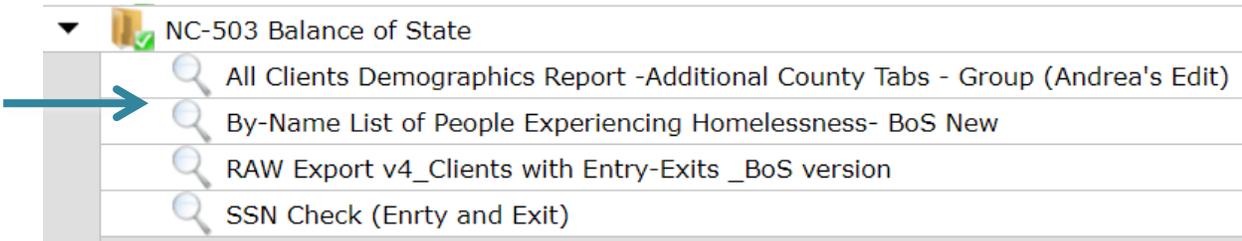

1. As with all ART reports you need to click Connect to ART to access and run the report.

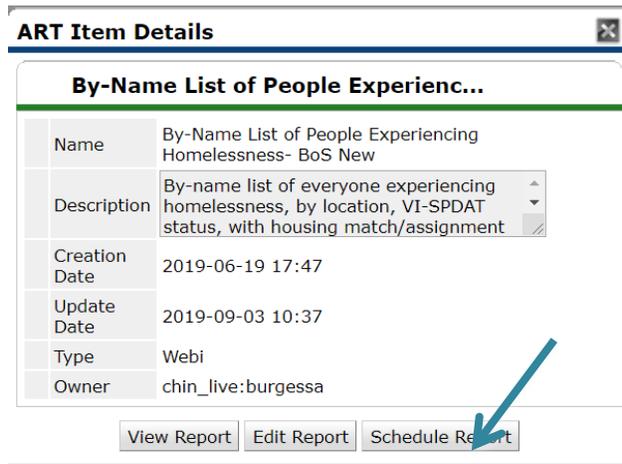

2. Navigate to Public Folder then click triangle to open the next menu. Click the triangle next to Provider Specific Folders to open the next menu. Click the triangle next to NC-503 Balance of State to open the next menu. Then locate the By-Name List report.

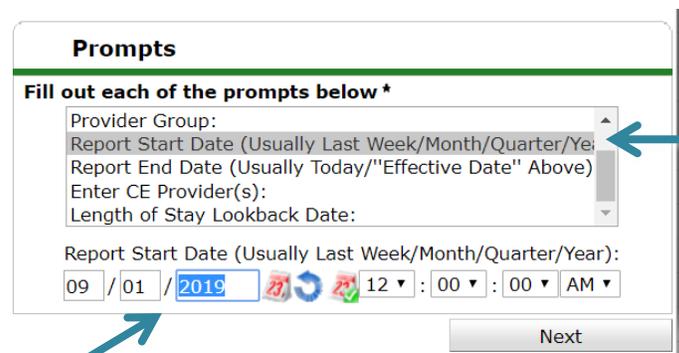

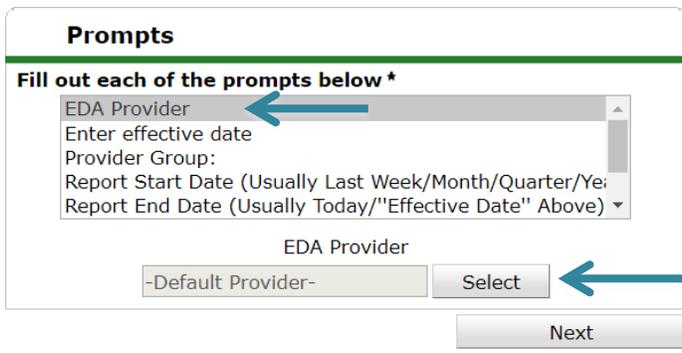

3. Click the magnifying glass next to the By-Name List of People Experiencing Homelessness report.

4. Click Schedule Report

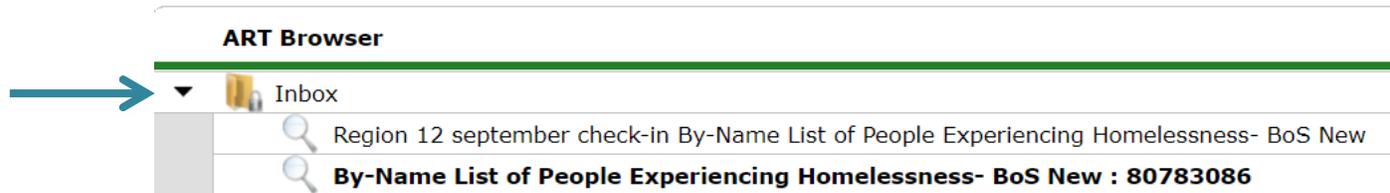

5. A prompts box will pop up. Click on every prompt then click Select to access a search box. Date fields can be entered directly in the Prompts box. Do NOT hit the Next button until ALL the required prompts are completed.

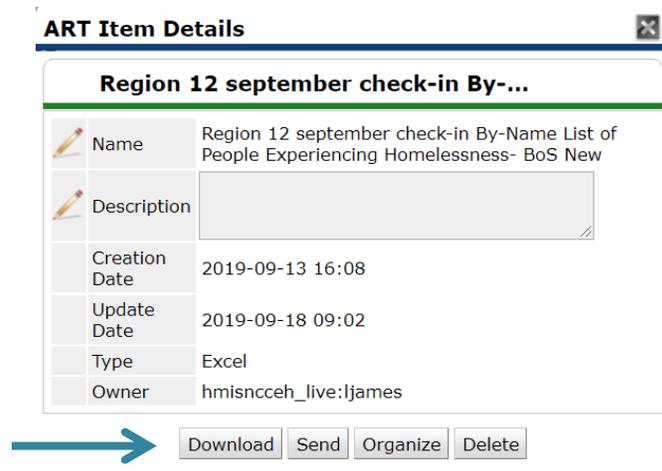

- a. **EDA Provider:** ALWAYS used. Select the CE or P&D Project.
- b. **Enter Effective date:** This is the same as your End Date, often the same date that you are running the report.
- c. **Provider Group:** ALWAYS used. Find and select your regional coordinated entry group.
- d. **Report Start Date:** this should be the date you want to start looking at the data for. For case conferencing it will likely be the last week or two. You can run the report for longer lengths of time for other data analysis and quality purposes.

- e. **Report End Date:** This is the same as your Effective Date, often the same date that you are running the report
  - f. **Enter CE Provider(s):** Find and select your CE project.
  - g. **Length of Stay Lookback Date:** This will populate the Cumulative Length of Stay column. Select a date that is 3 years in the past to highlight people/households that have become chronically homeless. This is dependent on visibility and how far back you can see the data for that client.
6. After all prompts are completed click Next. The schedule report box will pop up.

- a. **Name:** Enter a name that will distinguish it from other reports that are the same type.
  - b. **Report Format:** Select Excel.
  - c. **Users Inbox:** Who’s ART inbox should this report go to? Skip this step if inapplicable.
  - d. **Interval:** Select Once.
  - e. **Start Date:** When should the report start running? This is NOT the same as reporting dates.
  - f. **End Date:** When should the report stop running? This is NOT the same as reporting dates most often it’s the same day as the start date. Change the end date time to one hour later than the start date time to give the report time to run.
7. Click Send. Once the report has finished running it will appear in your ART Inbox near the top of the screen. Click the magnifying glass next to the report name you want to view.

8. Click Download and then open the report that is downloaded.

[Back to Table of Contents](#)

### Report Columns on the By-Name List Report:

If fields are blank, then the information is missing, incomplete, or not visible on HMIS.

