CoC consolidated application has 3 parts

2. **Project applications**: individual applications from agencies for new and renewal projects
3. **Project priority listing**: ranked list of project applications, recommended by PRC and approved by Steering Committee
NC BoS CoC funding amounts have not been released

Final funding amounts have not been released by HUD

- Annual Renewal Demand
- Bonus Funding: 6% of Final Pro Rata Need
- DV Bonus: 10% of Preliminary Pro Rata Need
- Planning

Funding will be tiered again in this competition:

- Tier 1: 96% of ARD
- Tier 2: 4% of ARD plus Bonus and DV Bonus
New projects can be created using bonus or reallocated funding

- NC BoS CoC can apply for new projects using bonus funding and/or reallocated funding:
  - PH-PSH projects dedicated to CH households
  - PH-RRH projects that will serve homeless individuals and families, including unaccompanied youth
  - TH-RRH projects (not allowed by NC BoS CoC in FY18)
  - SSO-CE projects (only allowable as CoC-wide)

- The PRC may choose to reallocate funds from low-performing/low-spending renewals to create new projects.
HUD has some new things in this year’s NOFA

• Transition grants: Project applicants can transition their project(s) from one component to another
• Consolidated projects: Agencies can consolidate 2-4 eligible project renewals into one during the process
• Domestic violence bonus: CoC can create up to one each of the following project types specifically targeting survivors of DV:

  • SSO-CE

- Scorecard committee reviewed and made changes to the NC BoS CoC’s CoC competition scorecard
New project scorecard changes

- Targeting to Prioritized subpopulations:
  - Clarified Q2.4: can the project quickly move households into housing?

- Service Needs:
  - Clarified Q3.1: meeting the service needs of households and ensuring they will find and maintain permanent housing.
New project scorecard changes

• Split Access to Mainstream Benefits into two questions, Q3.3 & Q3.4

• Project performance:
  • All applicants, regardless of funding source that can run an APR on their project will be scored with it, Q5.1-Q5.8.
New project scorecard changes

- HMIS/Comparable Database
  - Q5.9: Added option for DV service providers (who cannot enter into HMIS) to receive points for reporting all beds to the HIC.
  - Q5.10: Added threshold requirement for DV service providers to use a comparable database.
New project scorecard changes

• Changed ESG participation from standard to points
• Added clarification to coordinated entry questions:
  • Q6.4: Threshold requirement for applicant to take all referrals directly from CE wait list
  • Q6.6: Clarified how agencies should participate in CE
• Added CE question: applicants describe how they take referrals from CE
Changes to Key Elements of PSH/RRH Benchmarks (both new and renewal)

- Changed from thresholds to standards
- Added place for reviewer notes in Key Elements of PSH/RRH benchmarks from thresholds to standards
- Added additional explanation: Q2.14i, Q2.15b2, Q2.15c2
Changes to renewal scorecard

- Increased points and added more requirements to Move-On Program question
- Clarified CE requirement to fill all open slots directly from CE wait list
DV-RRH bonus funding

- Each CoC may apply for up to 10% of its pro-rata need for projects that exclusively serve survivors of domestic violence.
- CoCs may put forward only one application per component type: PH-RRH, TH-RRH, SSO-CE for the bonus funding.
- CoCs are required to rank DV-RRH projects, but successful DV-RRH bonus projects will be funded outside the regular CoC funding.
DV-RRH bonus funding

- Multiple DV service providers, the Housing Finance Agency, and NCCADV have all put in intents to apply.
  - Of these, only 1 agency has operated RRH before, which is currently a threshold on the new project scorecard.

Suggestion: waive this threshold requirement only for DV bonus.

CoC Competition Appeals Policy

- Appeals must present additional information or explain extenuating circumstances that directly address the deficiencies in the project application.
- PRC will meet to consider any appeals.
- Steering Committee will re-consider the project priority listing IF any appeals are successful.

- The process should be:
  - Competitive
  - Transparent and avoid conflict of interest
  - Promote funding to the highest quality projects

- Funding priorities should assist communities to design their process and make good decisions.
Form a Funding Process Committee

- Include people on Funding Process Committee that are conflict-free, can make difficult decisions, and understand the region.

- ESG Funding Lead and Funding Committee members should be familiar with the tenets of Housing First and NC BoS CoC Written Standards.

- The FPS also created a worksheet to help each LPA set local priorities.

Both documents were posted for review at www.ncceh.org/bos/esg/

No feedback was submitted.
Approval of ESG Funding Priorities and Worksheet

Update on Infinite Possibilities’ appeal

- Steering Committee members reviewed information submitted by Infinite Possibilities to appeal the state ESG office’s decision to pay back funding and rescind FY18 grant.
- A majority of members voted to waive the Steering Committee’s right of involvement, believing this to be a contract issue.
- Staff sent decision to Infinite Possibilities and the state ESG office on June 21.
ESG appeal for Central Piedmont Community Action

- CPCA asked by the NC ESG Office to submit a corrective action plan due to low spending during FY18 Q1
  - CPCA submitted two corrective action plans to the state ESG office.
  - ESG office terminated CPCA’s grant effective June 21 because the “response did not provide an indication of a plan that provides assurances that [the] organization will be able to fulfill [its] contractual obligations.”

- CPCA would like to appeal the decision and has asked the NC BoS CoC to consider its support
ESG appeal for Central Piedmont Community Action

- Members were sent:
  - Copies of the corrective action plans submitted
  - CPCA’s ESG appeal letter
  - The state ESG office official notification letter

- Members need to choose an option:
  1. Evidence exists to support the appeal
  2. No evidence exists to support the appeal
  3. The NC BoS CoC believes this is a contractual issue and waives its right of involvement

Entries, Exits, and Null Data Impact

Entries/Exits
- Date accuracy
- Project type (only for ES and TH are included)

Inaccurate Responses
ES and TH entries need clients in beds. Are there practices that prevent accurate Entry or Exit dates?

What else?
Are there other reasons this may have increased?

Remember: Missing data is ALWAYS better than inaccurate data
