Find Your Reports

Good News - You don't have to run the reports this year. We will!

The reports for each of your projects will run in the AA's ART Inbox and you'll receive an announcement email.

- HelpDesk tickets will help us track your progress.
- If your agency wants the reports to be run elsewhere, please tell us know.

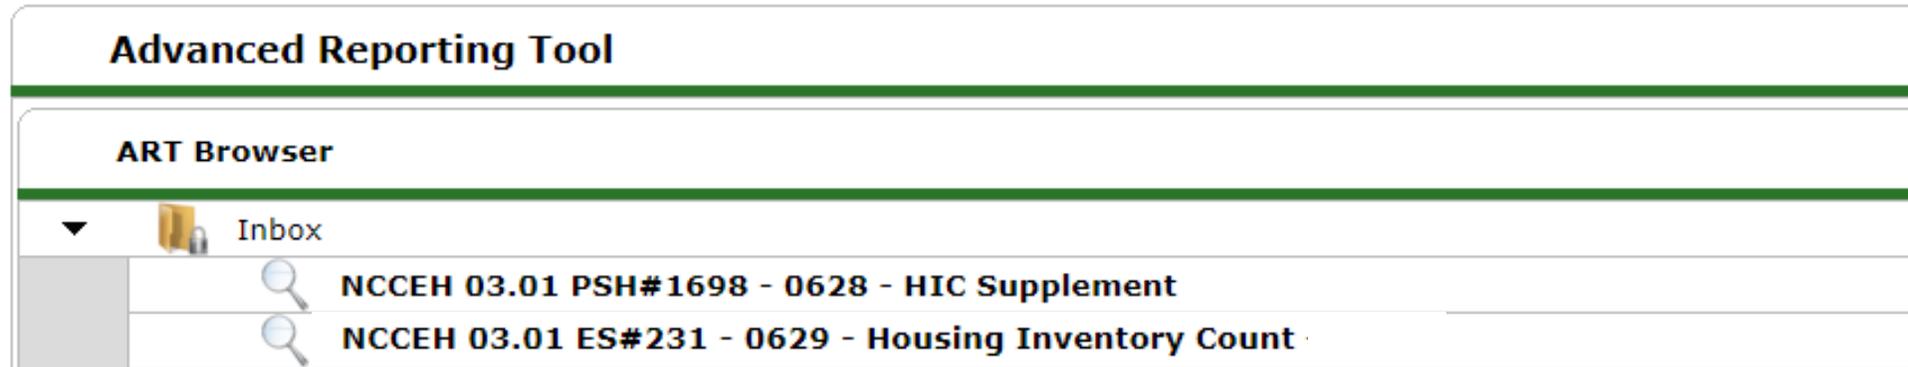

Screenshot guidance on how to find, read, and review your HMIS Reports is available now!

- [Point-in-Time Reports](#)

Review Your Reports

Look for reports labeled with NCCEH, the run date, the project type, and the project number:

The screenshot shows a web interface titled "Advanced Reporting Tool" with a sub-section "ART Browser". Under "Inbox", there are two report entries, each with a magnifying glass icon:

Report Title
NCCEH 03.01 PSH#1698 - 0628 - HIC Supplement
NCCEH 03.01 ES#231 - 0629 - Housing Inventory Count

Review Your Reports

How do you know if your data is accurate?

Check for the correct entries and exits
- households

Check for missing details about client
- Demographics
- Disabling Conditions
- Chronic Homelessness questions
- Client Location

Check for children alone

Review Your Reports

If the inventory isn't correct, what do you do?

Contact the Data Center! We'll make the changes in HMIS:

- When did the change occur?
- What is the new total number of beds and units
- Are they dedicated to one type of household? How are they divided between HUD's household types?
- Are they dedicated to Veterans, Youth, or Chronically Homeless clients?

Submit Your Reports

Once your reports are accurate, formally submit them to the Data Center as final confirmation

- Submit one form per HMIS project
- Contact person should be an HMIS User with whom the Data Center can follow-up
- Attach both reports as File Attachments

**Links to be sent out once reports are ready*

By Name List Report in ART

Under Construction

CE events should pull into the BNL report in ART. However, they are not pulling consistently. NCCEH is working with WellSky to resolve the ART issue asap.

For now, the report works to pull in clients, their Most Recent Provider, Current Living Situation, CE exit date, and CE Destination.

How Can We Help

SPMs Corrections: Overlaps

System Performance Measures compare projects across agencies, show potential issues at a community level.

Overlaps occur when a client is recorded as sleeping in two places at once.

- Multiple homeless projects (ES or TH) at the same time
- A homeless and a permanent housing project with a move-in date at the same time

SPMs corrections identify if your project needs to confirm or correct the start date, exit date, or move-in date depending on the context.

SPMs Corrections: Overlaps

Overlapping start dates

- Among different projects
- Conflicting data about where a client slept

Entry / Exit					
	Program	Type		Entry Date	Exit Date
	Wisteria Way Housing- Lee County -TH (5551)	HUD		08/04/2017	 08/07/2017
	Heading Home Housing - Rowan County - Emergency Shelter - State ESG (7124)	HUD		08/01/2017	 08/06/2017

SPMs Corrections: Interim Updates and Annuals

Avoid Pitfalls in Interim Updates and Annuals

Avoid Pitfalls in Interim Updates and Annuals

- Corrections can't go backwards in time.
- Make sure the data upstream is correct first!

SPMs Corrections: Interim Updates and Annuals

Interim Update Tips

- Project Start Date cannot equal an Interim Update Date
- For previous income amount, make sure there's only one response per source of income on any given day during enrollment.

Interim Annual Assessments Tips

- Annuals are required for *all clients in all project types* every year.
- Household members fall under Head of Household's anniversary date.

Don't forget NC County of Service!

What

The County in which a client receives your project's services

Collection Notes

The location of shelter, housing or supportive services indicates the County of Service at any given time

County of Service refers to the county in which the client is receiving services (only answer if instructed to by your System Administrator)

Hotel and Motel stays

When to select Living Situation under Homeless vs Temporary?

Determined by who pays for the room that night. Is it:

- Paid for by the client with income, a gift, or other private source?
- Paid for by a shelter, non-profit, or other charitable org?

What is a shelter voucher?

- Another way to say paid for by a shelter or non-profit
- Not required to be a printed certificate

Hotel and Motel stays

When to select Living Situation under Homeless vs Temporary?

If a client responds that they slept in a hotel/motel, ask a follow-up question:

- “to help me get documents together for programs in the future, can you tell me who paid for the room that night?”
- For SO, ES, and TH projects, make sure the client knows their answer doesn’t impact their current services.