1. **HMIS ID:** Client ID for clients on the report.
2. **First and Last Name:** Taken from name fields on HMIS.
3. **Age:** Calculated from Date of Birth field on HMIS. If Age is blank DoB is not complete or not visible.
4. **Veteran? Y or N:** Taken from Veteran field on HMIS.
5. **HH Detail:** Relationship to Head of Household. Should pull only Heads of Household. If column is blank the relationship to head of household is not completed or visible on the project entry.
6. **# in Household:** Total number of people in the household.
7. **Is Client Chronically homeless? Y or N:** Taken from the Coordinated Entry form chronic homeless yes or no question. If this column is blank that item has not been completed by SSO grantee.
8. **Disability? Y or N:** Taken from the project entry if this column is blank that items has not been completed or is not visible.
9. **NC County of Service:** Taken from the project entry if this column is blank that items has not been completed or is not visible.
10. **CES Project? Y or N:** Indicates if client has an entry into the Coordinated Entry Project that was selected in the CE Provider prompt when the report was run.
11. **Current Provider:** Pulls the most recent HMIS service provider seen for the person/household. If blank, there is no project entry anywhere else other than the CE project.
12. **Project entry and exit date:** Pulls the entry and exit dates for the person/household's most recent HMIS service provider. If the client only has an entry into the CE project *and* the Current Provider column is blank, then it will pull the entry and exit dates for the CE project.
13. **Length of Stay:** Calculates the length of stay (or participation) for the people/households served by the provider listed in the Current Provider column.
14. **Length of Stay (cumulative):** Calculates the total lengths of stay (or participation) for the people/households served by the front door providers. This column utilizes the lookback period entered in report prompts. The lookback period impacts the lengths of stay by excluding dates

from the calculation that are prior to when HMIS sharing began. This means that if regional sharing in HMIS is new, then the “lookback” period will be small, but increase as time goes on.

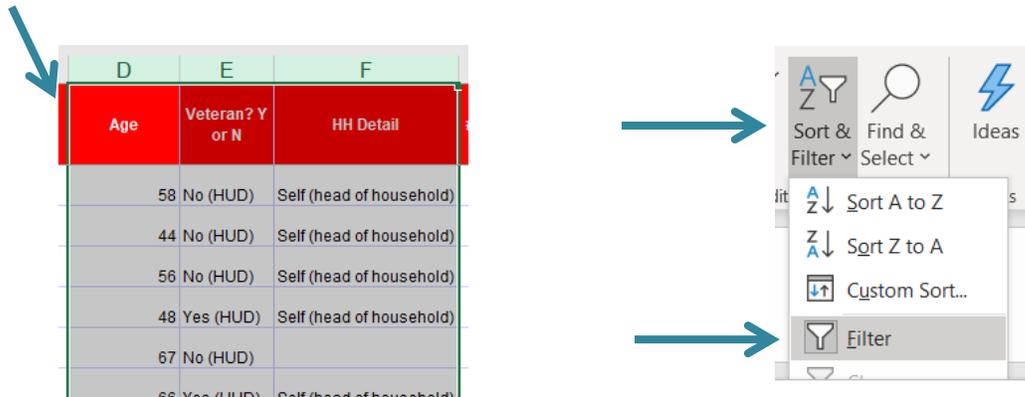

15. **VI-SPDAT Date:** Pulls from the project entry/interim, if this column is blank the client has not yet has a VI-SPDAT entered into HMIS or it is not visible.
16. **Indv VI-SPDAT:** Pulls from the project entry/interim if this column is blank the client has not yet has this VI-SPDAT assessment entered into HMIS or it is not visible.
17. **Family VI-SPDAT:** Pulls from the project entry/interim if this column is blank the client has not yet has this VI-SPDAT assessment entered into HMIS or it is not visible.
18. **Case Conferencing Date:** Pulls from the Coordinated Entry form question. If this column is blank that item has not been completed by SSO grantee.
19. **Client Status:** Pulls from the Coordinated Entry form question. If this column is blank that item has not been completed by SSO grantee.
20. **Housing Assessment Disposition:** Pulls from the Coordinated Entry form question. If this column is blank that item has not been completed by SSO grantee.
21. **Date referred to a housing provider:** Pulls from the Coordinated Entry form question. If this column is blank that item has not been completed by SSO grantee.
22. **Referred to Provider:** Pulls from the Coordinated Entry form question. If this column is blank that item has not been completed by SSO grantee.
23. **Housing Move-in Date:** Pulls from the Coordinated Entry form question. If this column is blank that item has not been completed by SSO grantee.
24. **Date removed from By-Name List:** Pulls from the Coordinated Entry form question. If this column is blank that item has not been completed by SSO grantee.
25. **Reason removed from By-Name List:** Pulls from the Coordinated Entry form question. If this column is blank that item has not been completed by SSO grantee.

### Reviewing the By Name List report for data quality checks:

Each column can be selected and filtered for blanks to check data quality or visibility issues.

1. Select the columns that should be filtered, click Sort and Filter then Filter.

2. A little box with an arrow will appear in the top of the column, click that box to select which items to filter for then click OK.

3. Review rows that are blank for the selected data element. These people/household are either missing data or the CE project needs a visibility update. Please note that some people/households may filter out of the report due to their data being incomplete or missing in HMIS.

D	E	F
Age	Veteran? Y or N	HH Detail
40		Self (head of household)
45		Self (head of household)
34		Self (head of household)

[Back to Table of Contents](#)

### Reviewing the By Name List report for other information:

The By-Name List will be used for case conferencing. For specifics on how to sort, filter and review the list for case conferencing see the next sections of this guide.

1. Filter the “CE Project? Y or N” column to No to view people/households missing an entry into the Coordinated Entry Project. Anyone with a VI-SPDAT assessment and/or length of stay of over 14 days needs an entry into the CE project.

K	M	N	O	P
CES Project? Y or N	Project Entry Date	Project Exit Date	Length of Stay (Days)	Length of Stay (Cumulative)
No	5/12/2016		1205	1205
No	5/13/2016		1204	1204
No	6/1/2016		1185	1185

- Filter the VI-SPDAT date column to view people/households missing a VI-SPDAT. If the cumulative length of stay is over 14 days, then administer the assessment and enter into HMIS.

O	P	Q	R	S
Length of Stay (Days)	Length of Stay (Cumulative)	VI-SPDAT Date	Indv VI-SPDAT	Family VI-SPDAT
1205	1205			
1204	1204			
1185	1185			

- Filter the Housing Move-in date column to view people/households that have been housed for 90+ days. If they have not re-entered the homeless system, then exit them from the Coordinated Entry Project.

V	W	Y
Housing Assessment Disposition	Date referred to a housing provider	Housing Move-in Date
Referred to rapid re-housing	1/22/2019	1/29/2019
Referred to permanent supportive housing	1/23/2019	3/20/2019
Referred to rapid re-housing	2/13/2019	2/28/2019

[Back to Table of Contents](#)

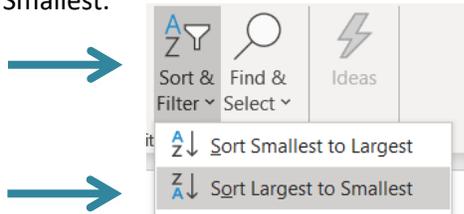

### Sort and Filter By Name List Report for Long Stayers Not Yet Assessed

Every person/household that has been homeless for 14+ days without a VI-SPDAT assessment could lose a chance at a housing resource. Long Stayers that have not yet been assessed should be assessed as soon as possible. You can use the by-name list report to find who needs to be assessed.

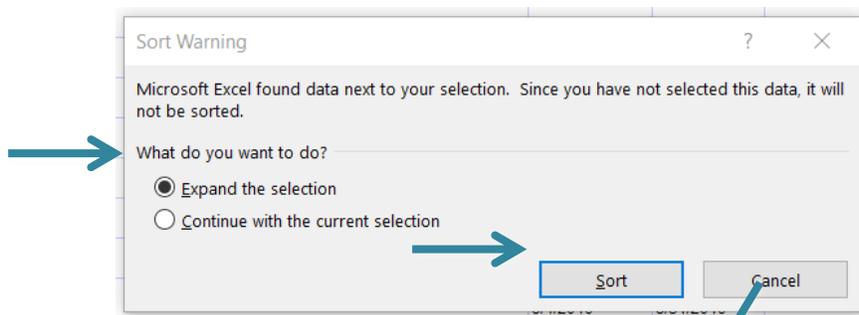

- Select the Length of Stay (Cumulative) column.

O	P	Q
Length of Stay (Days)	Length of Stay (Cumulative)	VI-SPDAT Date
1205	1205	
1204	1204	
1185	1185	
117	989	
2	692	1/9/2019
5	513	7/26/2018

2. Click Sort and Filter and then Sort Largest to Smallest.

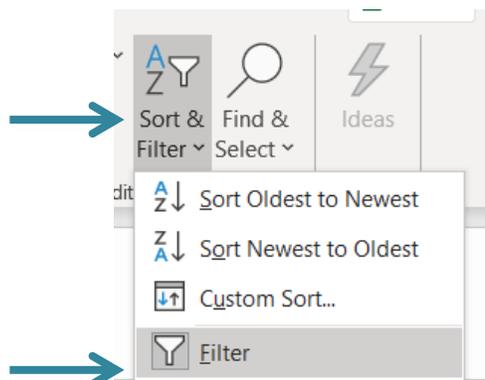

3. When the Sort Warning box pops up click Expand the selection and then click Sort. Longest Stayers should now be sorted to the top.

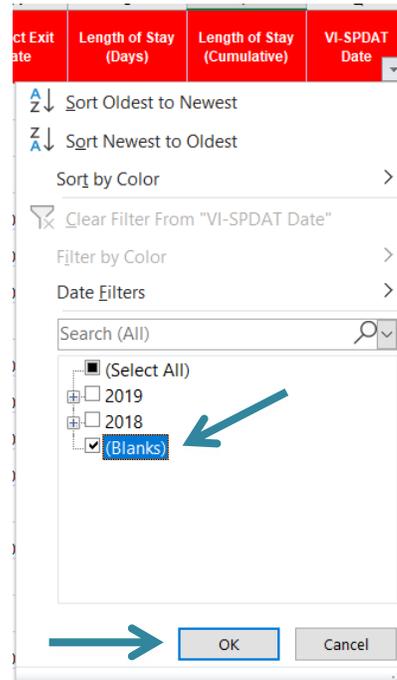

4. Select the VI-SPDAT Date Column.

P	Q	R
Length of Stay (Cumulative)	VI-SPDAT Date	Indv VI-SPDAT
1205		
1204		
1185		
989		

5. Click Sort and Filter and then click Filter

- Click the black arrow at the top of the column. Unselect all except blanks and click Ok.

- Longest stayers without an assessment in HMIS are now at the top. Discuss clients to get them assessed or if assessment has been completed get it into HMIS. Create plan for assessment.

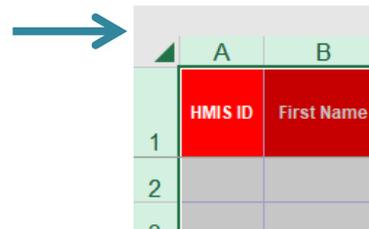

Project Entry Date	Project Exit Date	Length of Stay (Days)	Length of Stay (Cumulative)	VI-SPDAT Date	Indv VI-SPDAT	Family VI-SPDAT
5/12/2016		1205	1205			
5/13/2016		1204	1204			
6/1/2016		1185	1185			

[Back to Table of Contents](#)

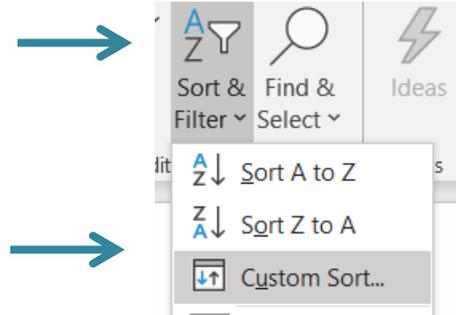

### Ways to Sort and Filter for Prioritization

Housing referral prioritization is one of the most important jobs of the case conferencing meeting and can happen in a variety of ways. Those with a high VI-SPDAT score are prioritized first but other factors such as length of time homeless should be taken into account at the meeting.

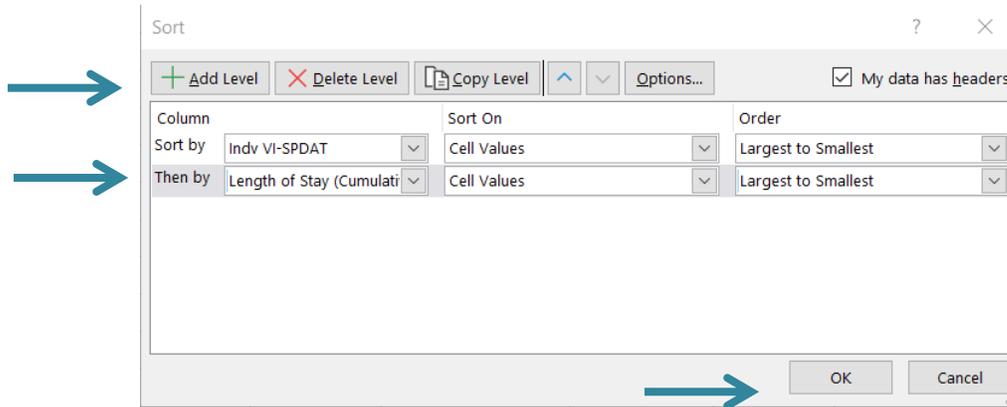

- Click the triangle in the upper left corner of columns and rows to select the entire sheet.

2. Click Sort & Filter and then Custom Sort.

3. Sort VI-SPDAT column by Largest to Smallest. Then click Add Level to sort Length of Stay (Cumulative) by Largest to Smallest and click OK.

4. Highest VI-SPDAT score with longest time homeless is now at the top and can be reviewed for appropriate referrals.

U	P	Q	R
Length of Stay (Days)	Length of Stay (Cumulative)	VI-SPDAT Date	Indv VI-SPDAT
25	25	8/5/2019	15
14	32	9/21/2018	14
217	217	1/25/2019	13
326	326	10/8/2018	12
65	65	6/26/2019	12
346	13	9/18/2018	12

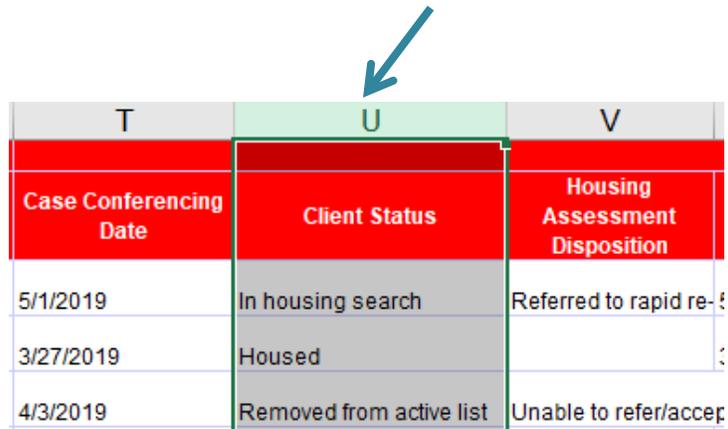

[Back to Table of Contents](#)

## Other uses of the by-name list report in case conferencing

The By-Name List report tracks the progress of people through the Coordinated Entry system. It also highlights needed resources for sub-populations such as people/household who are chronically homeless, have disabilities, or are Veterans.

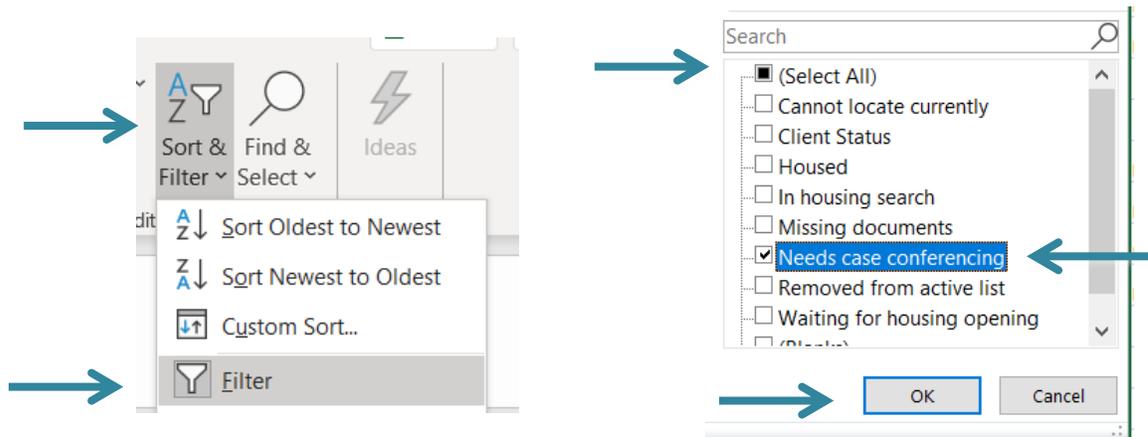

To track client's progress in CE, filter on Client Status

1. Select Client Status column.

T	U	V
Case Conferencing Date	Client Status	Housing Assessment Disposition
5/1/2019	In housing search	Referred to rapid re-
3/27/2019	Housed	
4/3/2019	Removed from active list	Unable to refer/accep

2. Click Sort & Filter and then Filter. Click arrow in column to unselect everything except needs case conferencing then click OK.

3. Clients that are designated as needing case conferencing are now the only clients visible.

Case Conferencing Date	Client Status	Housing Assessment Disposition
	Needs case conferencing	
	Needs case conferencing	

4. The same process can be used to filter on the other Client Statuses.
  - a. **Clients that are designated as missing documents** can be discussed to ensure they receive assistance in getting needed documents.
  - b. **Clients that are designated as cannot be located** can be discussed to ensure outreach attempts are made to find the client before removing from the by name list.
  - c. **Clients that are designated as in housing search** can be discussed to ensure they have appropriate support in finding housing. The date they were referred to a housing provider can be checked as well to ensure they haven't been searching for housing for a very long time.

[Back to Table of Contents](#)

### Filter for Veteran status

1. Filter to Veterans by Selecting Veteran column, clicking Sort & Filter and then Filter. Click arrow in column to unselect no and blanks then click OK.

D	E	F
Age	Veteran? Y or N	HH Detail
58	No (HUD)	
	Yes (HUD)	
	No (HUD)	
58	No (HUD)	Self (head of household)

2. Sort VI-SPDAT column to highest score by selecting VI-SPDAT columns, clicking Sort & Filter and then Sort Largest to Smallest. Select Expand Selection and Sort.

Q	R	S
VI-SPDAT Date	Indv VI-SPDAT	Family VI-SPDAT
8/8/2018	4	
4/1/2019	8	

- Veterans with the highest VI-SPDAT score are now sorted to the top.

Length of Stay (Cumulative)	VI-SPDAT Date	Indv VI-SPDAT
142	8/20/2019	10
303	4/1/2019	8
98	7/31/2019	8
182	5/8/2019	7
125	5/25/2019	7

[Back to Table of Contents](#)

### Filter for chronic homelessness

- Filter to Chronically Homeless by selecting Is Client Chronically Homeless? column, clicking Sort & Filter and then Filter. Click arrow in column to unselect no and blanks then click OK.

- Sort VI-SPDAT column to highest score by selecting VI-SPDAT columns, clicking Sort & Filter and then Sort Largest to Smallest. Select Expand Selection and Sort.

- Chronically Homeless individuals with the highest VI-SPDAT score are now sorted to the top and can be reviewed for available Chronic specific resources.

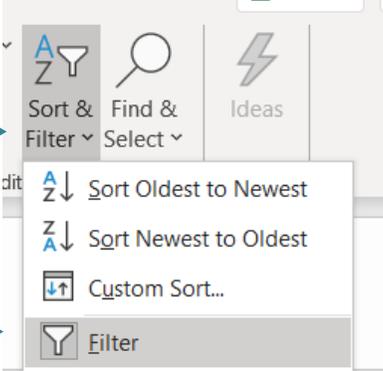

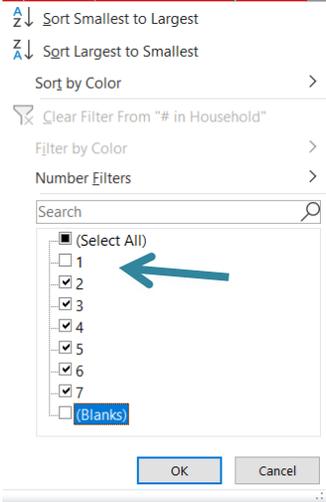

P	Q	R
Length of Stay (Cumulative)	VI-SPDAT Date	Indv VI-SPDAT
25	8/5/2019	15
32	9/21/2018	14
217	1/25/2019	13
326	10/8/2018	12

[Back to Table of Contents](#)

### Filter for families

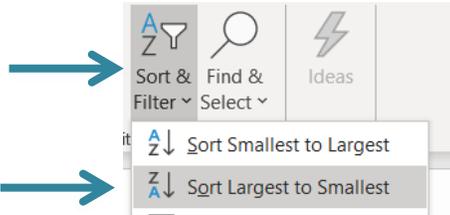

- Filter to families only by Selecting # in Household column, clicking Sort & Filter and then Filter. Click arrow in column to unselect 1 and blanks then click OK.

F	G	H
HH Detail	# in Household	Is Client Chronically Homeless? Y or N
Self (head of household)	1	Yes
Self (head of household)	1	Yes
Self (head of household)	1	Yes
Self (head of household)	1	Yes

- Sort VI-SPDAT column to highest score by selecting the Family VI-SPDAT columns, clicking Sort & Filter and then Sort Largest to Smallest. Select Expand Selection and Sort.

Q	R	S	T
VI-SPDAT Date	Indv VI-SPDAT	Family VI-SPDAT	Case Conferencing Date
2/7/2019	6		

- Families with the highest VI-SPDAT score are now sorted to the top and can be reviewed for available Family specific resources.

	Q	R	S
	VI-SPDAT Date	Indv VI-SPDAT	Family VI-SPDAT
→	3/1/2019		17
	2/25/2019		14
	4/8/2019		13
	7/30/2019		12

[Back to Table of Contents](#)

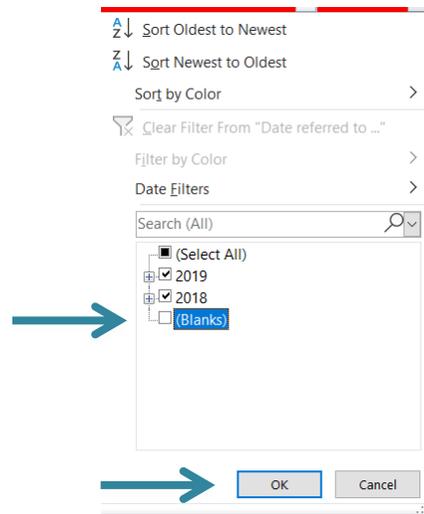

### Sort and Filter By Name List Report for Referral Follow-ups

Updates should be provided on clients that have already been referred to a housing provider to see if they are housed yet or need additional supports.

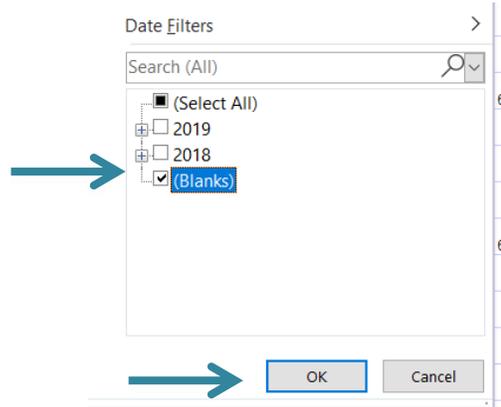

- Select all columns and click Sort & Filter then click Filter

U	V	W	X	Y	Z	AA
Client Status	Housing Assessment Disposition	Date referred to a housing provider	Referred to Provider	Housing Move-in Date	Date removed from By-Name List	Reason removed from By-Name List
Waiting for housin	Referred to permanent supportive housing	8/7/2019				
Waiting for housin	Referred to permanent supportive housing	2/13/2019		3/4/2019	6/28/2019	Housed for 90 days o

- Click arrow in Date referred to a housing provider column to unselect blanks then click OK.

- Click arrow in Housing Move-in Date column to unselect all dates but leave blanks then click OK.

- All clients that have been referred to a provider but not yet housed are now shown and can be reviewed for updates and next steps.

V	W	X	Y
Housing Assessment Disposition	Date referred to a housing provider	Referred to Provider	Housing Move-in Date
Referred to permanent supportive housing	8/7/2019		
Referred to permanent supportive housing	6/26/2019

## Section: SSO Grant Reporting

SSO Grantees enter data into both the regional Coordinated Entry project and the Prevention and Diversion project to allow the grantee to pull a variety of reports. There are four reports that are particularly useful to evaluate program data:

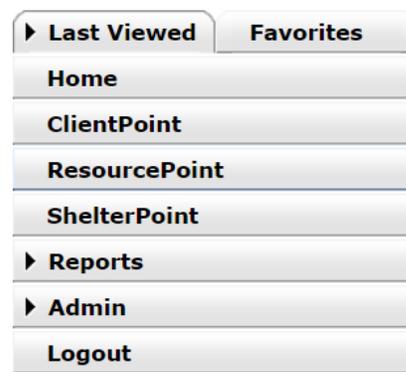

- APR
- By Name List
- Service Transaction
- 0640 – HUD Data Quality Report Framework

### APR

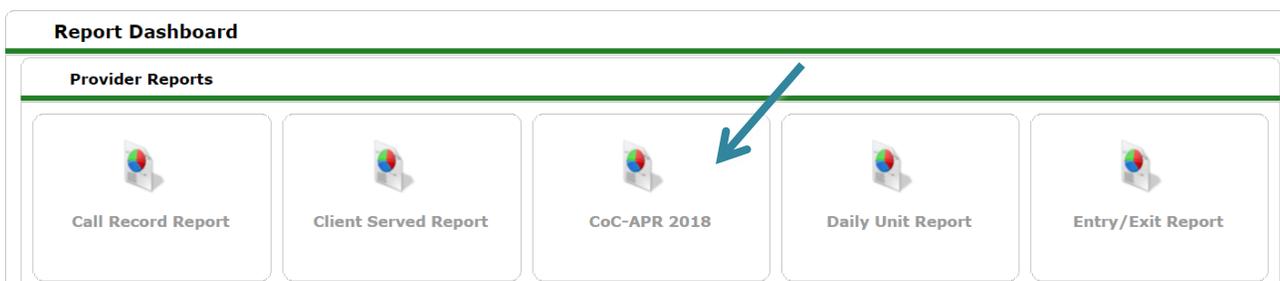

The APR is a dashboard report that provides both data quality checks and Coordinated Entry flow. It is important to be in the correct EDA mode prior to running this report for accurate results.

#### Running the APR report:

- As with all dashboard reports EDA mode impacts the report so make sure you EDA for the SSO project you want to run the report for.
- Click Reports on the left-hand side of the HMIS page.

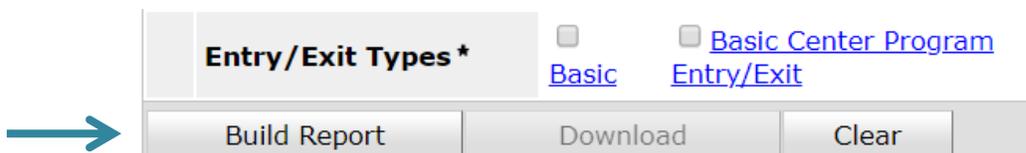

3. Click on the CoC-APR in the Provider Reports section.

4. Complete report prompts.

- a. **Provider Type:** Select Provider or Reporting Group depending on how you want to run the report. Usually it will be Provider.
- b. **Provider:** This should auto populate with the project you are in EDA for if not check your EDA. If you select Reporting Group a field to search for the reporting group will come up. Search for and select the group you want.
- c. **Program Date Range:** Select whatever dates you want.
- d. **Entry/Exit Types:** Select HUD.

5. Click Build Report.

- Report will build for a few minutes then appear. The blue hyperlinked numbers can be clicked to pull up a list of the clients included in that number.

**Clients in answer cell**

5a - Report Validations Table

1. Total Number of Persons Served

ID	Client
358	Duck, Baby
355	Duck, Daffy
192	Flower, Daisy

Showing 1-3 of 3

Reviewing the APR report for data quality checks:

- Does Total Number of Persons Served looks correct?**
- What is the total Number of Persons with Unknown Age?** These people are missing a Date of Birth in their HMIS record.
- What is the total Number of Child and Unknown-Age Heads of Household?** These are either children in households without an adult or households where at least one person has a missing or inaccurate Head of Household status. It could also mean at least one person is missing a Date of Birth.

5a - Report Validations Table	
Report Validations Table	
1. Total Number of Persons Served	198
2. Number of Adults (age 18 or over)	128
3. Number of Children (under age 18)	49

More than 1,825 Days (>5 Yrs)	0	0	0
Data not collected	0	0	0
<b>Total</b>	<b>198</b>	<b>59</b>	<b>139</b>

7. **Who is counted under Homeless locations for Temporary Destinations?** Click the blue hyperlinked number to find out which person/household is identified

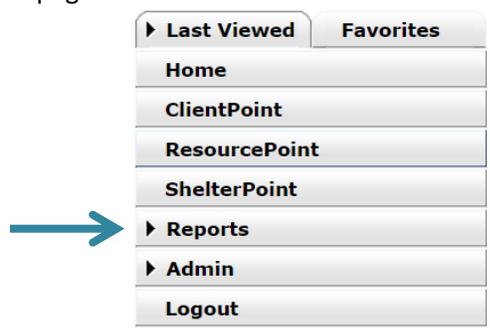

<b>Subtotal</b>	35	12	16	1	6
<b>Temporary Destinations</b>					
Emergency shelter, including hotel or motel paid for with emergency shelter voucher	0	0	0	0	0
Moved from one HOPWA funded project to HOPWA TH	0	0	0	0	0
Transitional housing for homeless persons (including homeless youth)	0	0	0	0	0
Staying or living with family, temporary tenure (e.g., room, apartment or house)	0	0	0	0	0
Staying or living with friends, temporary tenure (e.g., room apartment or house)	0	0	0	0	0
Place not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station/airport or anywhere outside)	0	0	0	0	0
Safe Haven	0	0	0	0	0
Hotel or motel paid for without emergency shelter voucher	0	0	0	0	0

## Service Transaction report

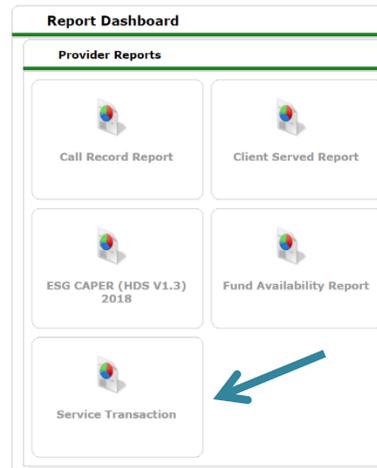

The Service Transaction report is a dashboard report that will pull the Service Transactions entered into HMIS. Grantees should also check this report against timesheets and reimbursement requests to make sure all services provided directly to clients are in HMIS.

### Running the Service Transaction report:

1. As with all dashboard reports EDA mode impacts the report so make sure you EDA for the SSO project you want to run the report for.
2. Click Reports on the left-hand side of the HMIS page.

3. Click on the Service Transaction report in the Provider Reports section.

4. Complete report prompts.

**Report Options**

<b>Provider *</b>	NC Balance of State - Inner Banks (Region 12) Coordinated Entry Project (7582)	
<b>Provider Search Type *</b>	The selected provider ONLY	
<b>Services *</b>	<input checked="" type="checkbox"/> Needs Entered by my provider <input checked="" type="checkbox"/> Services Provided by my provider (Non-shelter stays) <input type="checkbox"/> Shelter Stays provided by my provider <input type="checkbox"/> Needs Referred to my provider <input type="checkbox"/> Referrals Made by my provider	
Service Code	Choose Service Code	Clear
Need Date Range	09 / 01 / 2018	09 / 01 / 2019
Service Provided Date Range	09 / 01 / 2018	09 / 01 / 2019
Need Outcome	-All-	

- Provider:** This should auto populate with the project you are in EDA for if not check your EDA.
- Provider Search Type:** Choose The selected provider ONLY.
- Services:** Select Needs Entered by my provider and/or Services Provided by my provider to see what services that provider has entered. Select Needs Referred to my provider and/or Referrals Made by my provider to check referrals made by that provider select.
- Service Code:** To search for a specific type of service click Choose Service Code and search for and select the service for the report.
- Need Date Range:** Select the dates cover the dates that needs were entered.
- Service Provided Date Range:** Select the dates cover the dates that services were entered.
- Need Outcome:** Select the outcome to search specifically or leave as All to search for all outcomes.

5. Click Build Report.

Need Outcome: -All-

Build Report    Download Results

6. Report will build for a few minutes then appear. The blue hyperlinked Names and Need Types can be clicked to go directly to that client's profile or their service.

**Service Transaction**

Need Date	Name	Need Type	Created By	Referred To Service	Service Provider
09/16/2019	<a href="#">(355) Duck, Daffy</a>	<a href="#">Transitional Case/Care Management</a>	NC Balance of State - Piedmont (Region 5) Coordinated Entry Project	Transitional Case/Care Management	NC Balance of State - Piedmont (Region 5) Coordinated Entry Project

7. Navigate through the report with the Next and Previous buttons or click Download Results to download an excel version of the report for sorting and filtering.

Reviewing the Service Transaction report for data quality checks:

1. Click Download Results to download an Excel version of the report for sorting and filtering.
2. Once you have an open the Excel document and widen the columns see all the information.
3. Select Name column and click Sort and Filter then sort A to Z or Z to A to check to ensure each client has the appropriate services recorded. Click Expand the Selection when the Sort Warning box pops up and click Sort.

A	B	C
Need Date	Name	Need Type
6/27/2019	(31) Tate, Thursday	Basic Needs
6/27/2019	(22) Yothers, Thursday	Emergency Shelter
7/2/2019	(7) brown, Shanapales qanell	Housing Counseling
7/2/2019	(7) brown, Shanapales qanell	Case/Care Management
7/2/2019	(6) Perryman, Henry	Case/Care Management
7/2/2019	(5) Tucker, Jamie	Case/Care Management

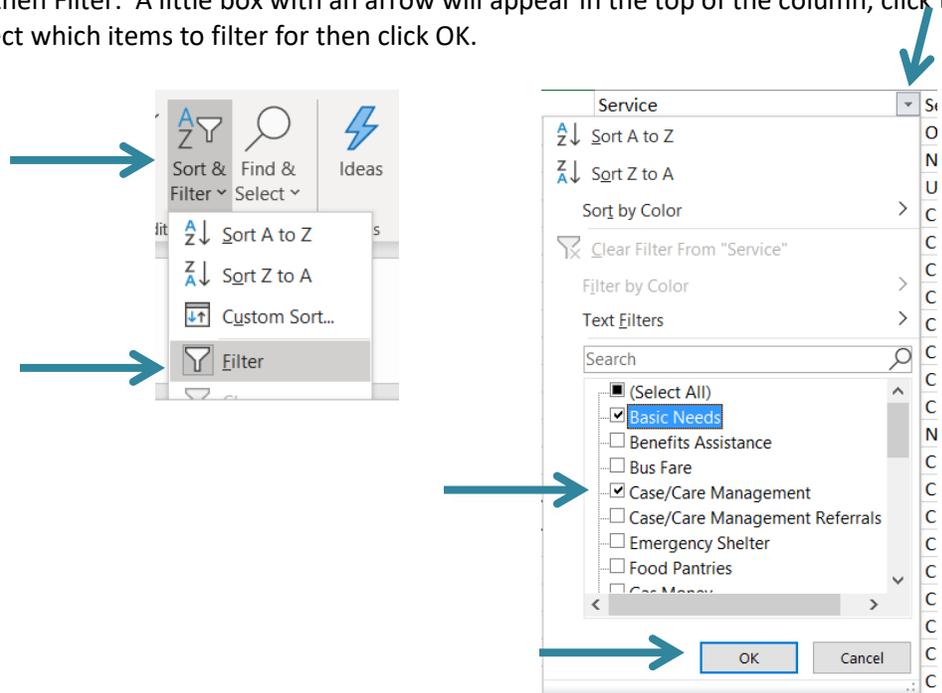

4. Every person/household that received a direct service from the SSO grantee should have a service entered in HMIS including all full Prevention and Diversion Screens and all VI-SPDAT assessments.
5. Select the Need Date column and sort in the same way to check to make sure that dates you know direct services were provided to clients (outreach event etc) have services recorded for. Update HMIS if the dates are incorrect.

A	B
Need Date	Name
7/29/2019	(1) Nelson, Tuesday
7/29/2019	(1) Nelson, Tuesday
8/8/2019	(1) Nelson, Tuesday
9/4/2019	(104) Garner, Monday
8/6/2019	(108) Diaz, Kyle
8/6/2019	(109) Bear, Smokey The
8/6/2019	(109) Bear, Smokey The

- Select the Service column and sort in the same way to review the types of services codes used. This should accurately reflect activities and service codes that were used/billed. Make sure Prevention and Diversion activity specific codes were not entered into the CE Project.

E	F
Referred To	Service
	Case/Care Management

- Filter columns as needed for data review. Select the columns that should be filtered, click Sort and Filter then Filter. A little box with an arrow will appear in the top of the column, click that box to select which items to filter for then click OK.

## 0640 – HUD Data Quality Report Framework

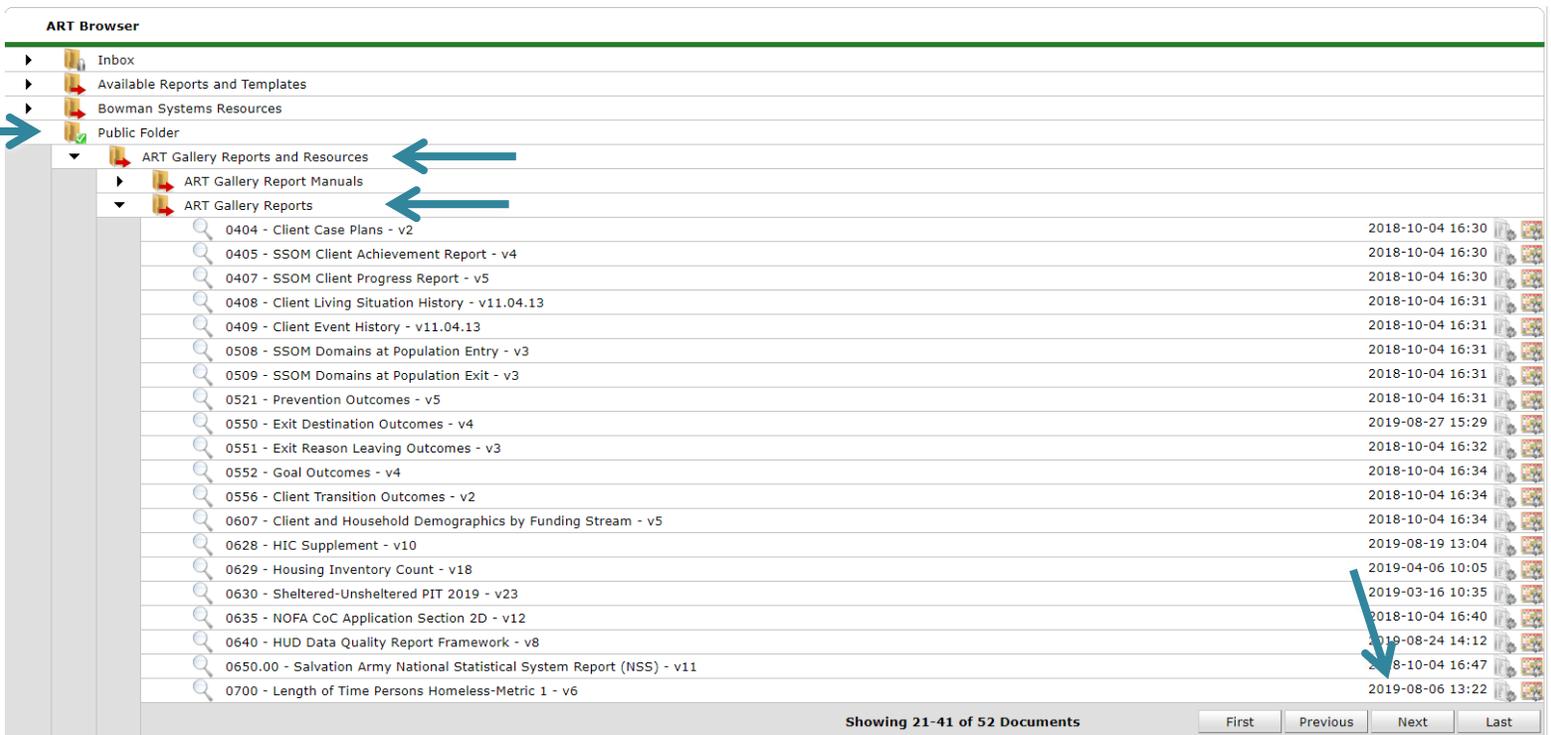

The 0640 – HUD Data Quality Report Framework is an ART report that can provide some data quality information as well as other project information. The 0640 report pulls some of the same data quality elements as the APR but since it's an ART report it pulls differently than the APR and can be pulled for multiple projects at once with better data visibility results.

## Running the 0640 report:

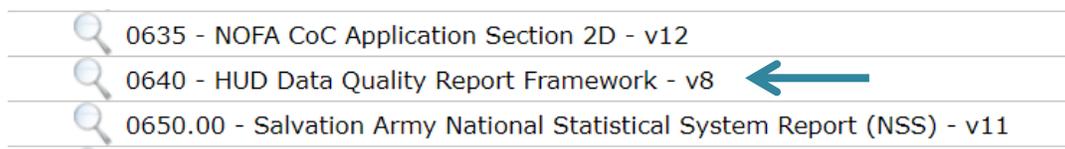

1. As with all ART reports you need to connect to ART to run report. Click Connect to ART in the upper right corner under EDA and Back Date.

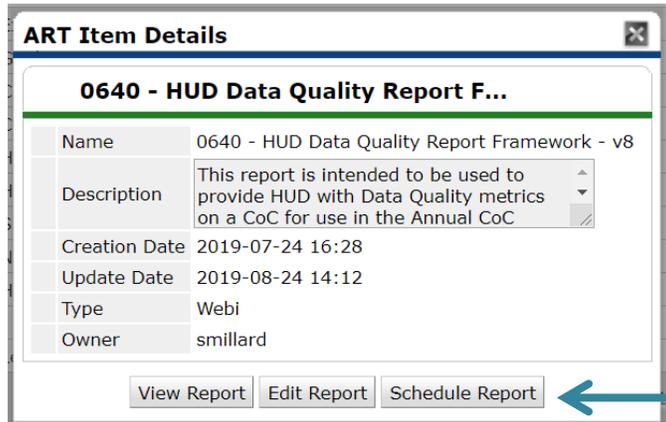

2. Navigate to the 0640 report by clicking the black triangle next to the Public Folder, then the black triangle next to ART Gallery Reports and Resources, then the black triangle next to ART Gallery Reports and then hit the Next button until you get to the 0640 report.

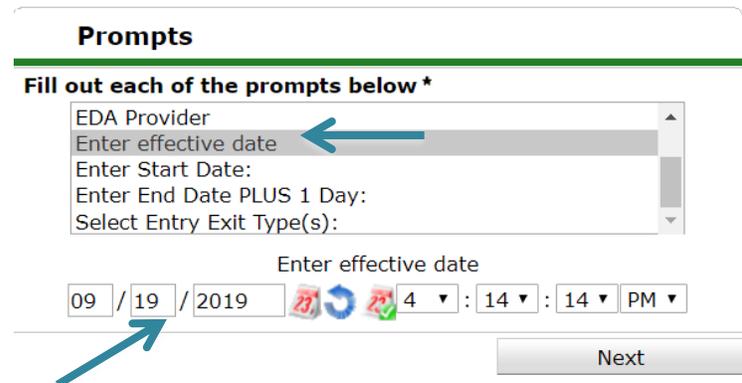

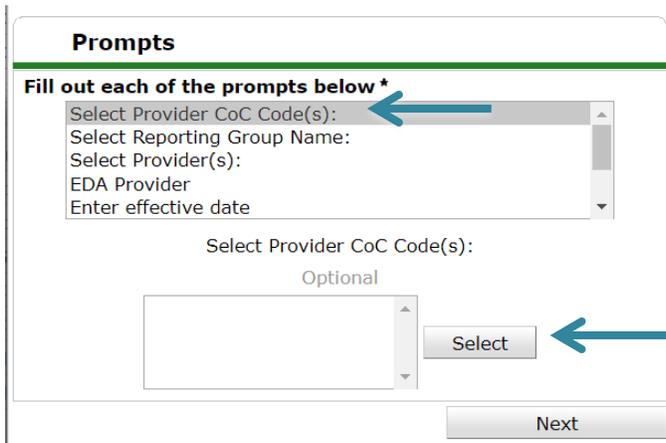

3. Click the magnifying glass next to the 0640 – HUD Data Quality Report Framework. Versions may change but the most updated version should be in the WellSky gallery.

4. Click Schedule Report

5. A prompts box will pop up. Complete each of the prompts by clicking on the prompt and hitting Select or completing the date fields. Do NOT hit the Next button until you have completed ALL of the required prompts.

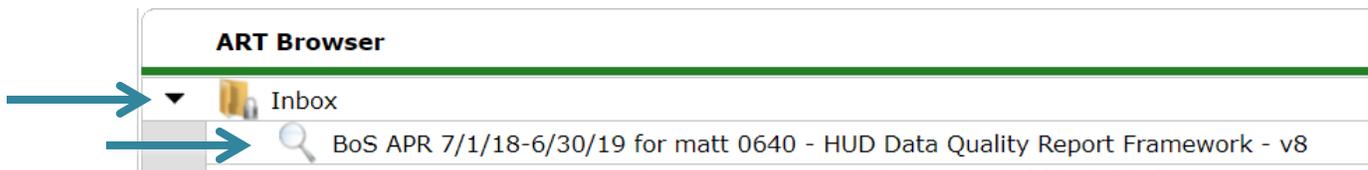

- Select Provider CoC Code:** Keep blank.
- Select Reporting Group Name:** Search and select reporting group if running by reporting group.
- Select Provider(s):** Search and select providers if running by providers.
- EDA Provider:** Search and select the correct provider.
- Enter effective date:** Same as your end date plus one, often the same date that you are running the report.
- Enter Start Date:** Enter the earliest date that you want the report to pull.
- Enter End Date Plus 1 Day:** Same as your Effective Date, often the same date that you are running the report.
- Select Entry Exit Type(s):** Keep it as HUD and VA.

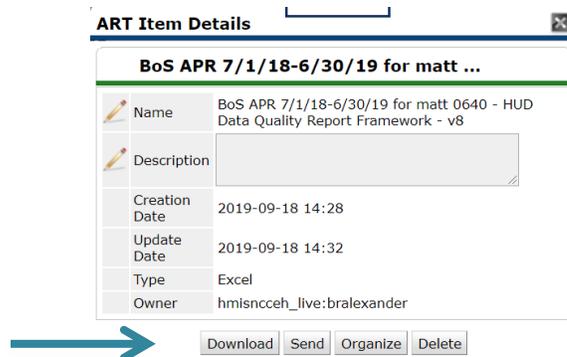

- After all prompts are completed click Next. The schedule report box will pop up.

- Name:** Enter a name that will distinguish it from other reports that are the same type.
- Report Format:** Select Excel.
- Users Inbox:** Who's ART inbox should this report go to? Skip this step if inapplicable.
- Interval:** Select Once.
- Start Date:** When should the report start running? This is NOT the same as reporting dates.
- End Date:** When should the report stop running? This is NOT the same as reporting dates most often it's the same day as the start date. Change the end date time to one hour later than the start date time to give the report time to run.

- Click Send.
- The completed report will appear in your ART Inbox near the top of the screen. Click the magnifying glass next to the report name you want to view.

- Click Download and then open the report that is downloaded.

Reviewing the 0640 HUD Data Quality Framework report for data quality checks:

1. Go to Tab A which contains a high-level summary of the data contained throughout the report. Each table in Tab A corresponds to a specific detail tab in the report with more information.

The screenshot shows a report interface with a summary table and navigation tabs. The table has columns for 'Name (e.g.)', 'Q1', 'Q2', 'Q3', and 'Percentage'. The row for 'Social Security Number (3.2)' shows values 194, 214, 244, and 9.54% respectively. Below the table are four tabs: 'Tab A - Summary', 'Tab B - Detail Q1', 'Tab C - Detail Q2 Q6', and 'Tab D - Detail Q3 Q4'. 'Tab A - Summary' is the active tab.

Name (e.g.)	Q1	Q2	Q3	Percentage
Social Security Number (3.2)	194	214	244	9.54%
...	...	...	...	...

Q1. Report Validation Table	
Elements	Client Count
Total Number of Persons Served	6833
Number of Adults (age 18 or over)	4797
Number of Children (under age 18)	1971
Number of Persons with Unknown Age	65
Number of Leavers	1772
Number of Adult Leavers	1464
Number of Adult and Head of Household Leavers	1465
Number of Stayers	5061
Number of Adult Stayers	3333
Number of Veterans	519
Number of Chronically Homeless Persons	588
Number of Youth Under Age 25	372
Number of Parenting Youth Under Age 25 with Children	50
Number of Adult Heads of Household	4133
Number of Child and Unknown-Age Heads of Household	20
Heads of Household and Adult Stayers in the Project More Than 365 Days	1271

2. Does the Total Number of Persons Served looks correct?
3. What is the total for Number of Persons with Unknown Age? These people/households are missing a Date of Birth in their HMIS record.
4. What is the total Number of Child and Unknown-Age Heads of Household? These are either children in households without an adult or households where at least one person has a missing or inaccurate Head of Household status. It could also mean at least one person is missing a Date of Birth.

5. **What is the % of Error Rate for Personally Identifiable Information?** Click on the correct report tab to find out which person/household has Information Missing or Data Issues.

<b>Q2. Personally Identifiable Information (PII)</b>				
<b>Data Element</b>	<b>Client Doesn't Know / Refused</b>	<b>Information Missing</b>	<b>Data Issues</b>	<b>% of Error Rate</b>
Name (3.1)	0	0	140	2.05%
Social Security Number (3.2)	194	214	244	9.54%
Date of Birth (3.3)	9	121	10	2.05%
Race (3.4)	58	134		2.81%
Ethnicity (3.5)	48	140		2.75%
Gender (3.6)	1	80		1.19%
Overall Score				13.16%

6. **What is the % of Error Rate for Universal Data Elements?** Click on the correct report tab to find out which person/household is identified in Error Count.

<b>Q3. Universal Data Elements</b>		
<b>Data Element</b>	<b>Error Count</b>	<b>% of Error Rate</b>
Veteran Status (3.7)	192	4.00%
Project Entry Date (3.10)	223	3.26%
Relationship to Head of Household (3.15)	737	10.79%
Client Location (3.16)	397	9.56%
Disabling Condition (3.8)	751	10.99%

7. **What is the % of Error Rate for Income and Housing Data Quality?** Click on the correct report tab to find out which person/household is identified in Error Count.

<b>Q4. Income and Housing Data Quality</b>		
<b>Data Element</b>	<b>Error Count</b>	<b>% of Error Rate</b>
Destination (3.12)	478	26.98%
Income and Sources (4.2) at Entry	630	13.08%
Income and Sources (4.2) at Annual Assessment	1079	84.89%
Income and Sources (4.2) at Exit	95	6.48%

8. Click on the appropriate tab that is the Detail tab for the Question you want to make corrections for.
9. Search for the appropriate error flag and client ID that the error is flagging for then data can be corrected in client profile or entry in HMIS.

Name	SSN DQ	DOB DQ	Race DQ	Eth DQ	Gender	Entry Days	Exit Days

## Section: Data Entry Summary Grid

Place for data entry	What it tracks	When to do it
Coordinated Entry Project Entry	All literally homeless clients in the community that need housing.	After opportunity to self-resolve (14+ days) and/or assessed for vulnerability (VI-SPDAT)
Coordinated Entry Form	People/household status throughout coordinated entry process and dates of key events.	<ol style="list-style-type: none"> <li>1. At CE project start to get the form started</li> <li>2. After the client/household is case conferenced.</li> <li>3. After the client/household is referred to a housing provider.</li> <li>4. After the client/household is housed.</li> <li>5. After the client/household should be removed from the active by name list.</li> <li>6. Any other time it is helpful for the SSO grantee to update a field.</li> </ol>

Interim Assessment	Changes in information for people/households.	When a change in situation or information occurs.
Coordinated Entry Project Exit	Where people went and that they are no longer in the coordinated entry process.	<ol style="list-style-type: none"> <li>1. After a someone has been housed for 90+ days</li> <li>2. If someone disappears for a community specified amount of time</li> <li>3. If that person enters an institution for a long period of time</li> <li>4. If that person dies</li> </ol>
Service transactions	Direct services provided by the SSO grantee to people/households	When providing any SSO grant approved service to a specific person/household
Prevention and Diversion Project limited Entry	Prevention and Diversion screens	On all people/households that are eligible for Prevention and Diversion services.
Prevention and Diversion Project full Entry	Full information on clients served with prevention and diversion services.	On only people/households that prevention and diversion support ie diversion assistance, self-resolution and shelter planning
Prevention and Diversion Project Exit	Where people went and what their status is after receiving prevention and diversion services.	After prevention and diversion is completed (usually same day as start)

## Section: Reporting Summary Grid

Type of report	What it tells you	How to use it	When you pull it
By Name List Report	Everyone literally homeless in the community, basic information, CE information on them and current provider information.	Use for case conferencing meeting, to determine who needs entries and exits for the CE project and where people are at in the community.	At least every two weeks
Referrals Dashlet	Incoming and outgoing referrals	To do entries into CE project and keep track of referrals to housing providers	Whenever doing entries into the CE project

Service Transactions	All services provided by the CE project or P&D project	Track services for billing and reimbursement	At least with each reimbursement request
APR	Overall project statistics and information	For data quality checks, flow information and for reporting to the CoC and HUD	At least quarterly
0640	Overall project statistics and information	For data quality checks, flow information	At least quarterly
